BUY THE VEHICLE YOU NEED WITH A FIRST 48-MONTH AUTO LOAN.

Now you can afford the vehicle you need. Ever notice something about the new cars? Many of them cost less to operate, but they sure seem to cost more to buy in the first place.

Well, we can't do anything about bringing down the price you have to pay, but we can do the next best thing: give you more time to pay it in... up to 48 months, depending on purchase price.

The way we see it, those extra months may let you afford to buy the kind of vehicle you really want—new car, wagon, van, camper or light truck. Simple interest. Another benefit to you is simple interest. That means you're only charged interest on the amount you actually owe—only

for as long as you owe it. And you'll save money if you make extra or early payments. There's an interest charge, but no penalty charge, for late payment.
