

Vale BLM Fares Busy Fire Season

"With the amount of fuel in the district and a dry spring, the possibility of a busy fire season is very real this year," Tom Crane, fire control officer of the Vale District, Bureau of Land Management, said here today.

Crane said the district just completed a very busy weekend when several fires were started by lightning, and three others by man, including the Slocum Gulch fire which burned 960 acres. This fire, the last and largest, was declared out at 10 o'clock Monday evening. All crews and personnel, including six SRV firefighting crews, have been released.

Crane urged everyone to be particularly aware of the fire danger potential and to take special precautions with camp fires, fireworks, burning trash and ditchbanks, and handling fire in any manner. "Anyone found to be the cause of fire on national resource lands is liable for costs of the entire fire," he stated.

The fire at Cherry Creek Friday which burned 25 acres was started by burning debris from the dump site. Another at Brogan Hill was started by fireworks. He also said people are urged to call the fire control office at Vale immediately if they have a fire which has gone out of control, and not wait until it is too late.

Training of some 500 SRV crewmen, exclusive of 80 SRV men sent to the Southwest to fires, was held west of Unity last week, in a two-day session which included putting out an actual fire, working with shovels, pulaskis, making hand line, etc. Intensive training of

BLM fire personnel has been taking place all spring in many facets of fire control, including fire behavior, map reading, use of fire pumps, etc., Crane concluded.

TVCC Trains Nurses Aides

Treasure Valley Community College will offer a 132-hour training program for nurse's aides beginning August 2. Interested parties should contact Earl McCollum, TVCC Associate Dean of Instruction, for application forms. Candidates will be interviewed for the program Tuesday, July 27, at 1 p.m. in room TL-5 of the Tech-Lab Building.

Cost of the course for in-district students will be \$50. Accepted applicants must equip themselves with uniforms, proper shoes and a watch with a second hand. A maximum of ten people will be selected for this certificate program. The instructor will be Jean Joyce.

Newell Heights Items

NEWELL HEIGHTS - Recent guests of Mr. and Mrs. Leonard Schutte were their daughters and families of Missouri, Mr. and Mrs. Bill Martin, Rev and Mrs. Dale Ness and family, Mrs. Dave Hedman of Kodiak, Alaska, Mr. and Mrs. Larry Peeler and sons of Washington, other relatives who were houseguests in the Schutte home were Mr. and Mrs. Edwin Bruns, Ruth, Susan and Carol and Mr. and Mrs. Howard Schutte, Kara, Lynn, and David.

BIRTHS

Malheur Memorial Hospital

June 24 - Mr. and Mrs. Steve Wallace, Nyssa, a boy
June 26 - Mr. and Mrs. John Garrett, Vale, a boy

Holy Rosary Hospital

June 24 - Mr. and Mrs. Kent Stinnett, Payette, a boy
June 27 - Mr. and Mrs. Fred Bilow, Payette, a girl
Mr. and Mrs. Bill Stirn, Ontario, a boy
June 29 - Mr. and Mrs. William R. Musgrove, Vale, boy
Mr. and Mrs. Randy Farley, Fruitland, girl

Students Aid Disaster Fund

The Associated Students of Treasure Valley Community College in one of their final acts before leaving school at the end of spring term, donated \$100 for flood relief assistance to the Teton Dam disaster area.

According to Ron Kulk, Director of Student Activities the money was given through the Fruitland Leos Club in the name of TVCC students in Eastern Idaho. The money will go to buy medical and other relief supplies.

Mrs. Tunis Garner, Ginny and Tony Danielson and Mr. and Mrs. Clint Chamberlain and Donald, Peter and Paula Mae were Sunday dinner guests of Mr. and Mrs. Leon Chamberlain and Jed.

Mr. and Mrs. R. D. McKinley took Mr. and Mrs. Charles Culbertson on a drive Sunday. They went to Halfway, Bend and Cambridge and had dinner in Richmond.

Area Cities Apply 4-H Camp Taking Applications For Planning Grants

118 cities and counties have applied to the Land Conservation and Development Commission (LCDC) for planning extensions and grants to comply with the statewide land use goals (standards) considered by the Commission at its meeting, Friday, June 19. Five jurisdictions applied for supplemental grants to continue their planning efforts.

Should LCDC approve the grants as recommended by its Department they will total nearly \$2.5 million.

Hal Brauner, Director of the Department of Land Conservation and Development, stated that the Department was "recommending approval of each planning extension on compliance schedules worked out with each jurisdiction. In regard to the grants, the Department is recommending for many jurisdictions amounts greater than that originally requested and in most instances the amount requested."

The planning extensions and assistance grants will be used by the cities and counties to bring their comprehensive plans into compliance with the statewide goals (standards) developed by Oregonians and adopted by the Commission in 1974. With the receipt of funds, each local government will be able to accelerate the time when it will fully comply with the goals.

After LCDC approves a planning extension and grant for a city or county, the grant must be approved by the Joint Legislative Committee on Land Use, and by the Legislature's Emergency Board before the monies may be disbursed. The Joint Legislative Committee on

Land Use met in Portland June 22, and the Emergency Board in Salem June 23-25 to consider LCDC's recommendations.

Among the Jurisdictions requesting planning extensions and grants are: Nyssa, \$3,750; Ontario, \$10,900; Vale, \$7,000; Adrian, Jordan Valley and Juntura, \$8,700; and Malheur County, \$23,680

"The best place to find a helping hand is at the end of your arm."

It is not too late to register to attend 4-H camp, July 7-10. Many county young people have pre-registered to attend; however, there is still room for other young people,

ages 9 to 14, who are interested in evening campfires, fishing, hiking, the out-of-doors and having fun, states Carol Knothe, Extension Home Economist.

Although Camp is a 4-H activity it is not necessary to belong to 4-H. The cost of camp is \$30.00 which includes meals, lodging, insurance, materials and transportation. Transportation is by school bus which leaves on Wednesday, July 7, from the Ontario High School at 10:00 a.m. and returns on Saturday, July 10, by 6:00 p.m.

4-H Camp is located just south of Strawberry Mountain in Grant county at the Jackman Youth and Natural

Resource Center at the Lake Creek Camp. The geology of the area includes evidence of both volcanic and glacial activity and the Paiute Indians were early residents of the area. This area is also noted for viewing of elk and deer as well as many other

species of wildlife. Young people interested in attending camp are asked to

contact the Malheur County Extension Office, 889-9192, as soon as possible so that final plans can be completed.

Garner Named as Food Conference Delegate

Former Nyssan Rodger D. Garner, now a doctoral student at Iowa State University in Ames has been named as a delegate to the 1976 World Food Conference now underway there. Economics student, is working with students and delegates from Thailand, just one of the 50 nations which has sent over 600 delegates to Ames.

Earl Heady, a prime mover in the Conference, which is aimed at reducing the problems of feeding the world's people.

Garner, who has been to Thailand, was appointed to help the Thais by Heady. Garner hopes to return to Thailand to work there. The 1975 conference was held in Rome.

He is the son of Mr. and Mrs. Dee J. Garner, Nyssa.
