ALLEN MATT, one of the fathers who helped clean up the primary playground, brought the gas weed burner that was donated by Ideal Gas to the weedy play area.

GARY WOODIE DONATED and delivered several loads of dirt to fill in the holes on the primary playground. This playground which is located behind the primary school was overgrown with weeds, filled with holes, and a dangerous and dirty place for children to play during recess. A group of men volunteered to help clear the area and make it clean and neat, thus the first PTSA project of this year got started.
