

## OUT OF THE PAST

### 10 YEARS AGO

Mrs. Wyatt Smith was honored with an all-day party last Thursday in observance of her retirement from duties as a switchboard operator at Mountain States Telephone Company in Payette.

The 20-year honoree began working for Malheur Home Telephone Company in Nyssa during February 1946 and continued here until May 1953 when the utility cut over to dial.

Miss Barbara McPartland and Tom Sallee, Nyssa High School graduates of 1958, were the first local students to place as finalists in Merit Scholarship competition.

Miss McPartland was graduated in 1962 from Willamette University with a bachelor of science degree in sociology. She worked one year at the State Mental Hospital in Salem and one year at Henderson Hospital in England. She was granted a masters degree in social work from the University of Michigan in Ann Arbor in 1965. She received a grant from the National Institute of Mental Health and is now working in a group therapy program at the State Hospital in Kalamazoo, Michigan. She is the daughter of Mr. and Mrs. W. L. McPartland.

Sallee received his bachelor of science degree in 1962 from the California Institute of Technology at Pasadena. He studied at the University of California in Berkeley and was granted his masters degree in science in 1964. He received his doctors degree in 1966 at the University of Washington in Seattle. At the present time he is assistant professor of mathematics at the University of California.

### 40 YEARS AGO

Transients will not be certified for WPA work this winter, but preference will be given to local people, the members of the Malheur County Relief Committee decided at a meeting held in the local city hall Wednesday night. Committee members present at the meeting were Mrs. Dick Tensen, Chas. Flegel, E. H. Brumbach and T. C. McCoy.

Five new applications for old age assistance were received, and three were approved and two rejected. Three applications for CCC work were approved and two rejected. Three more candidates are needed to fill the County's CCC quota.

### 50 YEARS AGO

Pud Long is the champion trapper of this neck of the woods. In three weeks he trapped 53 coyotes and 15 badgers, and he had just returned from a honeymoon trip, at that. No telling what he could do under normal conditions. Pud expects to realize about \$10 apiece for the coyotes, which will net him a nice little sum.

Word has been received from Charley Newbill, who recently went to California, that he has signed up to play indoor baseball. Charles is an artist at any kind of baseball and he will show the Native Sons some of the fine points of the game.

Issues for 60 years are still missing from our files.
