

## Out Of The Past

### 10 YEARS AGO

City Manager Fred O. Koch reported this week that Nyssa residents are using 450 gallons of water per minute throughout the night. He stated that there is ample water for all; however, he feels that much of his being drawn may be wasted through leaking faucets and other ways.

Royce Zobell, former NHS student, was selected by the American Field Service to participate in the American Abroad program which allows him to attend school in a foreign country.

### 20 YEARS AGO

Approval last week of a long-pending expansion program for the Nyssa Union Pacific trackage will make this the largest industrial railroad yard between Pocatello and Huntington. Tom Jones, local U.P. agent announced. The amount of track is exceeded only by Nampa and Huntington division terminal, where a major portion is used for company work.

### 30 YEARS AGO

With the exception of merchandise shortages and a small amount of rationing, Nyssa's last reminder of World War II disappeared this week with the exodus of the German prisoners of war and American soldiers from the Nyssa labor camp. The 513 German prisoners of war and their guards left Sunday night for New York City where they will board a ship bound for Germany.

### 40 YEARS AGO

The Nyssa Pharmacy has installed a new fountain and put it in operation for the first time Saturday. The working parts back of the counter is the new part, the present marble counter being utilized by moving it back a little. The new fountain construction has a total capacity of 120 gallons of ice cream, frozen bars, bottled goods and ice.

A new blacksmith went to work in the Larsen-Towne shop Thursday morning, a Mr. Snodgrass of Burley, Idaho.

## Sage of Nu Acres

By Lyn Dohner

Fellow on TV this morning said they ought to pass a law outlawing Monday, banish it from the earth. Disagree. Love Monday. Beginning of a whole new week of summertime.

Saturday went with Nuby Hartman to McCall and Cascade Lakes. Saw the Bob Minshalls (Boise) at Cascade. Bob said the only trouble with staying up there is the shortness of the season. Like, we could use a hundred Mondays, all of them in June.

Looked for Si Lett at Indian Valley but he was off at Sweet or Ola helping someone build a cabin. When you are a good carpenter as Si, you have a bit of trouble retiring. Even leaving Nu Acres for Indian Valley doesn't do it. Folks find you there, too, if they're lucky.

For those who wondered why Anderson's Corner store, coffee shop and gas station closed for a week early this month, seems that Mr. and Mrs. Carroll Shodeen took a trip to Lyons, Nebraska, for the 25th reunion of their High School graduation class. Since most of their relatives live in that vicinity, they also were in on a grand family reunion.

Mr. and Mrs. Cecil Evans went to New Meadows for a retreat of Lay Witness Members over the weekend, at Camp Stover. Emphasis of the camp was on the charismatic experience and the work of the Holy Spirit in the Church of today. The Rev. Jack Becker of Interfaith Christian Life Fellowship in Ontario, was the teaching minister.

Mr. and Mrs. Benny Benson and family took a two-week vacation trip to California, visiting friends and relatives in Red Bluff

and Westfall area in California. Friends and neighbors here extend sympathy to Benny, inasmuch as his mother passed away while they were there.

Benny Neilsen, son of Mr. and Mrs. Tom Neilsen, of Aurora, Oregon, signed on as a live-in hired hand for the George Wilsons and plans to work there all summer. Benny, at thirteen, has already learned to milk those big, restless Holsteins.

Saturday, Mrs. Ben Payne visited her mother and brother, Mrs. Stella Newell and Kenny Newell, in Nampa. Mr. and Mrs. Bob Shaw entertained Miss Christine Winters, Mrs. Shaw's niece, from Harper, Oregon last week.

Sunday dinner guests in the home of Mr. and Mrs. Harley Sager were Mr. and Mrs. Dale McDaniel and son Rory, of Parma, and Mr. and Mrs. John Van Zelf and son of Nu Acres.

Gave George a little wood shoeshine box for Father's Day, and he said that if the country slides into a depression, he could use it as a bootblack. Think he suspects that if the Wrong Party gets the White House, we're in for more and more trouble. Good idea to keep the Wrong Party out, if we could just find a Right Party!

Need a president who would cut loose all the federal bureaucracies and start over. Don't know what the figure is now, but my April 1936 Reader's Digest states that 16 percent of all the nation's workers are on the federal payroll; there's been a slight increase in the past thirty years!

### CARD OF THANKS

Bill and I wish to express our appreciation for the flowers from the Nyssa VFW Post and others, cards and letters, he has received. Also the expressions of concern and the many prayers offered in his behalf. May God Bless each of you for helping make his stay in the hospital more pleasant. Bill and Helen Mayden and family

### THANK YOU!

As drum major of the Nyssa High School Band, I would like to thank the citizens of Nyssa for helping each of the band members to have such a wonderful trip to DISNEYLAND. It will be a trip that we will always remember. Thank you, citizens.

Joyce Haney

They missed their man, C.B. Dize, whose true name is said to be Frank Caviness, by a narrow margin, but he is now without his horse or food and has gone into the hills near Huntington.
