

FROM SUNDAY'S DAILY

LEGISLATURE SINE DIE.

THE TWENTIETH REGULAR SESSION A TRING OF THE PAST.

Many of the Members Departed for Their Homes, Going via Special and Regular Trains.

From Daily, February 19th.

The twentieth regular session of the Oregon legislature closed last evening at 7 o'clock, and the large majority of the members, clerks and lobbyists departed for their homes in a short time, some going to Portland by a special train, which had been brought here for that purpose; others taking the California express at 8:30, going south. The net results of the session will be found in the list of bills given in another part of this issue of the Statesman, which have passed both houses, and time alone can determine the merits or demerits of many of the measures thus enacted into law, and the wisdom or unwisdom which dictated the defeat of other measures brought forward for consideration.

Speaking of the membership of this session as individuals, they are certainly, as a rule, bright, able, well-meaning men, gentlemen in their general demeanor, and actuated by worthy motives. As an aggregate, the house was not gifted with the ability to dispatch business with the ease and absence of delay and friction which ought to characterize a well-organized body of legislators, the consequence being that many bills were rushed through during the closing days with unseemly haste, and a wanton carelessness of their provisions. It is to be hoped no serious mistakes were made in this way.

Marion county can well be proud of her delegation in both houses. In ability they are the peer of the best intellects there; in conscientious effort for the best interests of the state at large there were none more patriotic, zealous and consistent. In this line Messrs. McCulloch and Cummings, in the house, made a record, that will stand the test of time, and bring them lasting respect. These two are singled out only because they spoke out most prominently of the delegation. Messrs. Flagg, Lewis and McCourt were no less consistent or faithful, and were always found battling with strength and influence in accordance with their best judgment. So far as the interests of Salem and Marion county are concerned, Mr. Flagg has been the most useful and influential member on the floor of the house for many years. He is fully alive to all movements and was at all times ready to meet the adroit subterfuges that were constantly sprung to retard any measure in which the name of Salem or Marion county figured as a possible beneficiary. He met the opponents at every point and if he was seriously vanquished at any point the observer failed to notice it.

In the senate Mr. Looney commanded the respect and confidence of his associates in a marked degree, and was the power behind several measures of great importance to the state and to this locality. His pure food and dairy product bill is one of the best ever enacted for the dairy interests of the state, and his measure for the working of convicts, his road bill and numerous others, are in the right line. Mr. Looney has been a valuable member so far, and will grow even stronger and more valuable as time rolls around. Senator Adams has also done good service, and has shown himself an able, conscientious member. Again, it may be said that Marion delegation was all right and did noble service.

Mr. McCourt, as the boy member, displayed an ability and power in debate and in the general work of the session that leaves his friends of the younger generation no cause to regret putting him forward. Mr. Lewis commanded the respect of the whole house at all times. His word is not to be

Her Health Restored

The misery of sleeplessness can only be realized by those who have experienced it. Nervousness, sleeplessness, headaches, neuralgia and that miserable feeling of unrest, can surely be cured by Dr. Miles' Restorative Nervine. So certain is Dr. Miles of this fact that all druggists are authorized to refund price paid for the first bottle tried, providing it does not benefit. Mrs. Henry Bruns, wife of the well known blacksmith at Grand Junction, Iowa, says: "I was troubled with sleeplessness, nervousness, headache and irregular menstruation, suffering untold misery for years. I used various advertised remedies for female complaints, but without help. I noticed in Dr. Miles' advertisement the testimonial of a lady cured of ailments similar to mine, and I shall never cease to thank that lady. Her testimonial induced me to use Dr. Miles' Nervine and Nerve and Liver Pills, which restored me to health. I cannot say enough for Dr. Miles' Remedies."

DR. MILES MEDICAL CO., Elkhart, Ind.

questioned in any assertion he makes, nor his answering honesty to be doubted.

It is not the amount involved in committee clerk salaries which causes disgust and dissatisfaction, so much as the inequalities and injustices that are worked in. No fair-minded person objects to good wages for the clerks and stenographers who work, but when men and women are allowed \$7 and \$7.50 per day as "experts," who work but a few hours a day, or not at all, and who spend their time in lobbying for other grafts on the floors and in the corridors, or else engaged in questionable pursuits of questionable morality, then the choler of indignation rises in every fair and honest mind. These grafters are given the satisfaction of tantalizing and crowding over the honest, hard-working men and women who put in long hours of industry, and telling them they are fools for doing so much thankless labor. These are the things which grind upon the public, and which are grossly unjust and reprehensible.

MOTIONS AND DEMURRERS.

Heard by Judge Burnett in the Cases of the Ballot Frauds—Date for First Trial.

Another step was taken in the direction of an early adjudication of the ballot fraud cases yesterday, when the seven defendants appeared in the state circuit court to enter pleas of "not guilty," to two of the indictments found against them by the grand jury. When Judge Burnett called the cases yesterday morning, Geo. G. Bingham, appearing for Messrs. P. H. D'Arcy and W. J. D'Arcy, W. J. Rafter, J. A. Carson and H. T. Hayes, moved the court for separate trials; M. E. Pogue, appearing for L. V. Ehlen, made the same motion, and S. T. Richardson, for himself, asked the same privilege, and an order was made to that effect. S. T. Richardson, appearing for himself, in the absence of his attorney, R. S. Bennett, of The Dalles, moved the court for an extension of time to tomorrow (Monday), for the reason that his counsel could not be here before that date. The motion was overruled. Mr. Richardson next moved to set aside the indictment charging the altering of the tally-sheet of Butteville precinct, for the reason that the names of the witnesses did not appear upon it. District Attorney S. L. Hayden answered, acknowledging the defect, and moved the court to resubmit the indictment to the grand jury, and an order to that effect was made. Mr. Richardson next filed a motion to set aside all three of the indictments, because they did not conform to the rules of the court in some minor details of drafting and arranging the pages. The motion was promptly overruled.

Mr. Richardson came back at the court with a general demurrer to the indictment, and he stated his objections to Judge Burnett hearing the case, having been a candidate for circuit judge at the time the frauds were alleged to have been committed.

Mr. Bingham and John M. Gearin, of Portland, who will jointly defend Mr. Bingham's clients, also filed demurrers and argued them, as did M. E. Pogue on behalf of L. V. Ehlen. The latter gentleman also objected to trying his client in department No. 1, as he urged that criminal cases should, under the statute, be tried in department No. 2. District Attorney S. L. Hayden and his associate counsel, W. H. Holmes, argued the demurrers on the part of the state. All of the demurrers were overruled, and the court asked as to when the state's attorney would be ready for trial. Mr. Hayden, after consulting with J. H. McNary and W. H. Holmes, announced that the case of Mr. Richardson would be taken up first, and next Thursday, at 9 a. m., is the time set for the opening of the case. Should Mr. Richardson not be ready, by reason of the non-appearance of his attorney, W. J. D'Arcy's case was decided upon as the one to be tried first.

At 3 o'clock the defendants were excused from further attendance upon the court, and, after a few minor cases had been disposed of, court adjourned to 9 o'clock tomorrow morning.

The case of M. V. Kays, respondent, vs. D. H. Looney et al., appellants, appellants' appeal from the justice court of the Salem district came up for hearing on the demurrer of the state board of agriculture to the complaint, the demurrer being made on the ground that the state fair board, being state officers, could not be sued on debts contracted by the state fair, a state institution, and the latter were not suable the demurrer, as to the state board of agriculture, was sustained.

The grand jury filed into court yesterday forenoon, bringing three "not true" bills. They were as follows:

John Glick, a farmer near Stayton, bound over on a charge of assault with a deadly weapon; was under bonds.

F. Kaler, charged with the larceny of some sewing machines; in jail.

Lemuel White, (colored) charged with voting illegally at the recent city election; in jail.

The two last named were promptly released by Sheriff P. W. Durbin. Mr. Glick, who was under bonds, will have his bond returned to him. After making the report the grand jury was in session a short time only, when an adjournment was taken to tomorrow at 9 a. m.

ONE DOLLAR AND A HALF—Gets one dozen, best enamel cabinet photos, and one larger picture to frame, by cutting out this ad. and presenting it to the Pickersell Co., this month, groups, busts or babies. Salem's Leading Photographers, ground floor studio, No. 343 Commercial street.

COMING—A part of the staff of the English and German specialists and Dr. Meyers & Co. will again visit Salem, Thursday, March 2d. These successful specialists for all chronic diseases and ailments of men and women can be consulted free of charge at the Willamette hotel on the above date.

MATTERS AT THE ASYLUM.

REPORT OF THE JOINT LEGISLATIVE COMMITTEE.

A Statement Which Shows That Institution to Be in Most Competent Hands.

The report of the special legislative committee, appointed to investigate the Oregon state insane asylum, is as follows:

"We have visited the asylum separately, and as a committee, without notice to those in charge of the institution; that we made a careful inspection of the buildings, and other property; we have investigated the management, heard complaints, caused the persons making them to appear before us and have interviewed others; we have inquired and examined into the condition of the patients and their treatment and we have had the books and accounts of the institution carefully examined by expert accountants.

"We find the buildings and grounds well kept and in good repair, and the patients, so far as we could judge, well and properly cared for, so far as the capacity of the building which is inadequate to the wants of the large number of inhabitants, permits. We inspected the food and dietary and found the same satisfactory. More room is needed and we suggest a new three-story wing be erected with a capacity of 120 patients. We are strongly impressed with the unfortunate conditions that require all cases, both acute and chronic, curable and incurable, to be kept in one institution. It would insure to the benefit of both the state and insane if it could be arranged that the incurable cases could be kept in separate institutions, but under present circumstances this is impossible.

"We found several feeble-minded children whose condition can and ought to be improved by placing them in a school for the feeble minded. Such an institution this state does not possess, and some effort ought to be made to bring not only the cases referred to, but others similarly afflicted, who are now in orphanages and homes throughout the state, into favorable surroundings for improvement of their mental condition. Your committee is of the opinion that this can be accomplished without the creation of another department of charitable institutions, by appropriating the building now occupied by the school for deaf mutes for the purposes of a school for the feeble minded, under the general direction of the board of trustees and superintendent of asylum. Of course such arrangement would presuppose a change in the location of the deaf mute school.

"So far as the internal affairs of the asylum are concerned, our attention has been called to several matters in criticism of the management, which we have carefully examined into and are satisfied rest upon no just grounds for complaint.

"One circumstance has come to our attention which deserves notice. On October 15, 1898, through the careless neglect by an attendant, of the rule regarding the locking of the bathroom door, an imbecile child was carried by a patient under the direction of the attendant, to the bathroom to be cleansed. The attendant did not follow quickly enough upon the heels of the patient carrying the child, and when the former arrived in the bathroom (according to his own statement not more than half or three-quarters of a minute after the patient) the scalding hot water had been turned into the tub, coming in contact with the recumbent form of the child so as to produce an extensive scald, from the effects of which the child died the next day. The attendant was discharged the evening of the day of the unfortunate occurrence. No judicial investigation was held. We attach no blame to the management for this terrible result of criminal negligence, but submit that a judicial investigation should have been made in the manner provided by law, in order that the guilt might be fastened where it belongs.

"Inasmuch as much publicity has been given to a statement that many of the babies received at the home opposite the asylum were received from the latter institution, we have deemed it our duty to investigate and place on record the facts regarding the matter. These investigations cover the entire period during which the asylum has been in operation.

"The records of the Glen Oak Orphan's home of Salem (the home referred to), show that the following named babies were received: Initials instead of full names are given for obvious reasons: H. S., received March, 1895, age 2 years; D. E. C., received June 24, 1897, age 1 month; G. S., received July 24, 1897, age 3 months, four days; L. W. P., received December 14, 1898, age 3 months.

"The records of the insane asylum give the following information as to admission of patients and case of history: M. A. S., received December 14, 1893, (says she is about 5 months pregnant), male child born (no date) presumed about March 1894. R. C., received March 17, 1897, male child born May 28, 1897; A. M. S., received August 15, 1898, male child born April 18, 1899; A. P., received August 5, 1898, male child born November 20, 1898.

"From the above it will be seen that each of these patients was pregnant at the time of admission to the asylum and that the babies received at the home were the identical babies born at the asylum as stated.

"The expert accountants, appointed by your committee, have made a thorough investigation of the books and accounts of the institution. Every facility has been accorded them by which they have been enabled to make their investigations searching and complete. Each and every bill contracted on account of the asylum from January 1, 1895, to December 31, 1898, has been inspected and found correctly entered in the books; and every voucher for warrants drawn by the secretary of state correspond with each and every bill, and all of said warrants have been paid, except for

the bills of the Northwest Stove Foundry, amounting in the aggregate to \$780.13; these warrants have been drawn by the secretary of state but are now held in the office of the governor and not paid.

"With regard to the private funds of the patients, we find that the superintendent of the asylum has opened an account with each patient, for whom funds have been deposited, credits have been entered and the several amounts drawn against the same have been debited accordingly and receipted bills taken for all purchases made.

"We think Mr. Roland, bookkeeper of the asylum, is entitled to great credit for the thorough, systematic and correct method of auditing and keeping the books of the institution and, finally, we wish to thank the superintendent and officials for the courteous and obliging manner in which they have extended to us every facility in the making of our investigation.

"S. E. Joseph, chairman of senate committee; George H. Hill, chairman of the house committee."

ONE WILL PROBATED.

Estate of Patrick McIntee to Be Expended for Purposes of Charity—Executor Discharged.

In the probate court yesterday, upon the petition of John School, A. Coyle and G. M. Frye, the will of Patrick McIntee, deceased, whose demise occurred at Hubbard on February 7, 1899, was admitted to probate. The will was made on November 22, 1898, and the testator, after providing for his funeral expenses and a monument over his grave, bequeaths all his property, both personal and real, valued at \$1,800, to John School, A. Coyle and G. M. Frye, to be sold by them and used for charitable purposes, they to act as executors, to serve without bonds.

Judge Terrell admitted the will to probate, and the executors therein named were duly appointed and took the oath of office. Wm. Platts, G. W. Speight and I. C. Crawford were named as appraisers, to prepare and return an inventory of the estate.

The final account of J. K. Buff, executor of the last will and testament of George Buff, deceased, came up for hearing in the probate court yesterday. There being no objections raised to the final account, Judge Terrell approved and allowed the same, and the executor was discharged from further service in the matter.

Mrs. Abbie M. Yates, relict of Chas. Yates, deceased, yesterday filed a petition in the probate court, for the appointment of F. B. French as administrator of the estate of her late husband. There is but one heir of the estate, which is valued at \$350—the petitioner being 18 years of age. F. B. French was appointed as per request of the petitioner, with his bond fixed at \$700.

DIVORCE PROCEEDINGS BEGUN.

Mrs. Nathalie Grenwald Wants Peace in Her Household—The Man Is Placed Under Bonds.

Nathalie Grenwald yesterday filed in department No. 2 of the state circuit court a suit for divorce from her husband, John Grenwald. The couple were married in Aurora on November 24, 1888. The woman owned a farm near Aurora, which came to her from her first husband, and on this farm the family has since resided. In addition to the couple there are three sons of Mrs. Grenwald by a former marriage.

The plaintiff alleges cruel and inhuman treatment, and specifies more particularly an assault with a deadly weapon and threats to kill, on Thursday last, particulars of which assault were given in yesterday's Statesman. He is accused of having several times asked to have the farm deeded to him, promising to treat the family with more consideration if his wishes were complied with, and threatening his wife and her sons with more abuse in case the farm was not given to him. Mrs. Grenwald asks for an absolute decree of divorce, costs and disbursements. W. T. Slater and W. M. Kaiser are attorneys for the plaintiff.

The case of the state against John Grenwald, charged with assault with a deadly weapon, and threats to kill his wife, was called in Justice of the Peace H. A. Johnson's court at 9 o'clock yesterday morning. He was arraigned, admitted the threats, and the court put him under bonds to keep the peace, the bond being fixed at \$500. Being unable to furnish the bond yesterday, he was committed to jail. He is hopeful, however, of being able to give sureties on Monday, when he will be discharged.

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

SCOTT & BOWNE, Chemists, New York.

Deadly Cancer Cured at Last!

Do Not Give Up in Despair—There is Hope!

For ages it has been thought that Cancer is incurable, and those so unfortunate as to have this dreadful affliction have considered themselves beyond hope of recovery. The doctors are absolutely unable to afford any relief, and the poor sufferer might well consider himself on the way to an early grave.

It is now easy to see why the doctors have failed to cure Cancer. Their theories have been all wrong, and hence their treatment misdirected. They have made the mistake of thinking that by cutting out the sore or ulcer, known as Cancer, the disease would be gotten rid of, and the patient restored to health. But the cruel knife accomplishes nothing, for the Cancer promptly returns, and is always more virulent than before.

It has been demonstrated, beyond doubt, that Cancer is a blood disease, and can not be cured by the surgeon's knife because the blood can not be cut away.

"Several years ago my wife had an ulcer on her tongue, which, though annoying, was not regarded seriously at first. It refused to heal and began to grow, giving her much pain. The doctors treated it for quite a while but

were unable to do her any good, and finally pronounced it Cancer of a most malignant type. We were greatly alarmed and gave her every remedy recommended, but they did not seem to reach the disease, and it continued to spread and grow. Upon the advice of a friend she began to take S. S. S., and after a few bottles had been used a decided improvement was noticed, and continuing the remedy she was cured completely and the permanence of the cure has been proved, as no sign of the disease has returned, though ten years have elapsed."

H. L. MIDDLEBROOK, Sparta, Ga.

The cures made by S. S. S. are permanent. It is the only blood remedy which can cure obstinate blood diseases, because it is the only one which acts on the correct principle of forcing out the poison and ridding the system of it forever.

S. S. S. never fails to cure the worst cases of Cancer, Scrofula, Catarrh, Eczema, Contagious Blood Poison, Rheumatism, old sores, ulcers, etc., it matters not what other remedies have been used in vain. It is the only blood remedy guaranteed

Purely Vegetable

and contains not a particle of potash, mercury, arsenic or other minerals.

Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Co., Atlanta, Ga.

Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cts. Money back if not cured. Sold by Dr. Stone, Druggist.

DIED.

WEST.—At the family home at No. 61 Commercial street, Salem Oregon, Saturday, February 18, 1899, at 3 a. m., Clarice Mildred, only daughter of Mr. and Mrs. B. F. West, aged 5 years, 2 months and 12 days.

Little Mildred, the pet of the household, had been complaining for several weeks, but not until a few days ago did her condition become alarming. The best of medical attention was given her, but, though the members of the family spared no pains to relieve the little sufferer, she sank rapidly and passed away yesterday morning, leaving her parents to grieve over the loss sustained.

MILLER.—At the family home in Gervais, Marion county, Oregon, Friday, February 17, 1899, Mrs. Anna V. Miller, wife of Vincent Miller, aged 70 years, of la grippe and other complications.

Deceased was born in Bohemia, coming to the United States in 1867. She was married in Wisconsin, and, with the husband who survives her, settled at Gervais in 1881. She leaves a husband, Vincent Miller, and a daughter, Miss Annie V. Miller, to mourn her departure.
