FRENCH COOKING MADE EASY

CROUTES AU FROMAGE

A sophisticated substitute for cheese and crackers served as hors d'oeuvres, snacks, soup partners or dessert are Croustes au Fromage (pronounced "kroot zoh fro-mazh"). Literally translated as cheese croutons, they are actually wafer-like rounds of cheese pastry filled with additional cheese. This version features the complementary flavors of Cheddar cheese in the pastry rounds with Swiss or Gruyere spread between.

Doing double duty as shortening and spread is rich, flavorful Blue Bonnet Margarine. Tests conducted in a French cooking school comparing Blue Bonnet and butter found no difference in performance or flavor.

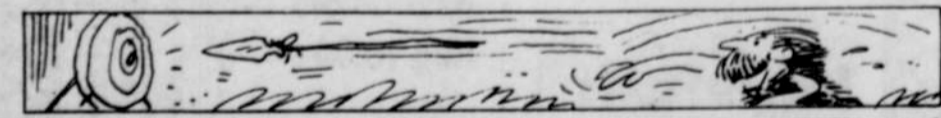

Accompany them with tomato juice for an appetizer or snack, with soup for lunch, or with fresh fruits for dessert.

CROUTES AU FROMAGE

- 1/2 cup (1 stick) Blue Bonnet Margarine
- 2 cups unsifted flour
- 1/4 teaspoon salt
- Generous dash cayenne pepper
- 2 cups grated Cheddar cheese
- 6 tablespoons heavy cream
- 1 egg, beaten
- 1 1/2 cups grated Gruyere or Swiss cheese

- (1) Cut 6 tablespoons margarine into flour, salt and cayenne pepper. Cut in Cheddar cheese.
- (2) Stir in heavy cream until mixture leaves sides of bowl and forms a ball.
- (3) Roll dough out to 1/8-inch thickness. (4) Cut into rounds using 2-inch cookie cutter. Brush with beaten egg and place on ungreased baking sheets. Bake in hot oven (425°F.) about 8 minutes, or until delicately browned.
- (5) Spread mixture on half the rounds. Top with remaining rounds. (6) Bake in hot oven (425°F.) about 2 minutes, or until cheese is melted. Makes 32 appetizers.

Because it can be used for tools and weapons, copper was often more highly prized among early people than gold!

In this age of gloom and doom, especially where interest and commitment to Christianity seems concerned, I thought it would be refreshing for you to know the Church, meaning all churches and synagogues, is not dying, but is growing. In fact, it's going through an exciting re-birth.

In 1970, according to a Gallup survey, only 14% of the American people felt religion was "increasing its influence on American Society." In 1975, however, in response to the same question, 39% of those polled strongly felt the "increase" was happening. Also, in 1975, 56% of Americans stated religious beliefs were very important in their lives. Only 5% felt religion wasn't important at all (there's a mission field!). 44% had a "great deal of confidence in organized religion." And, although many pastors would wonder at this on a Sunday morning, 71% claimed membership in a church or synagogue.

With the recognition that statistics and percentages are just that, i.e. statistics and percentages, let me raise two points. First of all, where do you fit into that poll? One value of any poll is in letting us know where we "fit in" in relation to the masses. If you feel you're a Christian out on a limb by yourself, rest assured the limb is crowded! If you've been out of church circulation for a while, then know that many others have been, also. However, many are re-finding the truth and fulfillment that comes from an active faith. I'm sure you'd find the same truth, if you'd risk trying. Secondly, whether you belong to a "liberal", "conservative", "Bible teaching", "mainstream" or "independent" church, God has been using you and your church to create a great re-birth of His teachings and ways in this nation and world. The gloom and doom is lifting fast!

EVERYBODY LOVES CHILI

No matter what part of the country you live in, a bowl of spicy chili con carne has hearty appetite appeal any day in the year. Louisianians adapted this Southwestern specialty to their own tastes, spicing it generously with Tabasco pepper sauce - made for over 100 years in Avery Island, La. This recipe makes five quarts, enough for 12 servings, so it's the economical dish for informal Saturday night parties.

Lots of good ingredients go into the pot: ground beef, kidney beans, onion, canned tomatoes and tomato paste, plus seasonings. Whether you like your chili hot or mild, Tabasco lets you control the "heat." Measure the specified amount when preparing the recipe, and put the Tabasco bottle on the table so guests may add extra spice to taste.

Ladle the chili into soup plates and serve with salted crackers.

AVERY ISLAND CHILI POT

- 6 tablespoons butter or margarine
- 5 medium onions, sliced
- 3 pounds ground beef
- 2 tablespoons chili powder
- 1 tablespoon salt
- 1 teaspoon paprika
- 3/4 teaspoon Tabasco pepper sauce
- 2 cans (1 pound 12 ounces each) tomatoes
- 1 can (6 ounces) tomato paste
- 3 cans (20 ounces each) kidney beans

Melt butter in a 6- to 8-quart saucepan; add onion and cook until tender but not brown. Add ground beef; sprinkle with chili powder, salt, paprika and Tabasco. Cook meat until brown, breaking up with a fork. Add tomatoes and tomato paste; cover and simmer 45 minutes. Add kidney beans; simmer 15 minutes longer. Yield: 12 servings (5 quarts).

Note: To freeze: Chili may be frozen after cooling to room temperature. To reheat: Let thaw at room temperature about 2 hours before heating.
