

TROOPS ARE AT WARDNER

General Merriam Will Assume Control.

Martial Law Will Be Declared.

Another Victim of the Riot Dead, and Efforts Are Made to Secure His Murderers.

WARDNER, Ida., May 2.—Nothing of importance has occurred since the arrival of company M, Twenty-fourth infantry, colored, at 1 o'clock. About 2 o'clock sixty non-union men, armed with rifles, reached down the road from Wardner to the station, one and a half miles, in response to a report that the dynamiters had started down from Canyon Creek with the intention of cleaning out the colored troops. This was occasioned by the suspension of telegraphic communication between Wardner and Wallace.

Quite a number of union men left today on trains going in both directions but two arrests have been made, and the men apprehended are out on bail. Many of the ringleaders have gone, but as at least 95 per cent of the membership of the Cœur d'Alene union were present at the outrage last Saturday, they cannot all get away without depopulating Mullan and the towns on Canyon creek. Martial law has not yet been declared, but it is expected that it will be done tomorrow.

A FEELING OF SAFETY.

WARDNER, May 2.—The presence of the soldiers has eased the situation remarkably, and tonight the people are gradually regaining a slight confidence, but it is felt that peace cannot be assured until the troops are quartered here. Captain Batchelor and his gallant seventy-six soldiers, assisted by 100 townsmen who are under arms, would give such resistance as would annihilate any ordinary force, but should the 1300 men, up on Canyon Creek, arrive fully armed, the little guard could hardly hope to cope with them. Old militia guns, to the number of about seventy, have all been distributed among the men here, and what state ammunition remained has also been distributed. About 7,000 rounds of cartridges, belonging to the old military force, and stored in the vaults at the Bunker Hill office, were lost in the wreck of that property. Besides the state guns, all private arms in the town have been put to use.

One troop of seventy men is on guard at the camp of Captain Batchelor's soldiers. Besides, half as many men are watching the station. At the Bunker Hill mills is another group of armed men. Tonight they came down to offer their services for the defense of the town, but later decided that it would be better for them to return to the property.

This morning a little bunch of Bunker Hill men, guarding the tramway, were overtaken by some of Sheriff Young's deputies, and their guns taken from them. Later, on the command of Auditor Sinclair, the sheriff consented to the return of the rifles to their owners, and they are now continuing their watch.

State Auditor Sinclair is working night and day to bring about the arrest of the criminals, and is vigorously assisted by Coroner France. Twelve complaints have been made out against conspirators, but the work is delayed by the slowness of prosecuting Attorney Samuels. Francis Turner has been arrested. Officials say that he has positively been identified as one of the rasked rioters who blew up the Bunker Hill mill. He was released on \$1,000 bonds.

MERRIAM ON THE SCENE.

Noise, Ida., May 2.—General Merriam will leave at 10 o'clock tonight for the north. He declines to make known what troops he has ordered into the scene of the trouble. The general was in conference with Gov. Steunenberg, today. Nothing is made known respecting the plans arranged, but the impression prevails that the governor will issue a proclamation of martial law, notwithstanding the fact that the statutory preliminaries cannot be complied with, owing to the circumstance that the county government of Shoshone county, the seat of the trouble, is in the hands of the riotous element. Troop F, Fourth cavalry, Captain Walsh, will leave on the train with the general.

KILLED BY RIOTERS.

WARDNER, Ida., May 2.—Coroner France will commence an inquest on the remains of John Smith, as soon as the witnesses can be subpoenaed.

James Cheyne, shot in the hip by a mob on Saturday, died today in Spokane, whither he had been taken for treatment. He was a Knight of Pythias, and his brethren, it is said, will make every effort to secure his murderer. His body will be returned to this place tomorrow, for judicial investigation and interment. State Auditor Sinclair is still here securing evidence.

IN CONSULTATION.

Wallace, Ida., May 2.—Sheriff Young and County Attorney Samuels are both in Wardner today, presumably conferring with State Auditor Sinclair, the governor's representative, who arrived yesterday.

Under Sheriff Seyler's pronouncement Saturday's outrage was unparalleled. The destruction to property was bad enough, although not surprising to one acquainted with conditions here. The boldness of the attack, however, is without precedent, while the shooting of the men was utterly without excuse. He further states that while punishment should be meted out to the guilty parties, only the federal government can do so, as there is not a man in Shoshone county qualified to sit as a juror in the case. There is no talk of expectation of any action by the local authorities.

BOISE, Ida., May 2.—Governor Steunenberg tonight issued a proclamation, declaring Shoshone county to be in a state of insurrection. This will result in placing the government of the county, as far as necessary, under military rule.

TROOPS AT WORK.

WARDNER, Ida., May 3.—With the exception of last Saturday, this has been the most exciting day Wardner has seen. Every hour in the day squads of colored troops, assisted by constables, have been arresting dynamiters. All business was practically suspended, while the citizens watched the operations. As the prisoners were gathered up, they were marched in squads to the camp at the station, one and a half miles distant, where they were left under guard. A squad of nineteen is just being brought down at 6 o'clock p. m., making 101 altogether. A few of them made a show of resistance, but the bayonets of the soldiers soon brought them into line.

This is the first night for a week that the people of Wardner can sleep with a sense of security. The town is nearly deserted, for practically all the rioters are under guard or in the hills. Not many dynamiters have left Canyon creek. The troops are waiting for reinforcements before making arrests there, as the union men may make a stand. About fifty strikers have left Burke by the Thompson trail, the only way out of the county, not along the line of the railroad.

A special train went down the O. R. & N. this afternoon to pick up those working out, but has not yet returned. General Merriam is expected here tomorrow morning, also the attorney general of the state.

All day long the work of arresting the men, believed to have been connected with the Bunker Hill outrages, has been in progress. Among them are many ringleaders in the organization. More of the chief dynamiters, however, have tried getting out of the country, but they will not escape. The state will go bankrupt, if necessary, to secure their conviction. By 10 o'clock this morning the work of drawing formal complaints against the more notorious strikers had been completed. Then the work of making arrests commenced.

As martial law had not been declared the local constables were deputed to serve the warrants. Captain Batchelor put a squad of colored fighters at the command of the constables, and they began the hunt. Up to the head of the gulch marched the pursuers, and then turning back they commenced to search every point where the rioters might be in concealment. Their coming caused a panic among the strikers. There was a wild scramble up the sides of the canyon. As they dodged through the brush the constables and deputies started in pursuit, and in most cases the chase was a short one.

Lined up owt abreast, and closely guarded, the captives were marched back to camp. There they were turned into the loft of a nearby barn. While the arrest of the men in Wardner was under way, search parties of soldiers and constables were sent out all over the surrounding country.

Among the men under arrest are five or six deputies sheriff, who were elevated to that office since the trouble began.

THE COLORED HEROES.

Washington, May 3.—The troops now on the way to Wardner are: Troop C, Fourth cavalry; company B, Twenty-fourth infantry; Troop A, Fourth cavalry; company M, Twenty-fourth infantry.

Those ordered to Mullan, Idaho, are: Company D, Twenty-fourth infantry; company K, Twenty-fourth infantry, and two companies of the Twenty-fourth infantry, from Forts Russell and Douglas.

The Twenty-fourth regiment consists of enlisted colored men. Most of them saw service in Cuba.

THE FILIPINO EMISSARIES

Meet General Otis for a Conference

No Result at the Second Meeting.

List of Prisoners Held by Aguinaldo Received by Americans—Gilmore is Still Alive.

MANILA, May 2.—(Wednesday noon.)—The second conference, this morning, between General Otis and the Filipino emissaries, Col. Manuel Arguelles and Lieut. Jose Bernal, terminated without definite results.

NAMES OF CAPTIVES.

Washington, May 3.—The following cablegram was received at the war department at midnight:

Manila, May 2.—Adjutant General, Washington.—The list of prisoners in the hands of the insurgents, just received, shows Lieutenant Gilmore and the seven enlisted men in the navy lost from the Yorktown, and six enlisted men of the army, three of the six wrongly arrested in January before hostilities commenced, all reported being well. Besides the above, two men are in the hands of the insurgents to the south, and Captain Rockefeller is still unaccounted for. (Signed.) Otis.

LAWTON'S PROGRESS.

Washington, May 2.—The following cablegram was received by the war department shortly before midnight:

Manila, May 2.—Adjutant General, Washington.—General Lawton's column, passing westward from Norzagaray, captured Baling and villages in that vicinity yesterday, scattering and pursuing 1,600 insurgent troops. His only casualties are two wounded. The insurgent loss is several killed and a large number wounded and captured; the number is not stated. I have opened communication with Lawton, via Malolos, by means of Hale's troops and detachments from the city. (Signed.) Otis.

MANILA, May 4.—(Thursday noon.)—General MacArthur is now assaulting the town of San Tomas, five miles northwest of Calumpit. The Americans are fighting for the bridge and the rebels are burning the town.

OTIS' REPORT.

Washington, May 3.—General Otis made no mention, in his report today, of the exchange of negotiations with the insurgents, but that did not abate the confidence of the officials, in the ultimate success of the pending attempts to arrive at an understanding. There is a belief, at the war department, that the Filipino leaders are

thoroughly discouraged and it is suspected the next step in the peace negotiations will be a wholesale effort on the part of individual Filipinos to make terms for themselves without reference to others. Meanwhile there may be small engagements, but nothing like a general battle is expected.

SEDITIONOUS PAMPHLETS.

San Francisco, May 3.—The local postoffice officials today seized some pamphlets sent to Manila by Edward Atkinson, vice-president of the Anti-Imperial League, of Boston. The pamphlets are addressed to Admiral Dewey, Prof. Schurman and others.

MCKINLEY ENDORSED.

San Diego, Cal., May 3.—The G. A. R. encampment for the department of California and Nevada, today passed resolutions upholding the course of President McKinley in the conduct of the war.

AN ACT OF TREASON

SEDITIONOUS PAMPHLETS FOUND IN MANILA MAILS.

Will Be Removed and Held by Postal Authorities—No Action against the Authors.

WASHINGTON, May 2.—The postmaster-general directed the postmaster at San Francisco to take out of the mails for Manila three pamphlets issued by Edward Atkinson, of Boston, vice-president of the Anti-Imperial League. This order does not apply to the circulation of pamphlets by mail in this country, but bars the dispatch to the Philippines, discontingent and even mutiny among the soldiers being stationed by the department to be the design of these publications. The three pamphlets are especially described, and in no circumstances are they to be forwarded by mail to the Philippines.

A member of the cabinet, in speaking of the matter, said that Edward Atkinson, of Boston, who is believed to have been largely instrumental in the preparation and sending out of these circulars, was questionably guilty of assisting the insurrection against the authority of the United States, and was subject to a term of imprisonment or a heavy fine, or both.

What action, if any, will be taken in the matter, has not been determined, but it is said that the government is disposed to regard the acts of Mr. Atkinson as those of a person without proper conception of the gravity of the offense committed, and that the government may not, at this time, take action against Atkinson and his assistants.

A PECULIAR TRAGEDY

TWO WOMEN FOUND DEAD IN A LODGING HOUSE.

Morbid Infatuation of One for the Other Resulted in Murder and Suicide.

STOCKTON, May 2.—A peculiar tragedy came to light here today, when the bodies of Mrs. William Hickman and Mrs. H. A. Hassall, clasped in a loving embrace, but both dead, were found in the room of a lodging house, a bullet having ended the life of each. Mrs. Hassall had been morbidly infatuated with Mrs. Hickman for some months, and last night Mrs. Hassall told Mrs. Hickman that she was going to start for London today, and begged Mrs. Hickman to spend the night with her. Mrs. Hickman consented, and her relations becoming alarmed at her non-appearance today, visited the lodging house and discovered the bodies. Mrs. Hassall had killed Mrs. Hickman, and then herself.

Mrs. Hassall came from London, England, and called herself the duchess, claiming that her husband is a duke. She became so madly infatuated with Mrs. Hickman, that her husband left her but the couple were about to be reconciled. Hassall is chief ranger of the order of Foresters in this city, and is supposed to be well-to-do, but he has been waiting in a restaurant here for some time. Medical men are of the opinion that Mrs. Hassall was insane.

A CABINET CRISIS

ITALIAN PREMIER ANNOUNCES THE RESIGNATION.

Ministry Not Supported, in Its Chinese Trouble, by the Chamber of Deputies.

ROME, Italy, May 3.—Upon the opening of the chamber of deputies, today General Pellieux, the premier, addressed an attentive house. He said, in consequence of interpellations touching the Chinese question, the government had considered the gravity of the situation. The effect of yesterday's debate showed a large minority of the chamber against the ministry's action in China, which would be supported by only a weak majority. Therefore, the prime minister said, there could be no useful result from a further discussion. General Pellieux concluded by announcing the resignation of the cabinet.
