

FROM SUNDAY'S DAILY

INTERESTING DISCUSSIONS.—The regular monthly meeting of Salem Grange, held in the State Insurance building yesterday, proved a very interesting and profitable meeting...

FREIGHT RATES.—In the governor's office numerous complaints have been received, from various portions of the state, concerning the prevailing freight rates...

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it...

MACHINERY SOLD.—If the number of recent sales of heavy farm machinery by E. M. Croft can be taken as an indication of prosperity...

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief...

STATE TAXES.—In the state treasury, yesterday, the balance of the Marion county state tax for the year 1928, was received, the amount of which, \$4,928.22...

Mr. P. Ketchum of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief."

A SERIOUS ACCIDENT.—While attempting to shoot a dog about 8 o'clock last evening, Joe, the 13-year-old son of Mr. and Mrs. J. A. Richardson, of North Salem, accidentally shot himself...

A DANDY.—H. S. Ghe, local agent for the Victor bicycle, was yesterday exhibiting, among local cyclists, a spin-roller safety, manufactured by his company. The mechanism of the machine is simple and at the same time intricate...

FOR RACING PURPOSES.—Jack Kays, of Howell Prairie, yesterday began work on a half-mile race track on his farm. Having had considerable experience with horses, Mr. Kays expects to take horses to train and board for the summer.

TWO LICENSES.—County Clerk W. W. Hall was called upon to aid in securing happiness for two couples of Mason county people...

Discovered by a Woman.—Another great discovery has been made, and that, too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests...

RECEIVED A LEGACY.—James Kershaw, employed as night watchman at the state penitentiary, yesterday received word that he had been left a legacy of 200 pounds by his cousin, Wm. Taylor...

The Power of the Press.—The power of the press is a common expression, but few really realize its actual power. Deep thinkers do not hesitate to assert that half the crime of our country may be traced to this source...

WILL WED.—F. J. Barr, son of J. G. Barr, of this city, and a young man of sterling worth, went to Mount Angel yesterday afternoon where on next Wednesday, he will wed Miss Lena Buchheit.

TO-NIGHT AND TO-MORROW NIGHT.—And each day and night this week you can get at any druggist's Kemp's Balm for the throat and lungs, acknowledged to be the most successful remedy ever sold for Coughs, Croup, Bronchitis, Asthma and Consumption...

THEY AIM TO STOP SWEARING.—Village Trustees of Millstadt, Ill., Will Suppress Profanity.—Profanity is to be suppressed by order of the board of village trustees of Millstadt, Ill. A demand has been made upon them for the enforcement of the law against the profane and obscene language in public places...

An Excellent Combination.—The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system...

NAMED FOR A YEAR

ANNUAL MEETING OF THE INDIAN WAR VETERANS.

The Organization Will Not Support Congressional Candidates Unmindful of Its Interests.

(From Daily, June 4th.) The annual meeting of Bennett Camp No. 3 Indian War Veterans, was held in this city yesterday, at the office of J. G. Wright. The meeting was largely attended and the election of officers had the following result: Captain, J. H. Elgin; first lieutenant, Charles Calvert; second lieutenant, F. M. Smith; orderly sergeant J. G. Wright; color bearer, Wm. Townsend; musician, C. Farlow. Representatives to the grand encampment which convenes in Portland, on the 14th inst., were named as follows: F. M. Smith, C. Farlow and J. G. Wright. All past representatives have a seat in the grand encampment.

THE SIX NEW CRUISERS.

The revised plans of the new group of protected cruisers to be laid down this year will make them still more efficient, especially in the matter of large steaming radius, to which much attention has properly been given since our acquisition of distant islands. As now planned the six cruisers will exceed in various particulars not only the Atlanta and Boston but the Cincinnati and Raleigh. They will have a length of 234 feet and a beam of 43, against 214 and a little over 42 for the Atlanta and 30 and 42 for the Cincinnati; yet they will be of lighter draught than either, namely 15 1/2 feet mean draught on trial and 16-2 1/2 at moor when fully loaded. The full load displacement will be 3,400 tons and the trial displacement 3,100. The Atlanta's bunker capacity is 490 and the Cincinnati's 460, while that of the new cruisers will be 700, which will enable them to steam 2 3/4 days with a coal consumption of 23 1/2 tons a day, and at 10 knots an hour they can go 7,125 knots.

WHALES IN THE HUDSON.

People of Albany Thought the World Was Coming to an End.—The winter of 1646-7 in the colony of Rensselaerswyck was remarkably long and severe, the river having closed in November, and remained frozen for four months. A very high freshet resulted in the spring of 1647, which destroyed a number of houses in their stables; nearly carried away the fort, which was located on what is now Steamboat square, and inflicted considerable damage in the colony.

FLOATING.

"Enough champagne is drunk yearly," said the statistical person, "to float the Congo." "I once floated a \$5,000,000 trust," said the promoter, "on only three dozen quarts."—Irishman's Journal.

Hop Shivers of Winfield has announced himself as a candidate for a county office.—Chanute Tribune.

AN OREGON ARTIST.

Mrs. Carey F. Martin, wife of one of Salem's young attorneys, returned home last Sunday evening direct from New York city, where she has been nearly a year studying sculpture under the noted Daniel C. French, of the New York Art Student's League. After being in the school four months she had reached such proficiency in her work that she was invited to join the most advanced class in the school and at the close of a seven weeks' course a full life-sized figure modeled from life—the figure produced by Mrs. Martin was pronounced to be the best likeness of the model. This is indeed most gratifying, as there were others in the class who had been studying five years or more.

Mrs. Martin has been the guest during the year of her brother, Homer C. Davenport, the world-famous cartoonist, at his country home at East Orange in New Jersey, but, of course, she has gone back and forth each day to New York on the suburban trains. Before leaving the East, Mrs. Martin executed life-size portrait busts of the members of Homer Davenport's family and executed a number of miniature pieces in addition to her school work and comes home for rest after a very hard year's work, during most of which time she worked six days in a week and stood at the clay models carefully tracing difficult lines for from seven to eight hours per day.

WHERE WOMEN GOVERN.

There is in Russia a district which is wholly administered and during most of the time exclusively inhabited by women. It is the province of Smolensk, and comprises a district of about 15 square miles, from which all able-bodied men emigrate in the spring to neighboring towns and districts in search of work, remaining away about nine months in the year. In their absence the women cultivate the fields and manage local affairs generally, under the presidency of a woman mayor. Before daylight the women assemble in a sort of clubhouse and play cards till near 2 in the morning. Virtue there is compatible with unlimited cakes and ale, and, though the hours are late and so much time is given to amusement, the community is prosperous, disorder is unknown, and it is one of the best conducted portions of the empire.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck which had to be treated by a long while, but the physicians were unable to cure me, and my condition was as bad as when I began my treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured entirely, and have never had a sign of the disease to return."

But One Cure for Scrofula.

Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint. Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck which had to be treated by a long while, but the physicians were unable to cure me, and my condition was as bad as when I began my treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured entirely, and have never had a sign of the disease to return."

S.S.S. For The Blood

is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc.

THE BICYCLE PATH

WORK ON THE JEFFERSON-TURNER LINE COMMENCED.

Salem Wheelmen Wish to Take Action on the Complaints of the Chemawa Club.

(From Daily, June 4th.) B. B. Herrick, the Marion county surveyor, with his force of assistants, yesterday began the work of surveying the bicycle path between Jefferson and Turner, starting from the Linn county line and following the main county road from Jefferson to Marion and Turner. Mr. Herrick expects to reach Turner by tomorrow noon, where he will connect with the Salem-Mehama path, surveyed to that place. On Monday afternoon the surveying force will leave for Mehama and, beginning from that end of the line, survey the path along the main county road, by way of Stayton and Aumsville to Turner, connecting with the line run by this city.

The matter of constructing the bicycle paths, under the direction of the county court, and with the funds secured through the means of the special tax on bicycles, is attracting considerable attention among local wheelmen. The Chemawa Club have come to the ears of the leading advocates and friends of the wheel in Salem, and yesterday a large number of Salem wheelmen went out to inspect the route followed by the survey of the proposed path, and also the work being done by the superintendents of construction between this city and Chemawa. They found the work being done to be the best possible under the circumstances, and all speak in high terms of the efforts of H. T. Bruce, who has charge of the work. Nearly all of the wheelmen, who inspected the works, insist that the complaints of the Chemawa wheelmen, in every instance, were found to be well grounded, the surveyor having run the line, in many places, in the ditch alongside the road, instead of on higher ground nearer the fences bordering the road, and that Mr. Bruce is building the path, according to the instructions received from the county court—on the survey. The result of this is that in many places the grade or fill made by the workmen, consists of loose dirt, piled three to four feet deep, where the ditch was formerly, making the path a soft one, and requiring a long space of time before the dirt will settle and become a good, solid foundation.

Wheelmen, who have examined the route, say that this could have been avoided, by running the path on the solid ground outside of the ditches, where, in most places, very little work would be required to construct the path, thus giving better results from the start, that is, it would immediately make the path available for use.

Last evening County Judge G. F. Terrell and J. H. Albert, president of the Marion county wheelmen association, went out on the line of the path; they expressed themselves as pleased with the work done, but instructed Superintendent Bruce, for the present, only to build the path where no natural path existed between the ditches and the fences, and to skip those portions of the survey where a natural roadway for wheels was found along the line of the proposed path. This will expedite the work very much, and at once make the path available for wheelmen, at the least possible expense to the county. Later, if it is found that enough money remains in the fund to allow of filling in any completing those portions of the path now being skipped, this work will be done, and thus a good highway made for the exclusive use of the wheelmen.

In order to lay the matter before the Salem wheelmen, and secure an expression from them as to their view of the existing conditions, a number of the members of the club yesterday circulated a petition to the president of the club, J. H. Albert, asking him to call a special meeting of the organization for Tuesday evening, when the matter will be discussed, and probably resolutions passed, regarding the manner of construction of the path, and efforts will be made to secure a change in the route of the path, so as to avoid the great expense, entailed in building the path in the ditch alongside the county road. There is also considerable talk of calling a meeting of the Marion county wheelmen's association for the same purpose, as the bicycle riders are very much interested in the matter of the proper construction of the path and the judicious expenditure of the money raised by the special tax.

The number of bicycles registered with the sheriff up to 5 o'clock last evening, on each of which the tax of \$1.25 has been paid, was 2291, five of these being registered yesterday, as follows: Arthur Glover, Rambler; Bert Yates, Rambler; J. Vanfleet, Rambler; Wm. Campbell, Hartford; Joe Miller, Rambler.

Glorious News Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Dr. Stone, druggist, Guaranteed.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffly circles under the eyes, the hollow parsnip-colored complexion indicate it.

When these symptoms are present, no time should be lost in removing the cause. Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble. Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

Some person or persons feloniously entered Ed Egg's restaurant Friday evening by use of a key, with which they unlocked the front door.—Scandia Journal.

Fluence is cured by Beecham's Pills.

Visit DR. JORDAN'S Great Museum of Anatomy. 1021 MARKET ST. Between 7th & 8th Sts., S. F. CAL. We are continually receiving new specimens, and have to avoid at home and abroad. If you would like any of the above mentioned, we will send you any of the following on order.

NERVITA Restores VITALITY, LOST VIGOR AND MANHOOD. Cures Impotency, Night Emissions and wasting diseases, all effects of self-abuse, or excess and indolence. A nerve tonic and blood builder. Brings the pink glow to pale cheeks and restores the fire of youth. By mail \$5.00 per box; 6 boxes for \$25.00; with a written guarantee to cure or refund the money.

DOCTOR MEYERS & CO. Specialists for Men. These physicians have been practicing in California and the West for over 100 years. They have the latest and most complete medical information, and the most successful methods in the U. S. No Pay Till Cured. Unfortunate men who cannot call should write for address and get particulars. ALL FREE. Thousands cured at home. All letters answered. No Charge for Consultation. 731 MARKET ST., SAN FRANCISCO. Elevator Entrance.

ON THE SPOT. That's what wins—Getting there first and hitting 'em hard when you arrive. That's what Our Goods and Our Prices are doing for competition in the Shoe line this season. We're hammering down prices and driving up values. \$3.25 is our price for the above Shoe—Faultless in style and finish. Made by The Brown Shoe Co., St. Louis, who turn out nothing but the best. FOR SALE BY New York Racket SALEM, OR.
