Peggy Moore, daughter of Mr. and Mrs. Tom Moore, celebrated her sixth birthday anniversary last Thursday with a swimming party at the Ontario pool and dinner out.

The Nyssa volunteer fire department was brought up to full strength of 25 men Monday night when four new members on the waiting list were voted by the standing membership, according to fire chief Ralph Lawrence. The new members are Percy Kelch, Ellis Horn, C. E. Shock and Glade Chadwick.

Figures recently compiled here reveal that Nyssa is the biggest shipping point in Malheur County. During July, 1,125 cars of potatoes raised on the Owyhee project were shipped from Nyssa, Ontario and Homedale. Nyssa shipped 610, Ontario 312 and Homedale 213. Nyssa ships out and ships in more goods than all of the other towns in the County combined.

All slot machines and pinball machines in the state have been outlawed by a recent decision of Judge James Crawford of the Multnomah County Court and copies of his decision have been sent to district attorneys over the state. District Attorney Biggs said Wednesday that he had received a copy of the decision and that a move would be made in the very near future to wipe out slot machines and pinball machines in Malheur county.

Thanks to Friends!

I would like to express my gratitude and thanks to everyone for the beautiful flowers, cards and many kindnesses shown me and my family during my recent hospitalization. They were much appreciated.

C. B. Borwn, who has taken "coyote" Bill Snyder's place as government hunter in Malheur county, made a good record last second in the stat number of predatory a killed. He ran up a total of 20, 9 bobcats and 11 adult coyotes. In addition to other duties, the hunters are now fr. akouts in the forest reserves.

Ross Thomson and Lyle Page returned from the Thomson and McLaughlin gold claim on Bear Creek in the Salmon River country, to report at a good pay streak had been found. Prospecting is a little slow for them, so they returned to finish haying on the Dry Creek ranch.

60 YEARS AGO

It is reported on reliable authority that County Surveyor B. F. Farmer will begin surveying next week, a new road up Succor Creek, and that the new road will be built in the near future. This is good news for Nyssa, as the new road will give a direct route from Nyssa to the settlements on Succor Creek and will also tap the prosperous Watson section. It will make Nyssa the nearest main line town for a vast territory in the interior, and doubtless a large amount of new trade will find its way to Nyssa over the new route. It will be a great convenience to the settlers, who are now compelled to go round about way over high hills for supplies and much trade goes to Idaho that rightfully belongs to Malheur County.
