VOTERS' PAMPHLET SUPPLEMENT

TOM MERCER FOR CONGRESS

Republican Candidate, U.S. Congress, Second District

Due to an error by the Citizens to Elect Tom Mercer Committee, information about Tom Mercer, the Republican candidate for Congress, Second District, did not appear in the Oregon Voters' Pamphlet. While only one candidate appears in the voters' pamphlet, we feel that:

**To All Voters in the Second District
 THERE IS A CHOICE!**

Tom Mercer lives in Bend, the center of the Second Congressional District. Tom's interest is serving the people of that district. He will maintain his Bend home to continue working closely with the people in the district—even when he goes to Congress.

Tom Mercer is Vice President of a consulting firm that keeps him involved daily with working people, business, industry, agriculture, and all levels of government.

Tom Mercer is a member of the Bend School Board, and is Advisory Board Chairman of the Oregon Competency Based Education Program. He received his degree from Eastern Oregon State College and completed his graduate work at University of Oregon. He is a Marine Corps veteran. Tom has been married for 20 years and has two sons.

Tom's background gives him an understanding of your problems, and the ability to make government respond to those problems. Tom Mercer stands for reduced government spending, a healthy timber-agricultural economy, protection of individual rights, reform of unfair taxes, increased employment and reduced inflation through sound fiscal policies. Tom Mercer is a man of integrity with the experience and commitment to represent you in Congress.

PLEASE SHARE THIS WITH YOUR FRIENDS AND URGE THEM TO VOTE!

✓ Your yes vote will establish
 stability for you as a tax payer

Over the past five years, voters have approved an average annual increase of 11 per cent. A tax base can increase only by a maximum of six per cent per year. In fact, the local levy could presently be as much as \$80,000 less if the tax base vote of 1972 would have passed with no amount outside the six per cent. Local residents will have the same amount of local control as the annual public hearings and publication of the budget will continue under the control of the committee of 14 taxpayers.

✓ Your yes vote will establish
 stability for TVCC

A tax base will allow Treasure Valley Community College board and staff a better opportunity to do long range planning in order to operate more efficiently. A tax base lets students know the college will be open in future years, thereby attracting more students and helping the total operating budget of TVCC.
