

# Nervous People.

Nervous people not only suffer themselves but cause more or less misery to everyone around them. They are fretful, easily worried and therefore a worry to others.

When everything annoys you; when your pulse beats excessively; when you are startled at the least unexpected sound, your nerves are in a bad state and should be promptly attended to.

Nervousness is a question of nutrition. Food for the nerves is what you need to put you right, and the best nerve food in the world is Dr. Williams' Pink Pills for Pale People.

They give strength and tone to every nerve in the body, and make despondent, easily irritated people feel that life has renewed its charms. Here is proof:

Miss Cora Watrous, the sixteen-year-old daughter of Mr. I. C. Watrous, of 61 Clarion St., Bradford, Pa., was seized with a nervous disorder which threatened to end her life. Eminent physicians agreed the trouble was from impoverished blood, but failed to give relief. Mr. Watrous heard Dr. Williams' Pink Pills for Pale People were highly recommended for nervous disorders and gave them a trial. Before the first box had been taken the girl's condition improved. After using six boxes her appetite returned, the pain in her head ceased and she was stronger than ever before. "My daughter's life was saved by Dr. Williams' Pink Pills for Pale People," said Mrs. Watrous. "Her condition was almost hopeless when she commenced taking them, but now she is strong and healthy. I cannot recommend these pills too highly."—Bradford (Pa.) Era.

Most druggists are reliable. Some are not. A dealer who tells you that he has "something just as good" as Dr. Williams' Pink Pills for Pale People is unreliable. Insist on having the genuine. At all druggists, or sent postpaid by the Dr. Williams Medicine Co., Schenectady, N.Y., on receipt of price, fifty cents per box; six boxes, \$2.50.

## REBEL LINES WERE CLOSED

### Spanish Officers Were Turned Back.

### Not Permitted to Meet Aguinaldo.

### An Attempt, to Secure Liberation of Prisoners, Failed—Menacing Attitude Assumed.

MANILA, April 23.—(Sunday, 11:20 a. m.)—Colonel Remie and Major Lasserre, the Spanish commissioners, with their secretaries, attempted to enter the rebel lines yesterday, to confer with Aguinaldo regarding the exchange of prisoners, but failed in their mission. The party, the members of which were attired in full uniform, drove to the American camp and lunched with General MacArthur. They then proceeded in a carriage, under a flag of truce, toward Calumpit, but were stopped by the rebel outposts, who assumed a menacing attitude and refused to parley with the commissioners, and the latter were compelled to return and took the evening train for Manila.

The rebels before Calumpit have recently been reinforced by bodies of men from Panganga province, and are now well entrenched in the strongest position, on what is practically an island formed by a tributary to the Rio Grande.

The United States transport Puebla has arrived with the headquarters and part of the Ninth infantry (regulars), all well.

### NO WORD FROM DEWEY.

Washington, April 22.—No word has come to the navy department since last Tuesday, relative to the fate of Lieutenant Gilmore and the fourteen sailors of the Yorktown, who were ambushed and captured at Baler, on the island of Luzon.

Today Secretary Long addressed an inquiry, by cable, to Admiral Dewey to ascertain whether he could supply any further information on this point. The secretary says he has no doubt the admiral is doing what is best to rescue the men, and it is suggested that he has refrained from making public his plans to prevent the insurgents from taking advantage of them to conceal their captives.

The arrival of the Yorktown at Manila has not yet been reported to the navy department and it is not known whether she hailed from Ilo Ilo, where she reported to cable the bad news to Admiral Dewey, or whether Commander Spry put back from Ilo Ilo for Baler, after having secured reinforcements or boats.

MANILA, April 24.—7:59 p. m.—General MacArthur's division left Malolos today, apparently intending to attack Calumpit.

General Hale at 4 o'clock this afternoon had crossed Bagdad and reached a position a quarter of a mile from Calumpit, thus commanding the river ford.

Prisoners captured by Hale's troops say Aguinaldo, General Luna, and the Filipino staff are at Calumpit with a great force of Filipino troops.

### A NEW MOVEMENT.

Washington, April 24.—Information received at the war department indicates that General Otis is about to execute another important movement, the initial features of which are shown by today's press advices from Manila. The objective point is the insurgent town of Calumpit, which is about eight

## Raw as Beef From Eczema.

Eczema is more than skin-deep. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S. and in a few days I was apparently made free from the disease. I knew this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Swift's Specific is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease, and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be purely vegetable.

**S.S.S. For the Blood**  
never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetters, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.  
Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

## TYPHOID HAS ITS HARVEST

### Many American Troops Are Suffering.

### Mortality in the Army in Cuba.

### Immigration Laws Extended to the New Possessions of the Nation—The Beef Inquiry.

HAVANA, April 24.—There have been twenty deaths from typhoid fever among the members of the Eighth United States cavalry, stationed at the city of Puerto Principe, and 162 cases, all told, are reported. The persistence of the disease cannot be explained.

One hundred and ninety-three out of 1000 enlisted men in the city of Finar del Rio, are sick.

Washington, April 24.—Assistant Secretary of War Meiklejohn has issued an order, extending the immigration laws of the United States to Cuba, Porto Rico and the Philippine islands.

Washington, April 24.—Major Lee, who has represented General Miles before the Wade court of inquiry, made his closing address to the court this afternoon. He presented a long argument which reviewed the causes that led to the beef investigation; analyzed the mass of testimony adduced, and closed by claiming that the charges with regard to the quality of the beef supply had been abundantly sustained.

Washington, April 24.—The commissary department of the army has been authorized to issue to such soldiers, as desire it, equal value in fish in lieu of the beef ration now issued. The restriction, regarding the issue of fish, when beef cannot be obtained, is removed. Ham or other articles of sale, in equal money value to beef, may be issued. To the present ration two ounces of dried fruits are added.

Washington, April 22.—The revenue bureau has so far been notified of the discovery of over a half million cigars, manufactured by Jacobs, of Lancaster, Pa., and bearing the counterfeit stamps. Three hundred thousand of these were found in Jacobs' own factory at Lancaster.

What relief, if any, will be extended to the innocent purchasers of Jacobs' cigars has not yet been determined.

Knoxville, Tenn., April 22.—Deputy Revenue Collector Hart today secured, from wholesale dealers in this city, 10,000 cigars, manufactured by factory No. 3741, Lancaster, Pa. The counterfeit stamps on the boxes are plainly discovered when compared with the genuine, the difference being in the color of the paper and in the execution of the word "cigars."

Hart will go to Chattanooga, Monday, where he expects to seize 200,000. It is estimated that 300,000 will be confiscated in this district.

Denver, Colo., April 22.—The internal revenue officers have seized, in Denver 140,000 cigars, bearing counterfeit revenue stamps. They all came from the factories at Lancaster, Pa., which have been seized by the authorities.

Lancaster, Pa., April 24.—Samuel Downey, a deputy internal revenue collector here, was arrested this afternoon by Captain Burns, of the secret service, who came here from Philadelphia with Chief Wilkie. Downey is charged with informing Jacobs and Kencig, the cigar manufacturers, who were arrested for counterfeiting, of the fact that Secret Service Agent Burns was after them. He is now locked up in the collector's office, and will have a hearing tonight.

Washington, April 24.—Major Francis B. Dodge, of the pay department, has been selected by the war department to disburse the \$3,000,000 allotted by the government for the pay of the troops of the Cuban army, as a condition of its disbandment.

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.  
**CALIFORNIA FIG SYRUP CO.**  
LOUISVILLE, KY. NEW YORK, N. Y.  
For sale by all Druggists.—Price 50c. per bottle.

## COMMENT OF THE BRITISH

### On the Conflict in the Philippines.

### The Press Encourages America

### The United States Government's Wise Policy, in Sending out Regulars, Is Praised.

LONDON, April 22.—The news from the Philippines, of the retirement of General Lawton from Santa Cruz district, and the capture of a boat's crew of the Yorktown, has made considerable impression here, and the comments of the press all reflect anxiety, lest the unfavorable news should have a discouraging effect upon America's expansion views.

Prominence is given to the dispatches from America, apparently indicating a cooling of public feeling regarding the Philippine islands, and the tenor of the British press depreciates this seeming tendency to gloominess, pointing out that, on innumerable occasions, the British army has met with checks, only to eventually conquer all obstacles. Discussing General Lawton's retirement the Speaker says: "The movement appears on reflection, natural, as any other course would be folly. The campaign, up to now, is justified by the cause. The real significance of the apparent check is to be looked for in America itself. There is little doubt, that, when a presidential contest occurs, the administration will not have to reckon with a disorganized and discredited foe. The sufferings of the troops will help democratic reaction, and repatriated troops are not likely to be missionaries of imperialism. In short, American's setback in the Philippines may very well combine, with other factors, to strengthen the new democratic, populist party, which may make a good fight in 1900, even in the east."

The Spectator praises the United States government's wise policy in sending regulars to the Philippines, and telling the volunteers they may go as fast as they like.

According to advices from excellent authorities, not even the most sanguine, of those concerned now, expect any substantial progress to be made at the coming peace conference toward disarmament or even a suspension of armament. The Czar himself and his entourage are reported to have lost their illusions on the subject, and it is said that proceedings and the threatening of military and naval questions will be confined to general ties. None of decisions will be binding, and even in the matter of international arbitration, if anything is agreed to, it will not be absolutely obligatory.

It is expected that maidens who are suitable for colonial marriages, will be provided with a marriage outfit costing \$50, with \$20 pocket money and free passage to the colony selected. The first experiment will be made in Madagascar.

### PROMPT WORK.

Saves the Hotel Del Monte, at Monterey from Destruction.

Monterey, Cal., April 22.—That the picturesque hotel, Del Monte, was not burned to the ground this evening, was due to the prompt and effective work of the firemen. The fire started in the rear of the west annex, and was ignited from sparks from one of the chimneys falling on the roof.

Several rooms were gutted, much damage resulting before the hotel fire brigade, aided by the Monterey fire company, succeeded in subduing the flames. For a time it seemed as if the building was doomed. About 400 guests were in the hotel.

### A STEAMER WRECKED.

Great Loss of Life Off the coast of Florida.

Jacksonville Fla., April 22.—A special to the Times-Union and Citizen, from Oak Hill, Florida, says:

The steamer General Whitney, Captain Hawthorne, was sunk fifty miles east of Cape Canaveral today. One boat-load of sixteen men, attempting to land at the Mosquito Lagoon house of refuge, upset and twelve men, including the captain, were drowned. The chief engineer, assistant engineer, fireman and one sailor were saved. The captain's body has been recovered. Fifteen men in another boat are still unhealed from.

### NEW FLYING COLUMN.

Washington, April 22.—The war department today received a cablegram from General Otis announcing the formation of a new flying column under command of General Lawton and the initiation of a new campaign which is expected to result in clearing out the jungle in the country north of Manila up to the foothills of the mountains on the northeast and up to the termination of the railway at Bulacan.

## THE MAGERS CASE ARGUED

### SUPREME COURT HEARS THE NOTED MURDER CASE.

### Appellant Was Convicted of Killing Ray Sisk in Polk County Last September.

(From Daily April 25th.)

In the state supreme court, yesterday, the case of the state of Oregon, respondent, vs. William G. Magers, appellant an appeal from Polk county, Hon. Geo. H. Burnet, judge, was argued and submitted. Following is a brief statement of the case:

The appellant was indicted by the grand jury of the state of Oregon, for the year 1898, charging him with murder in the first degree, in having deliberately, purposely and of premeditated malice, killed one Andrew Raymond Sisk, by striking him with an instrument, the name of which instrument was not given, because of the statement in the indictment, that it was unknown to the grand jury. The crime was alleged to have been committed in Polk county about September 13, 1898. The case was tried before a jury, and defendant was convicted of murder in the first degree, and sentenced to be hanged on February 3, 1899.

The defense moved for a new trial and setting aside of the verdict, basing it upon numerous grounds, among them being the following:

1st—Insufficiency of the evidence to justify the verdict and that the same is against the law.  
2d—Error in law occurring at the time of trial and excepted to by defendant as follows: The court erred in instructing the jury that it might convict the defendant of the crime of manslaughter.

The defense also claims that the court erred in admitting the evidence of Chief of Police Dan McLaughlin, of Portland, who, while on the stand, refreshed his memory regarding a certain interview he had with prisoner, from a manuscript copy, made from a stenographer's notes. The motion was overruled and an appeal taken. Numerous other errors are alleged by the defense, and disputed by the prosecution. The case was argued by District Attorney S. I. Hayden and Attorney General D. R. N. Blackburn for the respondent and W. H. Holmes and J. J. Daly for the appellant.

FINED.—George Cornelius, of Turner, pleaded guilty to trespass in Justice of the Peace H. A. Johnson's court yesterday, and was fined \$5. The charge was the result of a neighborhood quarrel.
