EOHSA and the Hospital

Thursday night, April 21, there will be a very important meeting at the high school library. In some cases we have a tendency to over-emphasize the phrase important meeting. We are not in this case.

The purpose of this meeting is for the steering committee to form the "Malheur County Sub-Area Council of the Eastern Oregon Health Systems Agency, referred to as EOHSA, no connection to the well known OSHA.

This committee will be a temporary body charged with the responsibility of establishing bylaws, making application to the EOHSA for designation as a sub-area council, and selection of sub-area council membership.

What is EOHSA? It isn't as frightening as it sounds. In plain talk it is an organization to gather and analyze health data and prepare a Health Systems Plan which will contain a detailed statement of goals for improving the health of residents in Eastern Oregon by increasing the accessibility, acceptability, continuity, and quality of health services, while retaining costs. In addition, it will develop an Annual Implementation Plan, setting forth specific yearly objectives for obtaining those goals and priorities.

The voters showed by an overwhelming majority in January that they want the hospital. Now what it all boils down to is if we want to control the destiny of our hospital it will be necessary to form an effective steering committee for our district. Without it we could end up with strangers setting forth our hospital policy, and even perhaps deciding we don't need a hospital in Nyssa. This meeting is open to the public, and those interested are urged to attend.

Humphrey's Last Campaign

Hubert Humphrey is a man whose health is abandoning him, but he refuses to quit. His spirit is still strong and vital even if his body isn't.

"I look at life with a serene heart," said Humphrey in a recent speech. "I have very little time for pessimists. One day of pessimism can take as much out of you as 30 days of optimism.

"America is never a reality, it is a promise. It's not what we have been, or what we are. It's what we will be, and the greatest word in the political lexicon is hope."

Humphrey believes in action, in doing what you feel ought to be done, in not giving up.

It's sad to see a proud and colorful figure like Humphrey struggling with cancer. Yet he still has something to give the country, including this moving demonstration of his gallant spirit.

AMTRAK is Coming

Senator Frank Church announced today that Signs, Inc., a Boise firm, has been awarded a contract by AMTRAK for the construction and furnishing of nine station shelters along the new Southern Idaho AMTRAK route, the pioneer.

The stations to be constructed are at Brigham City, Shoshone, Mountain Home, Nampa, Ontario, Baker, Pendleton, The Dalles, and Hood River.

Completion of the work is scheduled for June 1, just three days before the three-day inaugural run of the Pioneer. Senator Church announced that inaugural festivities are being planned

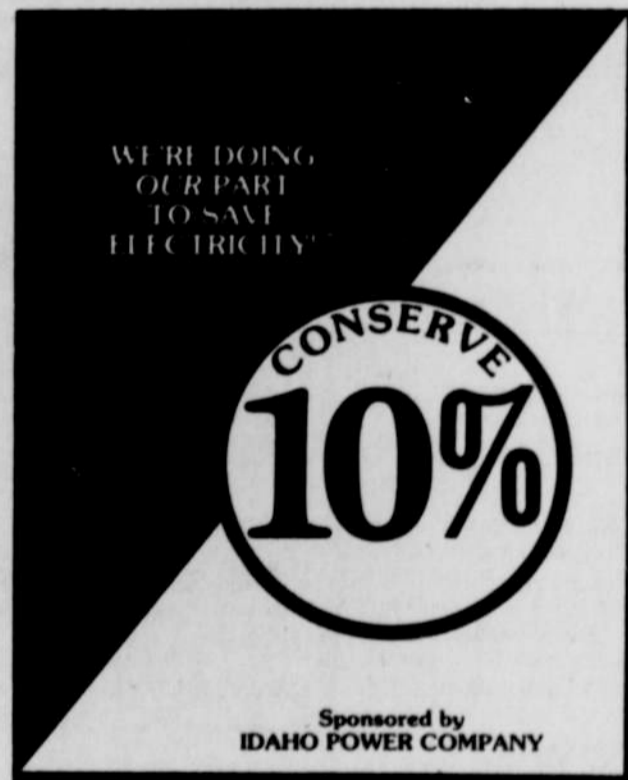

along the route. The Pioneer will stop at all points along the route to let the public inspect the equipment, including new AMFLEET cars.

Regular fare service is scheduled to commence on June 7.

CARD OF THANKS

Conserve electricity with the help of an energy audit.

An energy audit can help your home or business cut back 10% or more in electricity use.

This conservation effort is needed because electric supplies will be short this summer — if the present drought continues and reservoirs fail to fill.

Calling on individual customers, house-to-house and business-to-business, Idaho Power energy advisers are offering these and other helpful hints:

- Set heating thermostats back to 65 degrees during cold weather.

- Move air-conditioning thermostats up to 78 during hot weather.

- Reduce consumption of hot water for bathing and washing dishes and clothes.

- Install more insulation, weatherstripping and double-pane windows.

Our energy advisers are using practical check-lists to help you conserve electricity. There's no charge. Please cooperate. Please save 10%.
