Carl's Building Center advertisement featuring a 'Greetings' illustration and text: 'To all our patrons and friends... May your New Year be as wonderful as you are! Carl's Building Center'.

How to turn \$1,000 into \$1,450.

All you have to do is invest a minimum of \$1,000 in the First Investment Certificate at First National Bank of Oregon. And after six years at 7 1/2% annual interest, you'll have earned \$450 on your original \$1,000 investment.

Invest \$10,000, earn \$4,500 in six years. First Investment Certificates can be purchased for \$1,000 on up to \$100,000 - at a guaranteed 7 1/2% annually for six years. The interest on your First Investment Certificate will be sent to you quarterly. Or we can deposit it automatically into any First National checking or regular savings account.

Whatever's easiest for you. With a minimum \$4,000 Certificate, we can even send your interest to you monthly. Federal law does require a substantial interest penalty for earlier withdrawals. But if for some reason you need cash, your First Investment Certificate is excellent collateral for a loan at a rate only 2% higher than the rate on your certificate.

Of course, you can invest less money for shorter periods of time, if you wish. We have many other plans that can also earn you some very interesting interest. The sooner you invest your \$1,000 in a First Investment Certificate, the sooner it will start making you that \$450. So stop by the First National branch in your neighborhood today, and ask about First Investment Certificates.

Extending best wishes for the New Year to those we like so much! Thank you all.
