WILL SERVE AGAIN

PROF. W. C. HAWLEY ELECTED TO SUCCEED HIMSELF

As President of Willamette University—Remainder of Faculty Will Be Named Next Week.

(From Daily, June 29th.)

The board of trustees of Willamette University held an adjourned session in this city yesterday and re-elected Prof. W. C. Hawley, president of the institution. The other members of the faculty will be determined upon and reported at an adjourned meeting of the board to be held next Wednesday.

The action of the board in re-electing Professor Hawley to the presidency of the university is not to be construed as an intentional disregard of President Hawley's request that he be relieved as president of the institution and that a minister be named as his successor. The recommendation made by President Hawley will be carried into execution by the board when the right man for the place can be obtained.

THE NATIVE DAUGHTERS.

Grand Cabin of the New Order Has Assumed Corporate Shape by Filing Articles.

The Grand Cabin of the Native Daughters of Oregon, filed articles of incorporation in the state department yesterday afternoon. The new corporation will have its headquarters in Portland until the regular meeting, which will be held in Portland, in June 1902. The incorporators are Mrs. David Steel, Mrs. Edyth Weathered, Mrs. W. D. Palmer, Mrs. J. A. White, Mrs. Annie Leasure, Mrs. Ella Cole Lehigh, Mrs. Sol. Blumauer and Mrs. Maude Pope Allyn, who are the grand ladies.

The Goble Improvement Co. also assumed corporate shape by filing articles. This company will erect a hall in the town of Goble and rent it for various purposes. The company has a capital stock of \$100, divided into shares of the par value of \$1 each. M. Link, H. M. Fowler and J. Espin are the incorporators of record.

TO THE MIDDLE PACIFIC.—Frank C. Baker, the ex-state printer, and wife were passengers on the last night's California express. They are going to San Francisco, thence to Honolulu. The Oregonian, of yesterday, has the following to say concerning them: "Mr. and Mrs. Frank C. Baker leave tonight for San Francisco, where, on July 31, they will take the steamship Australia for Honolulu. This is Mrs. Baker's first visit to the paradise of the Pacific. They will be gone long enough to visit Oahu, the island on which the capital is situated; Maui, one of the sugar-plantation islands; Kanai, 'the flower island,' and Hawaii the largest of the group, on which is the famous Mauna Loa, the most interesting mountain in the world, being still an active volcano. Mr. Baker has a brother in

Honolulu, Charles Baker, whom many old-timers here will remember, who has been there for 30 years, and who will accompany Frank and his wife over the islands named, and perhaps others of the group."

SERIOUSLY ILL.—H. A. Thomas was taken seriously ill yesterday afternoon, and for a time he was considered to be in great danger. He was hastily removed to the family residence on Mill street, and Dr. J. N. Smith sent for. The physician very promptly applied remedies, and gave directions for the patient's care, and at a late hour last night he was resting easy, and it is expected, a short rest will soon restore him to his usual good health. Mr. Thomas had a similar attack about a year ago, which, however, was more violent than the one from which he suffered yesterday.

A LIVELY RUNAWAY.—Becoming frightened at a passing street car, the team of W. W. Stevens, which was attached to a light hack, and standing in front of E. C. Cross' butcher shop, enjoyed a lively spin yesterday. Running west on State street to Commercial, the team turned south and collided with a telegraph pole at the Willamette hotel, shattering the buggy pole and jamming the harness. The horses escaped uninjured but were captured within a few feet from where the collision occurred.

FROM ROSELBURG.—Henry Henmel, a bridge carpenter, was yesterday brought to the asylum under a commitment issued by the county court of Douglas county. The unfortunate man has been afflicted for several weeks, the immediate cause of his aberration, being laid to alcohol. Sheriff R. L. Stephens, of Douglas county, accompanied by F. W. Dillard as guard, had charge of the patient. The expense of transportation was \$44.05.

SOLDIERS FOR MANILA.—A detachment of thirty-two soldiers from Minneapolis, Minnesota, in charge of Sergeant Ingersoll, passed through this city on the overland last night for San Francisco, en route to the Philippines, where they will be assigned to regiments of the regular army, now serving under General Otis.

British consuls are now required to send important trade reports and news by telegraph.

"The Mill Cannot Grind with Water That's Past."

A fagged out, tearful little woman said this in telling her cares and weaknesses. Her friend encouraged by telling of a relative who was cured of just such troubles by Hood's Sarsaparilla. The little woman now has tears of joy, for she took Hood's, which put her blood in prime order, and she lives on the strength of the present instead of worrying about that of the past.

Told Her Friend—"After having gone on my neck 42 years Hood's Sarsaparilla completely cured me. I was so glad I told friends about it and a lady in Wisconsin who read of my cure told me she also took Hood's for the same trouble and was cured. She thanked me." Mrs. Anna Sutherland, Kalamazoo, Mich.

A WRIT OF REVIEW

EFFORT TO RESTRAIN ISSUANCE OF LIQUOR LICENSE.

City of Silverton and Wm. Haack, of This City, are Defendants—Will Be Heard July 11th.

(From Daily, June 29th.)

J. H. McCorkle, a resident, legal voter and a taxpayer of Silverton, has instituted in department No. 2, Marion county circuit court, against the city of Silverton, Allen Forward, as recorder of the city of Silverton and Wm. Haack, defendants in error, enjoining the issuance of a liquor license by the municipal authorities of that corporation to Mm. Haack, and non-compliance with the provisions of the city statutes in procuring the said license. The writ is made returnable Tuesday, July 11th.

The petitioner alleges that the defendant in error Wm. Haack, presented to the Silverton city council on June 27, 1899, a petition for a six-month liquor license, bearing eighty-five signatures, that the said Wm. Haack did not post three notices in public places, as by the city statute provides, stating that in ten days thereafter he would apply to the said council for a license to sell spirituous, vinous or malt liquors, that the petition filed by Wm. Haack purporting to have eighty-five names did not contain the names of any legal voters in Silverton in excess of sixty-eight names, that three of the names on the petition were non-residents, two did not authorize the signing of their names to the petition and that prior to the presentation of the petition to the council on the 27th, instance, sixteen others who had signed the petition, presented a request to the council praying that their names be stricken from the list of names; that the whole number of legal voters in Silverton is 153; that the request of the sixteen voters before mentioned to have their names stricken from the liquor petition was ignored by the council; that said council refused to ascertain the qualifications or disqualifications of any of the persons who signed the said petition though petitioner was prepared to submit evidence showing that several of those signing the petition were not qualified petitioners; that the petition was not signed by one-half of the legal voters of the city as by law provided; that at the time the petition and application for license was presented, the said Haack did not present a bond for \$1,000 for the approval of the council as required by the city statutes; that after considering the petition of Mr. Haack the council directed the issuance of a license and unless restrained the defendant in error Allen Forward, as recorder of said city of Silverton, will issue such license; that the meeting of the council at which the petition was granted, was irregularly convened, that it was not a regular meeting and that the same was not convened by the mayor upon one day's notice to all the members of the council. C. M. Hinkle, one of the councilmen receiving no notice whatever.

The petitioner then cites grounds of error, in substance as given above, and prays for an order of the court reversing and setting aside the order of the common council of the said city of Silverton, directing that a license be issued to said Wm. Haack to sell spirituous, vinous or malt liquors within the corporate limits of the city of Silverton for a period of six months, and require the said city of Silverton, to reject said petition and disallow the prayer thereof, and that plaintiff in error recover of the costs and disbursements of this proceeding, and for such other and further relief as may be proper.

Circuit Judge Boise granted the order as prayed for, which is made in the following terms: "Now on this 28th day of June, 1899, on motion made by L. J. Adams, John A. Carson, and G. G. Bingham, attorneys for the above named plaintiff, for an order for a writ of review herein, and upon hearing plaintiff's petition for said writ, and said plaintiff having filed a good and sufficient undertaking herein with one surety in the sum of \$100, it is therefore ordered that a writ of review be forthwith issued in this suit, directed to Allen H. Forward as recorder, and clerk of the city of Silverton, Oregon, directing and requesting said Allen Forward to return said writ of review to department No. 2, of the above named circuit court on or before the 11th day of July, 1899, with a certified copy of the record of the common council of the city of Silverton and of all proceedings relating to the petition of Wm. Haack for a license to sell spirituous, vinous or malt liquors within the corporate limits of

the city of Silverton for a period of six months, which petition was presented and attempted to be considered by said council of the city of Silverton on the 27th day of June, 1899, that the same may be reviewed by said circuit court. It is further ordered that the above named defendants and each and all of them desist from all further proceedings in the matter above named, so to be reviewed, until further orders of this court."

Mr. Haack, one of the defendants in error, is a resident of this city, where he was formerly engaged in the saloon business.

MRS. MCKINLEY ILL.

The President's Pacific Coast Tour Is Abandoned in Consequence.

New York, June 28.—A special to the Herald from Washington says: The state of Mrs. McKinley's health at this time is decidedly worse than since she has been in the White House, and the president will remain in Washington probably all summer, and will take very little vacation out of the city.

President McKinley's projected trip to the Pacific coast, which had been looked forward to in anticipation of enjoyment to himself and improvement in Mrs. McKinley's condition, has been abandoned. His trip to Minnesota has also been abandoned.

LARGEST MOOSE EVER KILLED—73 INCHES ACROSS ANTLERS.

At the Academy of Science in London park Prof. Woodruff and an assistant are setting up what is without doubt the largest moose ever killed.

The moose was killed the latter part of October, 1898, by an Alaskan Indian named Shopneagon and a squaw man, Ripstein, about thirty-five miles back of adies, just over the big glacier near the Copper river. It was purchased by C. F. Perolat, of this city, and brought to Chicago last November, where it was sold for \$1000.

The immense size of this animal can be better judged when a glance is taken at the following measurements: The spread of the antlers, 74 1/2 inches; height of moose from hoof to top of fore shoulder, 6 feet 4 inches; length from tip of nose to hook of rear leg, 18 feet; weight when killed, 2600 pounds.

No other such moose was ever heard of in this country or any other, and the academy is proud of its possession.—Chicago Chronicle.
