### Sherrie Price Graduates

By Goldie Roberts

Another class has graduated from the Adrian High School and included Sherrie Price. This brings something to my mind that I think should have special mention.

All eight children of Mr. and Mrs. Ira Price Sr. of Sunset Valley have graduated from Adrian. Also three daughters-in-law and one son-in-law. Sherrie was the fourth grandchild to graduate and they also have an Adrian graduate as a granddaughter-in-law.

As Adrian isn't a very old school, it seems even more remarkable to me. This makes a total of 17 in their family Adrian Alumni and I believe the Prices have a special reason to be proud.

This may not be a record but I felt it worth special mentioning.

**SUNSET VALLEY** - Mrs. Kenneth Lorensen, the news correspondent for the Sunset Valley area has been ill and recently spent a week in Holy Rosary Hospital in Ontario. She is now home and feeling better and hopefully plans to be back on the job as reporter next week.

Houseguests last week in the Lorensen home were Mr. and Mrs. Don Parker from San Jose, Calif.; Mr. and Mrs. Walter Eklund from Wapato, Wash.; and Mrs. Maude Cooper from Vale who was a weekend guest. They all attended graduation ceremonies for Harriet Lorensen at the Adrian High School Sunday evening.

### Adrian Couple Rescues Robins

Mr. and Mrs. Walter Bourdlaies of Adrian recently found the one thousand and one use for masking tape. A Mama Robin built her nest in the couple's lilac bush and later hatched out four baby birds. During a recent windstorm the Bourdlaies were eating dinner and noticed the wind had blown the nest from the bush.

One of the babies fell into the irrigation ditch which runs by the lilac bush and drowned. Mr. and Mrs. Bourdlaies rescued the other three. They tried putting the nest back where it belonged but to no avail - it simply would not stay.

Being resourceful, Mr. Bourdlaies fetched out the masking tape and hurriedly taped the nest back into its original place with lots of re-enforcement. About this time Mama Robin returned with a beak full of food for her babies and looked very

questionably at her offspring. They are now about ready to leave their nest, which remained intact, thanks to the kind consideration of their landlords and a roll of masking tape.

#### Attends IGS Meet

Ellen Jones returned Monday from Portland, after attending a State Chapter meeting of International Graphoanalysis Society. Members from Washington and Vancouver B.C. joined Oregon members to hear Dorothy St. John Jackson from Southern California. Her seminar included samples of the handwriting of troubled children. Specimens were shown on the screen as she explained the fears troubling the child and the defenses used to try to combat the feelings of not being accepted by peers or parents.
