

TROUBLE WITH THE EYES

Is often caused by carelessness and neglect. The use of glasses fitted by

Herman W. Barr, S. O.

With the aid of modern scientific instruments will relieve present and prevent future difficulties. We make no charges for testing the sight. If it is found deficient we can supply the proper glasses correctly made at a reasonable price.

When visiting our store do not neglect to examine the periscopes, an instrument for viewing pictures at Barr's Jewelry Store, 118 State street.

NEWS OF THE NATIONAL CAPITAL

The Last Survivor of the Crew of the Monitor Is Dead.

The War Revenue Act Will Stand—For a Better Militia—To Investigate Tropical Diseases—Bills of Interest to the Northwest—General Shafter Going East.

WASHINGTON, Jan. 16.—The last of the crew of the Monitor in her world-famed battle with the Merrimac, is dead. Lieutenant Samuel Howard, her pilot, slipped and fell on the pavement in front of his home in this city last week, and fractured his skull. He never recovered consciousness, passing away on Saturday. He was 79 years of age, and had passed upwards of half a century upon the seas. He was an Irishman by birth, ran away from home when only 16, and came to the United States, whence he cruised to all parts of the world. When the war began, he was captain of a merchant vessel, but left his position to enter the volunteer navy as a lieutenant, where he rendered good service. No small part of the Monitor's victory was due to his skill in maneuvering her.

General Shafter has been ordered to come East as escort to the body of General Lawton. It is understood that he asked for this assignment so as to get transportation to this city, where he wishes to do a little lobbying for the bill retiring him as a major general. The bill, which failed in the last congress, does not mention him by name, but authorizes the president to appoint as major general on the retired list, any officer who commanded an army in Cuba. This language fits no one except Generals Shafter and Miles, and as the latter is already a major general it is obviously intended for Shafter's benefit.

General Miles has recommended that the artillery school at Fort Monroe be re-opened as soon as possible. It was closed on account of the depletion of its teachers and students on account of the war with Spain, and has remained closed for the same reason. General Miles thinks that the development of our artillery makes it absolutely necessary that training shall be given in the management of the complicated mechanism of high powered guns, and that it will be best to conduct the school with only one-half or one-fourth classes than not at all. The electrical school for enlisted men is already open.

The surgeon general of the army has recommended the appointment of a board of medical officers to make an exhaustive investigation of tropical diseases, in order to determine their causes and the best method of treatment. This action is taken on the theory that it will be necessary to maintain garrisons of United States troops in the Philippines and Puerto Rico for a long time to come. Major Walter Reed, surgeon, now on duty in the surgeon general's office in this city, will be president of the board.

A resolution to investigate the pension bureau, has been introduced in congress by Representative Curtis of Kansas, who charges that Commissioner Evans is violating the pension act of March 6, 1866. Over 197,000 claims were rejected last year, when a fair construction of the law would, it is said, have passed most of them. Mr. Curtis wants a committee of five ex-Union officers appointed as the committee of investigation.

The strongest sort of an effort will be made in congress this year to provide for bettering the militia of the country. At present, the United States appropriates only \$400,000 a year for the equipping of all the militia of all the states. This is just about half of annual cost of a single cavalry regiment. If more money were supplied, the militia could be organized on the same basis of equipment as the regular army, thus avoiding hereafter the mass of complicated details that fell upon the government when the war with Spain was begun. An effort to appropriate a million dollars last year met with failure, but it is hoped that the result will be more favorable this year.

Robert P. Skinner, consul at Marseilles, France, in a report to the state department, says: "The olive crop in Italy, France, and Spain is practically a failure. As compared with an average crop, it will hardly reach 30 per cent. in the opinion of well-informed judges. In some sections, the fruit is still upon the trees, but enough is known to warrant the expectation of a steady rise in prices. The Italian olives are the greatest sufferers from the pest to which existing conditions are due, the south of France being also affected, and Spain in some localities. The damage has been wrought by a fly known as the Mosca olearia, which deposits its eggs in the green fruit. A grub is hatched, and this grub destroys the olive, or at least so injures it that the oil is very inferior in quality, and is especially bad for table use. In Europe olive oil is used very generally for the purposes for which lard oil is employed in America.

The war revenue act is liable to stay on the books indefinitely. Representative Hopkins, of the ways and means committee, when asked whether his committee would take any action toward the amendments of the law, replied: "The law will be difficult to overhaul at this session, and I doubt whether anything of a material nature will be done." The majority of the committee is understood to be in opposition to any change in the law. The belief is growing that the law as a whole will never be repealed.

While nearly all of the three-cent nickel pieces have been collected in the treasury, Representative Berry wants a new form prescribed for those now out. Recently, he introduced a measure which provides that the future weight of these coins shall be four grains, troy, and they shall be of the same diameter as the one-cent pieces, but they shall have a round hole in the center one-quarter of an inch in diameter. On one side there are to be thirteen stars and the year of the coinage, and on the reverse the inscription: "United States of America," and figures designating the value of the coin.

Mr. Shaforth, of Colorado, has introduced a bill appropriating \$100,000 for the purpose of testing whether the force of the water flow that exists under the surface of the ground in the eastern portion of the state of Colorado, can be made available for the irrigation of arid lands. Mr. Bell, of the same state, has introduced a bill providing for the sale of the lands of the Southern Ute Indians of Colorado, taken in severalty and for reinvestment of the purchase money for their benefit.

Mr. Mondell of Wyoming, has this week introduced in congress three bills, granting to his state 50,000 acres of land in aid of the state soldiers and sailors; providing that the state of Wyoming be permitted to relinquish to the United States certain lands heretofore selected and to select other lands from the public domain in lieu thereof; and reimbursing the state of Wyoming for money expended by the territory of Wyoming in protecting and preserving the Yellowstone National Park during the years 1884, 1885 and 1886.

Many bills of interest to the people of the extreme Northwest were introduced in congress during the past week. Among those was one by Representative Jones of Washington, amending the laws governing the Mount Ranier national park and Pacific forest reserve. Mr. Cushman of Washington, introduced a bill dividing his state into two judicial districts, instead of one, as at present. He also introduced a bill directing a survey of Gray's Harbor with a view to dredging a channel between Aberdeen and Hoquiam. According to a bill introduced by Mr. Foster, of Illinois, the salaries of deputy collectors at Tacoma and Seattle are to be fixed by the secretary of the treasury. Mr. Jones introduced a bill appropriating \$175,000 for a convalescent military hospital at Vancouver Barracks; also a bill authorizing the private sale of the unsold lands of the Umatilla Indian reservation. The secretary of the treasury has recommended the passage of the bill extending the privilege of immediate transportation of dutiable goods to the Astoria, Oregon, and a senate committee has favorably reported a bill granting the same. Senator McBride has introduced a bill referring to the court of claims the claim of the Klamath band of Chinook Indians for money derived from the sales of their lands. Mr. Cushman has presented a memorial and a bill authorizing a survey for the construction of portage railway at the Dalles. The building of the portage road would, it is said, be worth millions of dollars annually to Eastern Washington, Eastern Oregon, and all of Idaho, for the reasons that the rivers there follow the prevailing lines of trade and transportation more even than do any other of the greater rivers of the country, and that the vast resources of the section named, known as the "Inland Empire," in wheat, live stock, lumber, and minerals require more and cheaper transportation facilities.

HORSES FOR SEATTLE.—Skipston Bros., of this city, yesterday morning shipped via steamer Pomona to Portland, three heavy draught horses, to O. H. Holcomb at Seattle, Washington. One large animal in perfect condition are purchased by Messrs. Skipston, for the Seattle dealer who disposes of the horses to owners of lumber camps in his section. Of the three animals shipped yesterday, two weighed 1670 pounds each, the third one representing 1720 pounds avoirdupois. Horses of the required weight are not plentiful in the valley and it is only by the most thorough search that Skipston Bros. are able to fill all orders. Such horses bring from \$100 to \$150 each.

HAVE BEEN ASKED

MANY SPEAKERS INVITED TO ADDRESS FARMERS' CONGRESS.

Conference Will Be Held in the State Capitol February 7-8—Purpose of the Meeting.

The time for holding the proposed Farmers' Congress has been definitely determined. It will be held on Wednesday and Thursday, February 7-8. At the solicitation of Henry B. Thielsen, secretary of the Salem Chamber of Commerce, Secretary of State F. I. Dunbar has tendered the use of either the senate or representative chambers at the state capitol, together with the necessary committee rooms, in which to hold the sessions of the congress.

It will be a meeting of vast importance to the agricultural interests of the state and the attendance will doubtless be large. Salem's commercial organization has inaugurated the movement and the officers are working very hard to make of the gathering a great success from which a permanent organization will subsequently ever be felt in all that pertains to the agricultural interests of the state.

M. D. Wisdom, secretary of the state board of agriculture, and Henry B. Thielsen, secretary of the Salem Chamber of Commerce, have issued invitations to prominent officials of the state agricultural societies of Washington, California, Idaho and Montana, and to other citizens prominently identified in agricultural pursuits or in cattle raising. Secretary Wisdom will see to the inviting of the state fair officials while the many important details, such as providing speakers, music, etc., has been left to Secretary Thielsen.

Yesterday Mr. Thielsen addressed invitations to the following named gentlemen who will be expected to deliver addresses during the sessions: Gov. T. T. Geer, C. H. Markham, of Portland, general passenger agent S. F. Company; Thos. Paulsen, of Garden Home, president state dairy association; Prof. R. F. Robinson, of Portland, president of a large poultry association; Hon. J. B. Stump, of Suver, a prominent goat and sheep breeder; John Redmond, of McMinnville, an extensive swine breeder; W. H. Wehring, of Hillsboro, president state fair board; H. W. Scott, of Portland, editor of the Oregonian; H. B. Miller, of Grants Pass, president state board of horticulture; K. Scott, of Milwaukie, a large cattle raiser; Dr. James Withycombe, of Corvallis; Hon. Peter J. Shields, of Sacramento, secretary of the California state agricultural society; Hon. J. T. Apperson, of Oregon City; M. L. Jones, of Brooks, president of Oregon Hop Growers Association, and several others.

Music will be furnished by the best of Salem talent.

The primary object of this conference of farmers is to effect a permanent organization of a Farmers' Congress. Another object is to arrange for the organization of state societies, where such organizations do not already exist, of farmers engaged in different pursuits.

THE SAVINGS BANK.—The deposits at each of Salem's public schools yesterday were considerably larger than they have been since the school savings bank system was installed in the schools. Yesterday a total of \$115.92 was deposited at the six schools apportioned as follows: East, \$71.54; Park, \$19.51; Central, \$13.79; Lincoln, \$5.34; North, \$5.24; Polytechnic, 50 cents.

LA GRIPPE

is now reaping a rich harvest. Medical statistics compiled by the best physicians of the world show that over sixty per cent of the cases of acquired CONSUMPTION are due to LA GRIPPE. There are also other points of weakness. Refer to the numbers on the chart. Study each one carefully. Familiarize yourself with them. If you have an attack of LA GRIPPE begin the use of HUDYAN as soon as the acute symptoms have subsided. HUDYAN will bring about the restoration to perfect health.

The Parts Affected Are:

- 1. THE MUCOUS MEMBRANE LINING THE BACK PORTION OF THE NOSE.—It becomes inflamed and thickened, and a Chronic Catarrh is the result. HUDYAN will reduce the inflammation, and leave the mucous membrane in a perfectly healthy condition.
2. (THE EAR DRUM) THE MUCOUS MEMBRANE OF THE EAR.—It becomes inflamed and thickened, giving rise to almost total deafness. HUDYAN will prevent the spread of the inflammation. The drum will not be affected and hearing will be unimpaired.
3. CHRONIC TONSILLITIS, OR CHRONIC SORE THROAT.—From the same cause as the two preceding. HUDYAN will prevent its coming on.
4. WEAKNESS IN THE HEART.—HUDYAN will strengthen the heart nerves, equalize the circulation of blood, and cause the heartbeats to become strong and regular.
5. A WEAKENED CONDITION OF THE LOWER LOBES OF THE LUNGS.—HUDYAN will cause the lung tissue to become strong and healthy.
7. LUMBAGO, OR WEAK BACK.—HUDYAN will strengthen it almost immediately. HUDYAN will cure all of the above symptoms and leave your whole system in a perfect condition of health. Go to your druggist at once and procure a package of HUDYAN for 50 cents, or six packages for \$2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco, Cal. Remember that you can consult the HUDYAN DOCTORS FREE. Call and see the doctors. You may call and see them or write, as you desire. Address HUDYAN Remedy Company, Corner Stockton, Market and Ellis Streets, SAN FRANCISCO, CAL.

WILL IS ADMITTED

ESTATE OF JOHN C. BOOTH GOES TO THE WICHSER HEIRS

Under the Testament Made Prior to Mrs. Verena Booth's Marriage—F. A. Turner Is Administrator.

County Judge G. P. Terrell, sitting in the probate court yesterday, handed down his decision in the matter of the petition for the admission to probate of the will of the late Mrs. Verena Wichser, by recognizing the will as valid and ordering its admission. Upon petition of Mrs. Lydia M. Willis, one of the heirs, under the will, Judge Terrell appointed F. A. Turner as administrator of the will annexed, fixing his bond at \$16000. The living heirs under the will are:

- Mrs. Catharine Wichser, aged 60, residing at Myrtle Creek, Oregon.
Mrs. Sophia Hefty, 74, Salem.
Mrs. Lydia M. Willis, formerly Lydia M. Hefty, Salem.
Gabriel Wichser, 63, McMinnville.
John R. Wichser, 39, Eureka Junction, Washington.
Rosa Legler, 47, residing at Kilbourne, Wisconsin.
Sophia Weismuller, 44, Denver, Colorado.

The children of Thomas H. Hefty: Amy L. Walker, Phoenix, A. T.; Carrie L. Hefty, Capistrano, Cal.; Elsie L. Wells and Pearl S. Kennedy, residence unknown; Jennie L. Laura M., and Mary L. Hefty, Drain, Oregon.

Under the ruling of the court, the estate of John C. Booth, deceased, will be transferred by Miss Jeanette Booth, administratrix of the estate, to the administrator appointed yesterday. The will, which was published in the Statesman of January 5th, was made in 1888, prior to Mrs. Wichser's marriage to John C. Booth. Upon her death a year ago, there was no will found, and Mr. Booth was appointed administrator of the estate, and he inherited the property. Six weeks ago he died, and Miss Jeanette Booth was appointed administratrix, the Booth children being named as heirs. About this time the will of the late Mrs. Wichser was found and the heirs petitioned for its admission, with the result as stated above.

John W. Roland has been appointed guardian of the persons and estates of Edward and Tracy Roland, aged to and 7 years respectively, and he filed a bond for \$800 as such guardian. Later the guardian petitioned the court for an order, authorizing and directing him, as such guardian, to sign an agreement to submit to a division of the real estate of Bartley Reeves Sr., deceased, of which the minors are heirs, and to authorize him to sign quit claim deeds to the property.

The final account of J. W. Worden, administrator of the estate of J. W. Worden, deceased, filed his final account, showing receipts of \$4035.30; disbursements, \$296.00; real estate disposed of, \$2763, and cash on hand, \$963.24. The administrator prays that the final account may be allowed, and the estate declared settled and closed, and that the funds on hand be ordered disbursed to the heirs. The prayer of the petitioner was granted and the time for hearing the final account was set for Friday, February 3d, at 10 a. m.

Eugene Willis, administrator of the estate of Leo Willis, deceased, filed a petition for an order, authorizing him to sell real estate belonging to the estate, to enable him to settle indebtedness incurred.

OVER ELEVEN HUNDRED.

Up to the close of office hours, last evening, the number of voters to register in the county clerk's office had reached 100, coming from every portion of the county. Many of these registered with notaries public in the surrounding towns, and their names were entered by the county clerk from the reports sent in by the officers in the country. Those registering yesterday were:

- Aurora—B. F. Giesy, W. S. Hurst, Wm. Kraus, J. E. Miller, Frank L. Miller, H. J. Miller, R. L. Reed, B. J. Stroup, Snyder, L. D. Snyder, H. A. Snyder, E. W. Young, H. W. A. F. Will, Rudolph Weidman, C. F. Zeigler.
Breitenbush—Lewis McCoy.
Brooks—S. R. Scott.
Englewood—Thomas Forkner, Ammi Isbell, S. B. Watkins.
Gervais—W. A. Ringo, W. E. Mitchell.
Hubbard—Reuben Kroemling, M. G. Smith.
Jefferson—A. H. Cornelius.
Mt. Angelo—P. W. Mess.
Prospect—Oscar D. Bower, A. E. Crossby, D. D. Dickey, C. M. Eppler, Christ Nierodt, Charles Van Wagner.
Salem No. 2—Clair A. Baker, W. J. Cunningham, P. W. Hanshaw, J. W. Lewis, W. B. Morse, B. M. Richardson, J. N. Smith, Joel F. Ticknor, F. L. Willman.
Salem No. 3—H. W. Bagz, Thomas King.
Salem No. 4—W. T. Bennett, O. L. Darling, T. H. Henderson, Oswald West.
North Salem—John C. Glaze, L. J. Vibbert.
South Salem—Lee E. Abbie, H. C. Buzick, M. G. Cunningham, R. J. Dorman, G. W. Ellis, J. J. Hall, J. G. Harris, H. D. Kenny, W. W. Stephens, J. S. Stephens, Abe Smith.
Sidney—John Cox.
North Silverton—Michael Anderson, J. T. Bowers, G. D. Bowen, G. Haynes, A. G. Settlemire.
Silverton—P. L. Blackerby, E. W. Davenport, Jas. Moore, R. J. Mount, Thomas Skaffe, A. M. Satter, S. A. Sanderson.
Turner—Solon Baker.
Woodburn—George Andres, H. D. Brown, M. G. McCordle.
Yew Park—E. O. Bailey, H. P. Cleveland, D. M. Crouse, H. N. Cook, M. D. Dorman, Fred Hoffman, William Jolly, A. W. Mead, A. W. Mize, M. Wichser.
Scotts Mills—W. H. Commers, T. E. Miles, J. W. Paquette, G. W. Mc Linlock, P. Paquette, O. W. Dickinson.

Legal Blanks, Statesman Job office.

WOMEN and Women Only, especially mothers, are most competent to appreciate the purity, sweetness, and delicacy of CASTORIA SOAP and to discover new uses for it daily. Its remarkable emollient, cleansing, and purifying properties, derived from CUTICURA, the great skin cure and purest of emollients, warrant its use in preserving, purifying, and beautifying the skin, scalp, hands, and hair, and in the form of baths and solutions for annoying irritations, itchings, inflammations, and chafings, too free or offensive perspiration, and also in the form of washes for ulcerative weaknesses, as well as many sanative, antiseptic purposes, which will readily suggest themselves. All that has been said of CUTICURA SOAP may also be said of CUTICURA Ointment which should be used after the SOAP, in the severer cases, to hasten the cure.

Complete External & Internal Treatment for Every Humor, \$1.25, consisting of CUTICURA SOAP (50c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails. POTTER DRUG AND CHEM. CO., Sole Props., Boston.

TWO LAID TO REST.

Funeral of the Late Capt. L. P. Adams Held Yesterday—Remains of J. R. Willard Buried.

All that was mortal of the late Capt. L. P. Adams was yesterday afternoon consigned in the grave in the Grand Army circle, City View cemetery. The funeral services were conducted at the house at 2 p. m. by Rev. H. A. Ketchum. The G. A. R., of which the deceased was an honored member, then took charge of the remains and conveyed them to the cemetery, where they were buried with the impressive ceremonies of the Grand Army of the Republic. A large number of the friends of the deceased attended the last obsequies and followed the cortege to the grave.

The remains of the late Joseph R. Willard were laid to rest on Sunday afternoon. Brief funeral services at the house were conducted by Rev. John Parsons, pastor of the Methodist church, Camp No. 118, Woodmen of the World, took charge and escorted the remains to City View cemetery, where they were consigned to the grave with the impressive rites of the Woodmen. A large crowd attended the funeral, many of the friends of the family from this city and Liberty being present. About 100 members of the Woodmen and a number of the ladies of the order of Women of Woodcraft escorted the remains to their last resting place.

MANY NEW RAILROAD TIES.

Southern Pacific Company Has Purchased 5000 from the Capital Lumber Co., of Salem.

The Southern Pacific Company's tie train, with a force of workmen, reached Salem Sunday. The crew was yesterday engaged loading into box cars a lot of railroad ties—5000 in number—that had recently been purchased of the Capital Lumber Company, of this city. The ties will be taken directly to the company's burnizing plant at Latham, Lane county, where they will be put through the process by which they are preserved. By the process all of the natural sap is extracted from the tie, which in turn is thoroughly saturated with a preserving fluid. It requires eight hours' treatment before a batch of ties are taken from the plant. As a consequence of the treatment, the original weight of the tie is increased about 30 per cent. A timber weighing 100 pounds when treated, will weigh 130 pounds. By this process the ties will last for years.

The "Squaring of the Circle."

For over two thousand years, competent and incompetent minds have striven to solve the problem known as the "squaring of the circle." So many incorrect answers were presented, that in the year 1775 a resolution was adopted by a prominent board not to accept any more. There is another problem as difficult, and for which people have been seeking the answer since the beginning of life, and this is the problem of health—how to get it, and how to keep it. If you have lost yours through neglect or abuse of the stomach, get Hostetter's Stomach Bitters instantly. It will restore health, and keep you healthy. For fifty years it has cured constipation, indigestion, dyspepsia, fever and ague, malaria, inactive liver and weak kidneys.

Miss Minnie Strubbe, who has been the guest of Miss Ethel Knight, returned Sunday afternoon to her home in Portland, accompanied by Miss Knight, who will visit for some time in the metropolis.

SOME CHANGES.—Miss Charlotte J. Hellenbrand, who for several years has served very efficiently as stenographer and typewriter for the Salem Light & Traction Company, resigned her position on Saturday last. Miss Hellenbrand went to Portland yesterday morning for a visit with friends and, before returning to Salem, may extend her visit to Spokane, where a brother, Chas. Hellenbrand, resides. Miss Emily Thatcher, formerly cashier at the leader, succeeds to the position made vacant by Miss Hellenbrand's resignation. Mr. Donaldson, of Portland, also succeeds G. A. Rockwell, as bookkeeper in the company's office.

LANE COUNTY SHEEP.

J. R. Douglas, on Dec. 30th, sold to McCornack & Bennett butchers, at Eugene, 47 head of mutton sheep for four cents a pound. They will net Mr. Douglas \$5.67 per head.
