

Nyssa Science Club To Hold Symposium

DAVID MITCHELL is shown examining his geranium plant for the movement of radioisotopes in the xylem and phloem of the plant.

PAT JOYCE is working on her procedure for determining arsenic concentrations in water.

RANDY SAVAGE is examining his photographs taken by high voltage Kirlian Photography.

LORI MINER is studying the effects of a diet pill on developing embryos.

Nyssa High School Science Club will hold its fourth annual Science Symposium on Thursday and Friday, February 19-20 in the Multipurpose room at the Primary building. The program will run from 9:30 a.m. to 3 p.m. each day and will include student presentations and guest presentations. The public is cordially invited to attend any and all sessions.

Guest speakers this year will be Lauren Wright on Thursday at 10 a.m. who will demonstrate and exhibit taxonomy. At 1 p.m., Thursday, Dr. Max Pazecik from Boise State University will talk about the archeology of the Hell's Canyon Area. On Friday at 10 a.m., a representative from the Mathematics Department at the College of Idaho will make a presentation. Wallace Johnson from Treasure Valley Community College will talk about recent discoveries in astronomy on Friday at 1 p.m. During both days, students will present their projects.

Student participants include Jim Wilson, Bill Tensen, Kelly Garner, Kirt Michael, Eric Stunz, Wayne Lattin, Paul Fife, Cyndi Morrison, Lori Lane, Michelle Sadamori, Sally Looney, Shelly Myrick, Troy Calhoun, Brian Piercy, Pat Joyce, Lori Miner, Vong Toan, Bill Patterson, Larry Wood, Randy Savage, David Mitchell, Larry Hancey, Judy Mechem, and Alan Peterson.

Prize money for the symposium is being donated by the Amalgamated Sugar Company of Nyssa. Science Club advisors, Miss Mary Omberg and Gary Thompson wish to thank all those in the community that have been so helpful in making the symposium and the projects possible, and a special thanks to The Amalgamated Sugar Company for their financial support.
