

SALEM CYCLE ASSOCIATION.

May Connect Aurora and Turner Paths by Constructing One Through City.

The Salem Cycle Association held an important meeting in the office of Prof. W. I. Staley, the secretary, last night, and adjourned to meet in the city police court room, Wednesday evening, the 17th inst. at 8 o'clock.

At last night's meeting of the association, it was decided to circulate a subscription paper among the farmers residing along proposed cycle paths for the purpose of obtaining contributions of money or work to assist in the building of paths.

The matter of joining the Aurora and Turner paths by constructing a path through the city was favorably considered by the association. It is proposed to lay the path on Winter street beginning at the northern city limits, where work on the Aurora path will begin, thence south to Mill street, east on Mill to Fourteenth, thence south to Mission street, thence east to the city limits and connecting with the Turner path. In this behalf a committee consisting of Prof. W. I. Staley, Prof. A. W. Long and F. A. Wiggins, was named to investigate the matter and decide the most feasible route for such a path, see what subscriptions could be raised and report at the adjourned meeting.

The ordinance committee was instructed to confer with the city council relative to securing the right of way for the construction of a path within the city limits. The same committee was directed to request the council to declare the paths on Willson Avenue, cycle paths and also that the city establish a grade on the state house grounds as the secretary of state was prepared to construct paths, suitable for cycling, on either side of the capitol building, as soon as the grade had been established.

Work will begin today in the construction of a cycle path on the north side of Willson Avenue, the city and individual members of the cycle association, having co-operated in that behalf.

IN THE PROBATE COURT.

Two Bonds Filed and Approved—Demurrer to Be Argued.

J. H. Scott, guardian of the person and estate of Mary Ellen Mize a minor, yesterday filed a bond in the sum of \$2000 with the United States Fidelity & Guaranty Company, as surety, and the same was approved.

The hearing of the final account of Orin Savage, administrator of the Geo. O. Ashby estate, was continued until 10 a. m., Monday, May 15th.

The court yesterday approved the bond of Cincinnati Lavery and Wright Feshay, administrators of the estate of James Lavery, deceased. The bond was for \$1400 and J. M. Wolford was the surety.

The petition of L. Metayer and Wm. Kaiser, executors of the estate of Rev. J. S. White, deceased, for an order directing them to pay \$16, being the balance due on a certificate of sale executed to Rev. White, prior to his death, to 40 acres in Baker county, was granted. By the will of decedent the property in question was bequeathed to his sister, Georgine White, and it was necessary for the payment of the \$16 balance, before the title thereto could be obtained.

A demurrer to the amended petition in the action of the Kison heirs, through their attorney, Jefferson Myers, against John Hughes, as administrator of the estate of Seth R. Harmer, deceased, was yesterday filed by Mr. Hughes, and the same will be argued at 2 o'clock this afternoon. The demurrer alleges that the court has no jurisdiction in the case, that the petitioners do not have the legal capacity to sue and that it does not state facts sufficient to constitute a cause of action.

STATE TAXES PAID.

Harney County Remits in Full—Clatsop Pays on Account of Its Old Indebtedness.

State Treasurer Chas. S. Moore received several remittances on account of state taxes yesterday, as follows:

Treasurer J. C. Welcomes, of Harney county, sent in \$12,434.58, the full amount of his county's indebtedness on account of the 1898 taxes.

Treasurer J. L. Hyde, of Lincoln county remitted \$2,000 on account of 1898 taxes, being the first payment on a debt of \$4,249.42. Lincoln county owes \$19.23 interest on current expense tax for 1897.

H. C. Thompson, treasurer of Clatsop county, sent in \$2,500, a part payment of the delinquent taxes for 1892. That county has paid in full its indebtedness for 1898, but still owes for former years the following amounts:

Current expense tax 1892.....\$ 9,899.68

Interest on tax 1893.....258.69

Interest on tax 1894.....57.98

Current expense tax 1895.....139.78

Interest on tax 1895.....152.93

Interest on tax 1896.....127.37

Interest on tax 1897.....217.95

Total.....\$10,854.38

HOME FROM DENVER.—J. M. Wallace, president of the Salem Water company, has returned from a three weeks' visit in Colorado. Mr. Wallace visited the Colorado state normal school, at Greeley, where he delivered an address before the students. It has been nine years since Mr. Wallace left

Colorado, and at that time he was president of the board of trustees of that institution. The school property is now valued at \$100,000, and there is an attendance of 500 pupils, representing all sections of the United States.

While in Denver, Mr. Wallace submitted to an operation for cataract of the right eye and his sight was greatly improved thereby. He reports farming and stock interests in Colorado prosperous and says silver and "to to" is dead even in the state where the craze has been so generally prevalent. He says the Cripple Creek mining section is experiencing a great boom.

Highly Valued.

Corvallis, Or., May 4, 1899.—John M. Osburn of this place says he has taken Hood's Sarsaparilla for cataract and erysipelas and believes he should not now be alive had it not been for this medicine. It has given him great relief and he always speaks of it in the highest terms. Hood's Sarsaparilla is well known as a medicine of genuine merit. It has peculiar power to enrich and purify the blood.

A SALEM VOLUNTEER.—Late dispatches from Manila announce the wounding of E. J. Chamberlain, corporal of company K, he having received a bullet in the thigh. Corporal Chamberlain left this city June 22, 1898, among the recruits for company K, and shortly afterwards was assigned to a corporalship in his company. He is about 24 years of age and is a son-in-law of Salmon Brown, of East Salem. He is a native of Vermont, but resided with his parents in Portland for several years. He lived in this city for about a year before enlisting as a recruit, and during that time was employed as an attendant at the insane asylum.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by J. H. Lunn, druggist.

AN INJURED LIMB.—Yesterday, as Joe Howard was loading feed at the Salem Flouring mills, he was struck on the left leg by a sack of feed that was being sent down the chute which is used in loading feed into the wagons. The limb was bent across the wagon box, but at the time no serious consequences were anticipated, but later in the day the injured member began to pain him, and upon consulting a physician, it was ascertained that the limb had been badly sprained and that, in consequence, Mr. Howard would be unable to work for several days.

TO-NIGHT AND TO-MORROW NIGHT.

And each day and night this week you can get at any druggist's Kemp's Balsam for the throat and lungs, acknowledged to be the most successful remedy ever sold for Coughs, Croup, Bronchitis, Asthma and Consumption. Get a bottle today and keep it always in the house, so you can check your cold at once. Price 25c. and 50c. Sample bottle free.

A NEW CLERK.—L. B. Geer, state land agent has a new clerk. Miss Alice Davenport, who held that position heretofore, has resigned, going to the home of her parents at Silverton, and Miss Eva Geer, a daughter of the state land agent, has assumed the duties of the position. Mr. Geer will leave in a few days for an extended visit to Eastern Oregon, in the interest of the state, and M. L. Chamberlain, of this city, will temporarily assist Miss Geer in the office during her father's absence.

A SERVICEABLE COAT.—Hon. George G. Downing recently invested in a Russian bear skin coat at an outlay of \$75, which will accompany him to the Alaska gold fields, whence he leaves tomorrow. It will doubtless prove a serviceable and reasonable acquisition to his wardrobe while visiting the frigid country to which he is going.

MT. ANGEL WON.—An exciting game of baseball was played at Mt. Angel Sunday afternoon between the home team and an aggregation of players from St. Paul, in which the visitors were defeated by a score of 9 to 7. The game was witnessed by about a score of Salemites, who made the trip by wheel.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Dr. Stone, druggist.

After all this work that has been accomplished by the union and the great work which the denominations are doing, there are no less than 11,000,000 youths in the United States between the ages of five and eighteen, who are not in any Sunday school. Realizing the great need, as the Union does, it is desired that this seventy-fifth anniversary shall be the occasion for arousing fresh interest in the great work of the society for the neglected children of the land. They especially request that the 18th of May be observed in all the churches and Sabbath schools as American Sunday-School union day.

TO SAVE BRANTON'S LIFE

EFFORTS TO SECURE A COMMUTATION OF SENTENCE.

Invitations to the Hanging Received in this City—Will Take Place on Next Friday.

(From Daily, May 9th.)

Judge W. C. Hale, of Eugene, attorney for Claude Branton, the condemned murderer, accompanied by Mrs. Branton, mother of the convicted man, called on Gov. T. T. Geer yesterday, armed with petitions bearing several hundred names, urging the governor to commute the death sentence of Branton to life imprisonment. For nearly two hours the petitioners presented arguments before the executive, urging that clemency be granted the young prisoner, and that he be sent to the penitentiary instead of being executed. After the visitors had left Governor Geer, the latter said that he would take no action in the premises for the present, but that he had taken the matter under consideration for a few days.

Branton was arrested for the murder of John Linn, committed in the spring of 1898, in the mountains on the upper MacKenzie river, for his money. His partner in the crime confessed to participation in the murder and turned state's evidence, being himself sentenced to life imprisonment. Branton stood trial, was found guilty of murder in the first degree and was sentenced to be hanged. An appeal was taken from this judgment, and the case came to the supreme court, where the decision of the trial court was affirmed, and Branton was a second time sentenced to be hanged, the time for the execution being set for Friday, May 12, 1899, between the hours of 10 a. m. and 2 p. m.

Sheriff F. W. Durbin and Deputies, P. N. Derby and B. B. Colbath, have received, from Sheriff W. W. Withers, of Eugene, invitations to Branton's hanging. The invitations are printed on gilt-edged cards with a black border as indicated below. The summons reads as follows:

Sheriff's Office.
Eugene, Or., 4-29, 1899.
This permit will entitle you to witness the execution of Claude Branton, in the City of Eugene, Lane county, Oregon, on Friday, May 12, 1899.
W. W. Withers,
Sheriff of Lane Co., Ore.
Not Transferable.

Governor Geer has also a large number of petitions from Jackson county, asking for the commutation of the death sentence of Frank Lawrence Smith, convicted of the murder of a fellow-tramp in a box car on the Southern Pacific railroad, near Ashland, last spring. The murder was committed for the purpose of robbery, and upon trial a conviction of murder in the first degree resulted. An effort is now being made to secure a commutation of the sentence to life imprisonment, and, although the man was a stranger in the community, a large number of the citizens of Jackson county have signed the request for a stay of the death sentence.

SEVENTY-FIVE YEARS.

Diamond Anniversary of the American Sunday-School Union to be Held in Philadelphia in May.

Much interest is being developed in this great National society as the occasion of its seventy-fifth anniversary approaches.

Meetings will be held in the Academy of Music on May 24th and 25th, at which addresses will be made by the following eminent speakers, representing the varied interests which are served by the work of this society: D. L. Moody, the well-known evangelist, Rev. Dr. A. F. Schaffner, of New York, Rev. J. M. Crowell, D. D., of Philadelphia, the Rev. Newell Dwight Hillis, D. D., successor of Henry Ward Beecher in Plymouth Pulpit, Rev. E. W. Rice, D. D., of Philadelphia, Rev. Russell H. Conwell, D. D., of Philadelphia, Rev. Dr. E. K. Bell, of Mansfield, O., Rev. Addison P. Foster, D. D., of Boston, Rev. Henry Clay Trumbull, D. D., editor Sunday School Times, E. P. Bancroft of New York, W. E. Dodge, of New York, W. A. Hillis, of Ohio, Rear Admiral J. W. Philip, U. S. N., F. G. Engsign, of Chicago, Gen. Joseph Wheeler, U. S. A., Morris K. Jesup of New York the president of the society, Rev. J. H. McCullagh, of Kentucky, W. L. D. Groff, of Kansas, Rev. W. R. King, of St. Louis, Mo., Rufus M. Jones, editor American Friend, Philadelphia, Rev. Theodore Cuyler, D. D., of Brooklyn, and others.

H. H. McGranahan, with the assistance of the Philadelphia Choral Union and other singers, consisting of 600 voices, will have charge of the music. The work of the society for 75 years in part, is as follows: 100,928 Sunday schools organized, containing 578,680 teachers and 4,070,348 scholars; 224,844 cases of aid to schools, having 13,332,963 members. Nearly four schools a day organized for every day of the last 75 years. Value of publications distributed by sales and gifts, over \$9,000,000.

After all this work that has been accomplished by the union and the great work which the denominations are doing, there are no less than 11,000,000 youths in the United States between the ages of five and eighteen, who are not in any Sunday school. Realizing the great need, as the Union does, it is desired that this seventy-fifth anniversary shall be the occasion for arousing fresh interest in the great work of the society for the neglected children of the land. They especially request that the 18th of May be observed in all the churches and Sabbath schools as American Sunday-School union day.

OBADIAH SANDS

Keeps 120,000 Cows Busy and Turns Out 14,000,000 Pounds of Butter.

"The saying, 'When the cows come home,' means something to Obadiah Sands of Illinois," said a citizen of this state. "It requires the coming home of 120,000 cows to supply the milk with which he makes his annual output of butter. He made and sold 14,000,000 pounds of butter last year, and received \$3,500,000 for it. Of course, he didn't stand and agitate the churn-dasher, that thrashed all that butter out; but the employees of the 100 creameries that he owns and controls managed to churn it. Obadiah Sands is the largest butter producer in the world, and twelve years ago he began with one small creamery. Now it requires twenty car loads or more than 600 tons of salt to salt the butter he turns out every year and 6,000 farms to support the cows that furnish the milk. Obadiah Sands is only a butter maker, but he is doing quite well."

Who's to Blame?

News from Madrid says that Gen. Martinez Campos has insisted upon the appointment of a commission to investigate the conduct of the war and to place the responsibility. Carelessness and neglect all through the war gave rise to the most disastrous conditions, but no more dangerous than comes from neglect of the health. It is every one's duty to guard his health. It is easier to keep it than regain it. Hostetter's Stomach Bitters taken honestly will not only create health, but will preserve it. It is the medicine which for fifty years has made weak stomachs strong and has overcome that terrible dragon, dyspepsia, and all the evils such as constipation, biliousness, kidney and liver troubles, malaria and fever and ague, which follow in its train.

A NICKEL'S WORTH OF WIND.

Contrivance by Which One May Have Cool Breezes in Summer.

Among the summer novelties recently patented is an electric fan, worked on the principle of the nickel-in-the-slot machine. It is proposed to build a large number of these and place them in offices and homes, where the current has been already installed. They are put in operation by the insertion of the necessary coin, and a refreshing current of air may be had until a certain predetermined amount of current has been used, when it is necessary to insert another coin. The inventor of this says that many persons are deterred from investing in these fans because of their initial expense of purchase, and the limited service secured, there being but about two months in the whole year when the fans are desired. He thinks the fans would be more generally resorted to if a delightful breeze could be created merely by the expenditure of a small amount of money.

THE HOMLIEST MAN IN SALEM

As well as the handsomest, and others are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Bronchitis and Consumption. Price 25c and 50c.

WHEN HE WAS FOND OF IT.

Quinn—Are you fond of Welch rabbit?

Topfiff—Before eating, while I am eating, and for a short time after.—Boston Transcript.

WHEN NATURE

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

RUSSIAN VILLAGES WITHOUT SCHOOLS.

There are over 10,000 villages in Russia where no school exists.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

Mrs. S. S. HARRY,
360 Elm St., Mason, Ga.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S. S. S. For the Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

A NEW MILITIA COMPANY

THE ADJUTANT GENERAL ORGANIZED ONE IN GRANT'S PASS.

One More Will Fill the Battalion in the Valley and Salem Should Have It.

(From Daily, May 9th.)

Adjutant General B. B. Tuttle and his chief clerk, Lieut. T. T. Strain, of Portland, came in on yesterday morning's overland train from Grant's Pass, where they had gone to muster in a company of militia, newly organized. The company was mustered in on Saturday, fifty men being examined and sworn into the service. Following the work of mustering in the company, officers were elected as follows:

Captain, Abe Axel, judge of the Jefferies county court.

First lieutenant, E. E. Brown, a recently discharged soldier, who went through the Philippines campaign in the First Nebraska volunteers.

Second lieutenant, James Tait.

An officers' school was held and the adjutant general and his assistant gave instructions to the three gentlemen, elected as commissioned officers, regarding their duties. The non-commissioned officers were also given instructions and the company placed in excellent condition for the work before them.

The formation of this company at Grant's Pass, leaves but one company for the Third regiment, O. N. G., to be organized in the valley, and the adjutant general hopes that it will be organized in Salem.

There has been considerable talk in this city, relative to the organization of a military company, but no steps have as yet been taken to bring a company into existence in Salem, and, unless it is done soon, the battalion apportioned to this valley will be filled by the organization of a company in some other city, and Salem will be left in the cold.

Many of the young men who contemplate going into the new company here, if one is organized, were yesterday discussing the advisability of immediate action, and it is believed that an effort will be made to perfect the organization soon, and have the Salem company mustered in.

The rules for mustering in the national guard are stricter than formerly, the aim being to enlist such men as could pass muster in the regulars, and the men secured for the new companies being organized throughout the state are required to pass a strict medical examination so that, in case the federal government should again need the militia, none of them would be rejected by the mustering officers, as was the case at Camp McKinley last spring, when a large percentage of the guardsmen could not pass muster, being rejected on account of physical imperfections. The adjutant general reports that all the men mustered into the militia since the Second Oregon went to the Philippines, passed as critical examinations as did the members of that now famous regiment of volunteers.

A PROGRESSIVE RAILROAD.

The Rio Grande Western railway, otherwise known as the "Great Salt Lake Route," is and has been, since the opening of the "Oregon Gateway," the popular transcontinental route between the Pacific Northwest and the East. To add to its popularity, arrangements have been made to make its train service and equipment superior to any of its competitors. Already the running time of its several express trains has been cut down so that the passengers from Portland reach Chicago in less than four days, and New York in less than five days. Effective May 1st, a perfect dining car service will be established. This will make the trip via Salt Lake City the ideal one. To further add to the comfort of its patrons, handsome excursion tourist cars are being built for the run between Portland and Chicago. With the dining car service established and the new tourist cars running, there will be little to be added to make a perfect train.

For information as to rates, etc., apply to the nearest ticket office of either the O. R. & N. Co. or Southern Pacific Co. or address

J. D. MANSFIELD,
Portland, Oregon.

TITLED PEOPLE IN TRADE.

A good many men and women of high birth have entered business during the last ten years, but there is a general impression the only thing "the women have tried is dressmaking, and that the men have all gone on the stock exchange," as the following list proves:

Mrs. Wellesley, a relative by marriage of the Duke of Wellington, has for years kept a flower shop in Lower Grosvenor place.

Lord Hampden conducted a milk establishment at Glynde, known as "The Creameries." Both these did much business in London.

At the present time Mr. Dormer, nephew of Lord Dormer, has gone into the milk business.

Lord Reyleigh has a large dairy and egg store in Bloomsbury. The Marquis of Londonderry's name is on many coal carts. The Earl of Harrington has identified himself with the fruit and vegetable trade. His shop at Charing Cross is close to the old family town mansion, now occupied by the Dowager Countess of Harrington.—London M. A. P.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Buchen's Arnica Salve, cures them, also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Drives out Pains and Aches. Only 25c. a box. Cure guaranteed. Sold by Dr. Stone, druggist.
