The swift, cold waters of the Owyhee canal claimed the life of little ten year old Carl Hansen Monday noon when he went in the canal near the Hashitani place. He is the son of Mr. and Mrs. Martin Hansen of Apple Valley, who live on the Dugger place near the old Apple Valley Hotel.

The fatal accident happened about 12:30, when young Hansen who had been shaking vines for a crew of potato pickers, decided to take a dip in the canal, in spite of the fact he could not swim and had been warned by his parents not to go in swimming. However, it is believed he didn't intend to really go swimming but slipped on the steep bank and fell into deep water. He was carried down the swift current and the alarm sounded.

Judge Wm. Doby, Commissioner H.C. Van Duzer and Governor Walter M. Pierce attended. The route which is being advocated would come from San Francisco, by way of Redding and Altunas, California, and on through Burns. The young people of the Methodist Church scored a big success at the lawn party given Monday evening on Mayor Goshert's lawn. The beauty and chivalry of Nyssa and vicinity attended and joined heartily in the merry-making. It was a little different from the ordinary church function, in that it was a purely social affair, and had no financial feature in connections, thus enabling everyone to devote his energies toward having a good time. That they succeeded to a degree that was highly gratifying to the management was highly evident. All kinds of out door sports were indulged in with a joyful abandon that dispelled any tendency toward restraint and created an atmosphere of social good fellowship often lacking at social gatherings. Refreshments of cake and sherbet were served until the multitude were filled.

The young school ma'ams who have been attending the summer normal school at Monmouth the past several weeks are expected home Sunday, and the Nyssa bachelors are beginning to cheer up.
