THE COMMITTEE'S PLAN.

Washington, Jan. 3-Chairman Payne and some of his associates of the ways and some of his associates of the ways and means committee had an informal talk, after the adjournment hour of the house today, relative to the Sulzer resolution, calling on the secretary of the treasury for information, which had been referred to the committee. The meeting of the committee will be held tomorrow and a pretty thorough understanding was arrived at today that at tomorrow's meeting the resolution would be considered and probably reported at once to the house. Some changes are likely to be made in the resolution by the omission of the two banks specificaly named, thus making the inquiry relate generally to all banks. It is also understood that the personal references are likely to be avoided in the amended resolutions.

THE TITLE IS APPROVED.

Salem's New Postoffice Building Is Now an Assured Fact-Favorably Passed Upon by Authorities.

The Salem postoffice building is now assured, as the federal authorities have approved the title offered by the city council. Of this matter the Portland Telegram, of last evening, says:

"The last papers relative to the block of land sold by the city of Salem to the government for a public building have been passed upon by District Attorney Hall. They are now in the hands of the attorney-general, and nothing is left to be done but to turn over the deed and pay the \$7500, which the city is to receive for the block.

"The deed was favorably passed upon by Mr. Hall and the attorney-general in November, but the government refused to complete the trade until Cottage street had been dedicated and open-This has now been done and the matter is ready to be closed up without

A Perfect Life Preserver.

After thousands of lives have been saorificed, an apparatus is brought forward, which, after having been tested, is pronounced perfect. It is impossible to sink it, it weighs only four pounds and contains food and water for five days. It resulted from a horrible shipwreck experienced by its inventor. No discovery of great benefit to humanity seems possible without great loss of life. Take Hostetter's Stomach Bitters as another instance. Before its advent, fifty years ago, people died from dyspepsia. Weak stomachs and liver disease were terrors until Hostetter's Stomach Bitters proved wo republics has been its power to cure them. If your stomach bothers you, try it, and see that a ils number is already private Revenue Stamp covers the neck of the bottle.

THE ALASKA TRADE.

Meat and Oysters Shipped to the Land of Gold and Ice.

Seattle, Jan. 2.-Seven tons of meat went north on the steamer Farallone, sailing for Alaska tonight. The meat is being taken to Dawson by T. C. and Conrad McNamer, of Forest Grove, Oregon. Fred P. Freeman is taking jour tons of oysters, shell fish and other delicacies. It is believed these consignments will relieve the meat famine

Official statistics, compiled in this city, show that during 1899, 580 vessels arrived from and departed for Alaska from this port, the aggregate net tonnage of which was 366,000 tons. They carried 35,000 people, and 90,000 tons of merchandise valued at nearly \$10,-000,000.

Archbishop Chappelle Takes Residence in Manila

IGNORED THE FRIAR BROTHERHOODS

His Arrival Attracts Much Attention as It Will Have Bearing on the Various Important Questions.

MANILA, Jan. 2-Archbishop Chap-pelle, the papal delegate to the Philppines, arrived here today on the United States transport Sherman. He will lodge in the house formerly occupied by Charles Denby, of the Philip-pine advisory commission. This action on the part of Monsignor Chappelle settles the contest between the various friar brotherhoods in Manila, who separately have been using their influence to obtain the privilege of enter-taining the archbishop and Rev. Father McKinnon, late of the California volunteers, and now a regular army chaplain, who was also a passenger on the Sherman. It is said the friars are striving to secure Monsignor Chappelle's ear for the securing of better protection of their individual interests. The arrival of the papal delegate in

the city attracts attention to the question of the church and the brotherhoods in the Philippines, including the matters of deciding the brotherhoods' claims to real estate and other property of the church, for state support, and for the re-establishment of the Spanish curates in the native parishes. Inasmuch as the question of the expulsion of the brotherhoods from the islands, and the freedom of the people from alleged injustice from members of the orders has always been declared to be the principal cause of the revolt of the Filipinos against Spain's sovereignly, the long time residents of the islands declare, if the friars are returned to their former parishes, the natives, seeing them return under the American administration, will surely attack and kill them and otherwise cause disor-

The revolutionists have started the rumor that Monsignor Chappelle intends eventually to recommend the appointment of Father McKinnon as archbishop of the Philippines. The latter's defense of the brotherhoods in the American newspapers has been translated and circulated among the natives for the purpose, it is declared, of showing that Father McKinnon will suppport the brotherhoods if he is elected. Such statements as these create uneasiness among the natives, which is increased by the recent news received from Spain to the effect that Monsignor Chappelle will support the brotherhoods. The Tagalos, it is declared, have become more embittered against the church since Archbishop Nosealeda excommunicated an insurgent priest, and it is said the number of Protestant marriages among the natives continually increases.

COULD NOT AGREE.

Shingle and Lumber Dealers in a Fruitless Discussion.

Seattle, Jan. 2-The shingle and lumber dealers of the East and the Pacific northwest failed to reach an agreement in regard to the differences between them, and the manufacturers at a meeting held here today, and after two hours of fruitless discussion, left the whole matter of equalizing the buying and selling rates to a committee to investigate. The main trouble was over the fixing of prices, as some wented to discriminate against certain manufacturers. The committee is expected to call another meeting and make a report in a few days.

TO GOVERN HAWAII.

Washington, Jan. 2.—The senate committee on foreign relations will meet tomorrow to consider the bill providing for the government of the Hawaiian islands. There is no general opposition to the bill.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by J. H. Lunn, Druggist.

FOR MRS. LAWTON.

Washington, Jan. 2.—Secretary Wilson, of the agricultural department, this morning contributed \$100 for the Lawton fund, remarking that "it was a farmer's contribution to a soldier's widow." J. Pierpont Morgan, of New York, sent his check for \$1000 today.

CALIFORNIA AUTHORITIES HAVE AN OREGON INSANE.

But Have Failed to Interest the Webfoot Officials in the Case-A Hard Projosition.

SACRAMENTO, Cal., Jan. 3.-A year or more ago the state commission in lunacy adopted the policy of returning to their respective countries, or states, patients who were not citizens of this state at the time of commitment. But now the commission is up against a hard proposition. Recently a woman from Oregon, named Caroline Ryan, became insane on a railroad train in Siskiyou county. She was taken from the train, examined and committed to Stockton. Secretary Carrerer of the commission, wrote to the Oregon officials to take the woman away, but they refuse to do so. They say their policy is to care for all persons who become insane in that state, and they decline to import patients from other states.

GoV. ROOSEVELT TO THE NEW YORK LEGISLATORS.

Annual Message Discusses the Great Industrial Combines-Rights of the State.

ALBANY, N. Y., Jan. 3.—The state legislature convened in annual session today. In the senate Timothy E. Ellsworth, of Niagara county, was re-elected president pro tem, and in the house Frederick Nion, of Chautauqua county, was re-elected speaker. The annual message of Governor Theodore Roosevelt, was read. The governor treats at considerable length the subjects of modern industrial conditions and trusts. He concludes that, "where a trust becomes a monopoly, the state has the immediate right to interfere. Care should be taken not to stifle enterprise or disclose any facts of business that are essentially private, but the state, for the protection of the public, should exercise the right to inspect and to examine thoroughly all the workings of the

great corporations, just as is one with banks, and wherever the interests of the public demand it, it should publish the results of its examination. Then, if there are inordinate profits, competition or public sentiment will give the public the benefit in lowered prices, and if not lowered, the right of taxation remains."
