"DON'T LET THEM CONFUSE YOU. YOUR NO VOTE ON #9 IS A VOTE FOR NEEDED NUCLEAR ENERGY."

EDITH GREEN
Oregon
Congresswoman
for 20 years.

"Oregonians have a fine record in judging initiative measures. But #9 is unusually confusing. A NO vote is in favor of a continuing reliable supply of electric energy. With all due respect to my friends in politics, few of them are qualified to sit in judgment on nuclear energy. This measure would allow a minority of only 11 senators to control its development. Energy would become a political football."
