A 16-year-old Adrian High school junior was killed Wednesday afternoon when a tractor overturned on him about 5 p.m. at the home of his parents on Route 1, Homedale.

Edward Lee Nelson, son of Mr. and Mrs. Clarence Nelson, who live on the Oregon side south of Adrian, had just returned home from school and was operating his father's tractor when the accident happened.

"Eddie" Nelson was president of the Adrian High School student body, a star football and basketball player was secretary of the Lettermen's Club and was active in FFA work. Supt. Athol Sayre reported that he was not only active in student affairs and in athletics, but was an honor student outstanding in scholastic activities. He was a member of the Adrian Free Methodist Church.

A sailfish caught by Marlo Anderson of Nyssa off the Florida coast will be placed on display in the window of the Gate City Journal office this weekend. The mounted fish is slightly over seven feet long. Anderson is in Army training at Boca Raton, Florida. His father, D. L. Anderson, now operating a theater in Portland also fished for sailfish a few weeks ago while visiting in Florida.

Mrs. Edward Boydell returned home Monday from Monmouth, Oregon where she visited her mother, Mrs. Dessa Hofstetter.

## 40 YEARS AGO

Coal is an extremely scarce article around Nyssa today, and dealers report stocks exhausted except for limited amount of slack. Orders have been in for some time, and some dealers report that their cars were supposed to be on the road, but are slow arriving.

Cold weather has created an unprecedented demand and both dealers and residents are hopeful that the promised coal will arrive in the next few days and thus avert a fuel famine. Those who care to burn wood can find some of this fuel on hand and a small amount of finer grades of coal are all Nyssa has to keep the home fires burning today.

## 50 YEARS AGO

A cold snap Thursday and Thursday night caused the mercury to hunt its hole and it dropped to zero apparently without any effort. A piercing wind which accompanied it added to the discomfort of those who had to be out in it. Coming so suddenly after thawing weather didn't add anything to its popularity.

## 60 YEARS AGO

Cheer up! Soon the birds will be singing, the bees humming, and the daisies and buttercups will be lifting up their bright faces to catch the genial warmth of the spring sunshine. Forget the slight discomforts of the present cold snap. Don't be a grouch.

The local coal famine, which had become acute, was temporarily relieved by the arrival of a car of coal which was sold out in 500-pound lots. There is a promise of two more cars within a few days and it is hoped that the worst is over. Consumers should as far as possible lay in their winter's supply of fuel in the fall. The present situation is a pretty good argument in favor of preparedness.
