Ministerial Association Meals-On-Wheels

The Nyssa Ministerial Association met at the Episcopal Church, last Tuesday morning, spending the majority of its time discussing the Nyssa Meals-On-Wheels program. Pastors attending were, Mike Bashor, of Assembly of God Church; Letitia Croom of the Episcopal Church; Jim Monroe of the United Methodist Church; Bill Russell of the Church of the Nazarene; and Walt Schmidt, of the Lutheran Church.

There was much enthusiasm over the early success of the program, with the feeling that those who needed the hot lunches were receiving them. It was noted, however, that there were still many in the city of Nyssa who could use the meals, but were unaware of its availability. Any pastors who are knowledgeable of someone in need of a daily hot meal should contact Sue Kaatz at 889-7651.

July will be picked up by the United Methodists, with September deliveries in the hands of the Episcopal membership. It is hoped that the other churches in town will each take a month to deliver the hot meals.

The next meeting of the Association will be July 20 at the United Methodist Church at 7:30 a.m. All pastors in the area are encouraged to attend and help make The Meals-on-Wheels program an even greater success.

Resolution passed by Malheur County's Juvenile Advisory Council on April 26, 1976

WE, THE MEMBERS OF THE Juvenile Advisory Council of Malheur County, Oregon, hereby publicly state that our observations of the manner Judge Jeff D. Dorroh has handled the Juvenile Court, include the following:

1. The procedure used by his Court and the Juvenile Department have been effective in helping juveniles correct their mistakes, avoid repeat violations and become responsible adults.

2. Juvenile Department counselors handle traffic matters and assure that repeat offenders are given individual help to reduce the probability of more serious offenses. A blanket remand of these matters to the Justice Courts would not be in the best interest of juveniles.

3. Judge Dorroh has been very careful with the use of public funds. For example, the Council, under his guidance, has negotiated salaries for Juvenile Court personnel at levels below or equal to those authorized by the Malheur County Budget Committee.

4. The use of foster homes has been carefully planned to obtain the best results for juveniles at the lowest cost to the county.

5. Malheur County is fortunate to have a Juvenile Court Judge who has the experience to deal with the problems of our youth. He handles their matters with compassion and with a sincere attempt to instill in juveniles a respect for the fairness of law and our court processes. In doing so he demands high standards of Juvenile Department personnel, the police, attorneys, witnesses and all those who appear in juvenile matters so that his decisions can be based on the truth and in accordance with the law.

NOW, THEREFORE, BE IT RESOLVED That the Malheur County Juvenile Advisory Council hereby expresses its full confidence in Judge Dorroh and the excellent manner in which he is performing as presiding Judge of the Juvenile Court.
