**1200 FEET OF SEWER LINE** was cleaned of silt earlier this week between the railroad tracks and the Nyssa sewer treatment plant. Shown above is the City of Ontario machine and operator, with Dean Winchester and Steve Marez helping.

This 16" line was three-fourths full of silt. leaving only 4 to 5 inches of freeboard to accommodate the flow of sewage. This machine broke up the settlings by hydraulic jet action, which were then flushed in the Parshall flume and disposed of.

City Manager Henry Schneider said that this work was done through cooperative agreement between the cities of Nyssa and Ontario.
