

Adrian Couple United In Garden Ceremony

Betty Jo Wenke and Howard C. Brown were united in marriage July 23, 1976, in a single ring ceremony conducted by the Rev. Walter Schmidt.

The ceremony took place on the lawn at the home of the bride's parents, Mr. and Mrs. Herb Wenke of Adrian. Howard is the son of Mr. and Mrs. Bob C. Brown, also of Adrian.

The natural fauna provided background for the ceremony along with a wrought-iron kneeling bench entwined with ivy and topped by a bouquet of yellow and white daisies.

The bride wore an empire dress of natural-colored crinkled muslin with a square neck and tiered skirt trimmed with wide floral lace. A picture hat ringed with yellow daisies and a nosegay of yellow and white daisies surrounded by baby's breath completed the outfit.

Becky Brown, sister of the groom, was the maid of honor. She was dressed in a yellow and blue floral print dress trimmed with a yellow ribbon tie, styled similar to the bride's. She also wore a yellow picture hat and carried a nosegay of yellow daisies. Bill Pulliam, Lebanon, Oregon, a friend of the groom's, was the best man.

The groom wore a shirt made of materials from the gowns of the bride and maid of honor. The dresses and shirt were made by the bride. The wedding was attended by the immediate family and was followed by a supper for the guests at the Wenke home. A reception was held on July 25, also at the Wenke home.

The bride is currently a nursing student at TVCC and her husband is taking a year's leave of absence from his studies in Environmental Sciences at Eastern Oregon State College in La Grande.

Don Wilsons Take Dream Vacation

After 27 years of working in the Washington wheat harvest fields, during most of his vacation time, Don L. Wilson decided to lay aside his driving combine job to go on a Canadian tour.

Don, Jan, and Jim first stopped to spend a night at Hermiston, to visit Alan, DeAnne, and Jason Cleaver, their daughter.

They even stopped at Connell, Washington in the midst of their wheat harvest, not to work, but to visit with Mrs. Wilson's brothers.

Their son, Jerry, and his wife Nancy were visited in Spokane. Jerry is taking nurses training in the Deaconess Hospital there.

Enroute to Canada, they viewed Lake Coeur d'Alene, Idaho, camped on the beach of Flathead Lake, Montana, and saw part of Glacier National Park.

Camping with their 23 foot trailer was convenient with the many trailer parks for campers.

They went on the Calgary Tower, which is similar to Seattle's Space Needle, and saw their large 200, Banff, Jasper, and Robson National Parks were magnificent, with many miles of spectacular mountain parks, glaciers, mirror-like lakes, turquoise-blue streams and a variety of wild flowers.

While in Vancouver, the providence of British Columbia, was having a holiday Heritage Day. Consequently, it seemed that everyone was in the parks or on the beach. The museum at the University of B.C. was a tremendous display of arts, industry and culture of the early west. Queen Elizabeth's Garden was gorgeous, with its many roses and other floral beds. It was located on a hill with an impressive view over the city of Vancouver.

Not as much time was spent along the Washington Coast, as it was raining. They camped near Westport, where they ran into Laura Wright while shopping.

The last two nights were spent at Ft. Stevens State Park near Astoria. It was their nicest site, with natural evergreens and blooming shrubs providing beauty and camping privacy.

This had been the fulfillment of a dream of many years. They felt it was a worthwhile trip, traveling over 3,000 miles in two weeks.

Mrs. Dale Witt got a letter this past week from her cousins, Mr. and Mrs. Keith Rundle of Axtell, Kansas. She told of her son Craig, 20 years old, who worked in Garden City, Kansas this summer. He and three other boys drove to Estes Park, Colo. the week before and were caught up in the flash flood. Craig drove his car. They were up above Drake and Glen Hasen about five miles. They walked up farther in the hills and camped, so slept out in the rain. Sunday morning they walked back toward the car and realized the flood situation and found his car in a precarious position, with the tool handyman jack they were able to get it out to firmer ground and drove it another spot where 15 or 20 cars, campers, vans and trailers were parked.
