Senate Passed the Appropriation Bills-Gossip From the House.

From Daily, Feb. 18th.) When the general appropriation bill was called up for third reading and final passage in the senate on Friday morning, the discussion relative to certain items therein contained was resumed and after a number of changes had been made, the bill passed.

The item of the salary of the state school superintendent was increased from \$2600 to \$4000 to conform with the provisions of the educational bill which had passed, by which that officer is placed on an annual salary of \$2000, without fees. An item of \$12% for clerical aid for the attorney general, was inserted in the bill.

The salary of the bookkeeper of the state penitentiary, who is to serve as turnkey, was raised from \$2000 to \$2400 for the two years, making a monthly galary of \$100. The salary of the penitentiary physician for the two years was increased from \$1200 to \$1800. The pay of the state land agent was changed from \$3000 to \$3600 in acordance with a bill passed at this session regulating that officer's salary. An item of \$4000 to pay the selaries of the game and forest wardens, created at this legislative session, was also inserted in the 1411. As amended, the bill passed the senate by a vote of 21 to 5, 1 absent. Those voting against the bill were: Duly of Lake, Howe, Selling, Smith and Wade.

In the senate yesterday, in the discussion of Representative Flagg's bill (house bill No. 3) which provided that all executions of criminals in this state should take place at the state penitentiary in this city, no opposition was shown that provision of the bill. But very serious objections were reg'stered against the section of the measured which provided that appeals should be taken within twenty days after the death sentence had been pronounced. This section resulted in killing this otherwise meritorious bill. The motion of Senator Fulton to eliminate from the bill the section pertaining to the manner in which appeals should be taken would have prevalled, had it not been for Selling, of Multhomah county who, with his accustomed regularity, objected thereto, and before a yote could be taken. Senator Brownell was successful in a motion to indefinitely postpone further action on the bill

The district attornoys' bill came up in the senate at 10 o'clock Friday morning under a special order. Senator Porter made a motion to have the bill recommitted to the committee with instructions to amond the bill by which the term of office of district attorneys should be changed from four to two years, but the motion was defeated, Senator Kelly offered an amondmont, which provided that the district attorney of the third judicial district should have five deputies, one to be appointed he 'each of the five counties comprising the district, their salaries to be as follows: Marion county, \$500; Yamhill county, \$250. Linn county, \$400: Polk county. \$250, and T-llamcok county. \$260. The amendment was adopted. Senators Fulton Dufur and Brownell spoke for the bill, Senator Forter opposing the measure, but the bill as amended by the senate passed by the following vote: Ayes-Adams, Brownell, Cameron, Driver, Dufur, Fulton, Harmon, Kelly Kuykendall, Michell, Morrow, Proebstel, Reed, Smith, Wade. President Taylor 16. Navs-Bates, Clem, Daly of Lake, Daly of Benton. Haines, Haseltine, Howe, Josephi. Mackay, Porter. Selling: 11. Absent-Looney, Mulkey, Patterson; 3. The greatest surprise of the session was reserved for the last day and was a clincher. When Senator Proebstel's bill to prohibit the use of nickel-in-theslot machines passed the senate and was sent to the house. Mr. Curtis secured its reference to the committee on printing, of which he is chairman, and the general supposition up to yesterday was that it had gone to a safe and sure resting place. J. D. Meyer had pompously paraded the lobby with an air which plainly announced: "Do not be uneasy; I have fixed that bill so that it will never show itself again." But an old adage still continues to be true-"The best laid plans of men and mice gang aft aglee."-and so did the plan of the representative of the slot machines. Mr. Curtis disappeared from the house yesterday. "went home on account of sickness," it was said. and it was generally thought that the mischlevous bill was reposing securely in his inside pocket, but to the surprise of a great many it was resurrected during the afternoon, and the feeling was such relative to the manner in which the matter had been handled by interested partles, that it went through the house like a streak of lightning. with 47 votes in its favor. The result created consternation.

Senators Mackay, Josephi and Michell advocated the bill's passage claiming that such an arrangement would prove mutually advantageous to those interargument were unable to convince their associates of the expediency of the measure and the bill was defeated. In the discussion of the bill a disposition was evidenced against aiding in any way in granting a monopoly to any one firm in the matter of handling in Wall street, bonds that it may be necessary for public or private corporations of this state, to issue.

As a committee of the whole, the senate mutilated, to a considerable extent, the special appropriation bill, house bill No. 383, Friday evening. The item of \$2,500, inserted by the house, for the building of bridges across Wolf creek and Rock creek, in Josephine county, and for encouraging the mining industry, was entirely stricken out. The item of \$1,881.78 of W. H. Leeds, for printing for the state boards of agriculture, and agricultural societies, deficiency, brought Selling to his feet, who moved to eliminate the item. Senator Josephi thought the amount should be reduced to \$1,500, that amount being specified by law for such work for the three agricultural societies of the state. Mulkey and Fulton argued that; inasmuch as the work had been done, the state printer should be compensated therefor. Senator Smith also spoke against the item, which, upon being placed upon a vote, was annihilat-

ed. When the items under the subdivi-"legislative deficiency" were sion reached a general discussion relative to the merits of the claims was had. The claims were for services rendered as representatives and as sergeants-atarms during the hold-up legislative session in 1897. The appropriation made at the special session for the payment of these claims was, insufficient to meet the claims, and a small deficiency was ther by incurred. A-motion to strike out the several claims was lost, and each and every one of them was approved. Senator Selling, whose antipathy to agricultural societies is apparently not directed wholly at the annual exhibition held in Salem, by the state board of agriculture, moved to eradicate the item of \$4,934.30 for the relief of the Second Oregon district agricultural society. The motion was lost by a tie vote, but Senator Kuykendall offered the following amendment, which was adopted: "Provided, The management of the second Oregon district fair is by legislation placed in the hands of a board of five members. no more than one of whom shall reside in Wasco county; and further provided, that no indebtedness shall be incurred in the future outside the 'amounts appropriated; and further provided that the above sum shall not be available unless the lands known as the Second 'Oregon district fair grounds are deeded to the state."

Senator Haseltine, of the Multnomah county delegation, attempted to have the appropriation for the Monmouth state normal school reduced from \$18,000 to \$10,000, but he found himself the only member of the senate that favored the motion.

The claims of W. W. Baker and H. B. Luce, as food and dairy commissioners, of \$1,725.37 and \$1,000, respectively, caused a debate that consumed fully thirty minutes of the senate's precious time. After innumerable amendments and amendments to amendments had been offered and successfully defeated, a compromise was effected by which each of the claimants was allowed \$1,-

exception to the item. Selling's motion that the same be stricken out prevailed. The item of \$4,934.39 for the relief of the Second Oregon District Agested, but the trio of senators by their ricultural Society was likewise reby which the senate refused to approve state penitentiary for \$14,000, was de- the property mentioned. feated. The senate was by no means in a real estate buying mood, as. was

evidenced by their action on the two propositions above enumerated. Senator Mulkey called attention the fact that in the bill just considered

salaries of the district attorneys, which would require \$64,200. Of that amount an appropriation of \$9,000 had been made, necessitating a further appropriation of \$55,200. That Item was inerted in the bill.

serted in the bill. The comittee, having decided to rec-ommend the passage of the bill as amended, arose and reported progress. The bill barely passed, by the fol-lowing vote: Aye-Adams, Brownell, Cameron, Daly of Benton, Fulton, Harmon, Josephi, Kelly, Kuykendall, Michell, Mulkey, Porter, Jroebstel, Reed, Smith, President Taylor; 16. Nays-Bates, Clem, Daly of Lake, Haines, Haseltine, Howe, Looney, Mackay, Selling, Wade; 10. Absent-Driver, Dufur, Morrow, Patterson; 4.

The senate last evening defeated Representative McAllister's bill which provided for the improvement of the wagon road on Wallowa hill, Union county, for which an appropriation of \$6,000 was asked. That the object for which the appropriation was asked was a deserving one, none of the senators questioned, but the contention of those opposing the bill was that it was purely unconstitutional. The bill was killed by a vote of 3 to 22, 5 absent. Those voting for the bill were: Senators Smith, Wade and President Taylor.

FOR SCHOOL DIRECTOR.

date to Succeed Himself-The-Election on March 13th.

The annual election for school director will take place on Monday, March 13th, being the second Monday in that month. On that date a director will be elected to succeed the present chairman of the board, Dr. W. H. Byrd, whose term of office expires. Dr. Byra on March 14th, last, at which time two members of the board were chosenone to succeed Adam Ohmart, who had resigned, the other to fill the vacancy M. L. Chamberlin being also electedand Dr. Byrd drew the short term. There are, as yet, few candidates mentioned for the place. Dr. Byrd is spoken of as his own successor; should he decide not to be a candidate A. O.

DR. BABBITT DEAD .- Dr. Walter Babbitt, a well-known citizen of Polk county, died at his home in Independence on Thursday morning at 12:02 o'clock. A few days ago he contracted pneumonia and sank slowly but constantly, until his death. Dr. Babbitt was born November 18, 1864, In Pictou, Ontario. He prepared himself for the practice of medicine at Trinity university, Dublin, Ireland, supplementing these courses by post-graduate courses at leading hospitals in Europe. He enjoyed an extensive practice, and was a conspicuous figure in the medical fraternity of the Willamette valley. Dr.

Babbitt was united in marriage to Miss May Bowden, in St. John, N. B., one child, aged 3 years, resulting from the union. He was a member of the and for was \$40. At 1 o'clock yesterday afternoon the A. F. & A. M., of Independence. In

defendants in the ballot fraud cases May, 1892, he came to Oregon, and were arraigned, all the men named in shorily afterward formed a partner-the indictment being in court. They ship with the sate Dr. T. J. Lee. The were represented by attorneys as fol- funeral services will be held at 2 p. m. lows: P. H. D'Arcy, W. J. D'Arcy, J. tomorrow, conducted under the aus-A. Carson, W. J. Rafter, and H. T. pices of Lyon lodge by Rev. George H. Hayes, by Geo. C. Bingham; L. V. Whiteman, of the Presbyterian church, Ehlen by M. E. Rogue; and S. T. Rich- of which Dr. Babbitt was a member.

Mr. Flagg yesterday introduced the following resolution, which was adopted:

"Whereas, some doubt may exist as to the intent of a certain vote of censure passed by the house on the 15th day of February, therefore, resolved, that the record of said transaction be made to read as follows:

"Moved by Mr. Flagg that a vote of consure is hereby passed upon the member of the press, F. Hofer, who abused the couriesies by interrupting its deliberations for the purpose of resepting in an insulting manner a statement made by a member of this body."

The senators responsible for the defeat, in the senate, of Representative Maxwell's bill; providing for the establishment in New York city, of a fiscal agency for this state, were: Adams, Clem, Daly of Lake, Daly of Benton, Fulton, Haines, Howe, Kelly, Morrow, Patterson, Proebstel, Reed, Smith and Wade. Senators Fulton,

500, with the provison that that amount should be accepted in full of all claims against the state.

The claim of the Savage heirs of \$7,-200 for twenty-four acres of land adjoining the state insane asylum property was objected to by Selling, who was seconded by Josephi. , Selling's motion to strike out the item prevailed.

The item of \$15,000 for the building of a new wing, and making other improvements at the state penitentiary. was stricken out. An appropriation was made, however, of \$2,000 for repairs at that institution, to be expended under the direction of the governor and superintendent of the penitentiary. The ways and means committee maintained that the sum of \$15,000 would be inadequate to make the necessary improvements, etc., estimating that it would require approximately \$40,000 to do the work. Inasmuch as an appropriation had been made for additional buildings at the asylum, It was not thought best to attempt to arrange for a large expenditure of money in the construction of new buildings at the state penitentiary this year.

The item of \$5,000 for the Boys' and Girls' Aid Society, of Portland, was disproved, after a discussion occupying about thirty minutes. Senator Kelly, was opposed to an appropriation for. the Portland institution, while other equally deserving institutions of a like character in other sections of the state were not recognized. Senators Josephi and Brownell made earnest appeals for the favorable action of the senate on the proposition. A vote being taken, the item was approved by a bare majority. An attempt was then made to secure appropriations for the several orphanages of the state, whereupon a recess of fifteen minutes was taken by the committee. In the interim, an understanding had evidently been reached, for upon reconvening, the vote by which the \$5,000 item for the Portland society was retained was reconsidered, and the item was stricken from the bill. The committee refused to consider any further amendments for such appropriations for charitable institutions.

The item of \$4,000 for the Portland baby home was stricken from the bill. The claim of S. E. Howard, for \$100, for the use of ten jack-srews at the asylum for two months in 1888, was approved, after an atempt had been made to reduce it to \$15. A determined effort was made

have eliminated from the bill the appropriation of \$10,000 for a new wing at the Mohmouth normal school. The same attempt was made to defeat the item of \$19336 for a heating plant at the Corvallis agricultural college, but by a vote of 12 to 10 the item was approved. The appropriation of \$390 for the transplanting and propagation of Eastern oysters in Yaquina bay was not approved by the senate.

Selling made a strenuous objection to the appropriation of \$7,000 for the Smith and Wade. Senators Fulton, warrant of indebtedness of the state Reed and Smith spoke against the bill, board of agriculture. Josephi also took

estate, feared to return to the family home, coming to Salem instead to make the complaint. The man is said to have designs on the woman's property. thinking that he will secure it, if he can frighten his wife and her boys away.

There are but few Arabian horses in America. The reason for this is that the Arabian authorities will not allow the steeds to be sold outside of their native land. A few were brought to this country for exhibition purposes at the World's fair, and were retained. Homer Davenport, the famous cartoonist, (of Salem, Oregon,) and now employed on the New York Journal has purchased one of the few now owned in America, and it is the pride of his life, next to his family. This horse is named Kaubishan, and has a pedigree in Arabic which goes back almost to the flood. Davenport gave a thousand dollars in gold for Kaubishan, and declares that he can hear every dollar jingle when driving the steed through the New Jersey avenues. The horse is as gentle as a kitten, and Davenport's baby son plays with Kaubishan as with a pet rabbit or dog.

POLICEMAN RESIGNS .- Police Officer J. C. Johnson has filed his resignation with the city recorder, and is no longer a member of the police force. He had been temporarily disabled from his duties-la grippe had him in its gripand Richard Carlson was sworn in by City Marshal Gibson to fill the vacancy. Then followed the resignation, and Mr. Carlson was retained, and will remain on the force until the next meeting of the council when a successor will be elected. It is said that Mr. Carlson and Frank Ferrell will be candidates for the position, and that D. W. Fiester would like the place. The council will probably settle the matter on next Tuesday evening.
