MARION COUNTY DEMOCRATIC CENTRAL COMMITTEE

Held a Meeting in This City Yesterday—Democratic State Convention—Silverton Republicans.

(From Daily, Jan. 28th.)

The Marion County Democratic Central committee held a meeting in this city yesterday at the office of the chairman, John Bayne.

It was decided to hold the primaries for election of delegates to the county convention, on Saturday, March 24th. The date for holding the county convention was fixed for Saturday, April 7th.

The apportionment of delegates to the county convention will be based on the vote, cast for Wm. M. Ramsey for supreme justice.

Chairman Bayne, W. E. Finzer, secretary; and W. H. Downing, of Sublimity precinct, were constituted a committee and authorized to make an apportionment of delegates to the county convention on the foregoing basis.

Chairman Bayne was authorized to appoint precinct committee men where vacancies exist by the creation of new precincts or removal of committee men from the precinct or otherwise.

The Silverton Republican club held a meeting in that city yesterday, when officers were elected as follows: President, R. C. Ramsby; vice-president, S. T. Hobart; secretary, Fred Warnock; treasurer, Senator L. J. Adams.

Delegates to the state league of republican clubs were elected as follows: T. W. Riekes, R. C. Ramsby, L. J. Adams, C. W. Younggren, S. T. Hobart, M. Skaffe, Fred Warnock, T. R. Hibbard, G. M. Osbund and O. L. Hatterberg.

R. S. Sheridan and W. J. D'Arcy, chairman and secretary, respectively, of the state democratic central committee, have issued a call for the state convention to be held at Portland on Thursday, April 12th, beginning at 10 a. m., for the purpose of electing delegates to the national democratic convention, and nominating candidates for presidential electors, justices of the supreme court, congressmen, dairy and food commissioners, circuit judges and district attorneys and the various joint senators and representatives, and for such other business as may come before it.

The representation to which the various counties are entitled, being one delegate-at-large for each county and one delegate for every 150 voters or fraction over seventy-five or over, cast for Hon. W. H. Ramsey for supreme judge in 1898, is as follows:

Table with 2 columns: County and Delegates. Lists counties like Baker, Benton, Clackamas, Clatsop, Columbia, Coos, Crook, Curry, Douglas, Gilliam, Grant, Harney, Jackson, Josephine, Klamath, Lake, Lane, Lincoln, Linn, Malheur, Marion, Morrow, Multnomah, Polk, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington, Wheeler, Yamhill with corresponding delegate counts.

Total. The county democratic committee of each county is requested to fix the time for holding its primaries and county convention to suit its own convenience and it is earnestly urged that those selected as delegates to the state convention attend in person.

CASE DISMISSED.—Upon motion of the district attorney, the case in the Salem justice department, of State vs. Manny Blanton, of Brooks, wherein the defendant was accused of injuring a bicycle path by riding a horse thereon, was yesterday dismissed.

Upon investigating the case, the prosecution ascertained that the available testimony was hardly sufficient to insure a conviction and concluded to dismiss the case without entailing additional expense to the county. Justice Johnson says that hereafter no case of this nature will be prosecuted unless the state has at least two substantial witnesses to verify the accusations set forth in the complaint, thus dispensing with the enormous expense to the county with-out accomplishing a conviction.

This course is especially in the interest of the bicyclist who is anxious to see offenders properly punished. Facial prosecutions do more towards encouraging further infringement of the law for the protection of paths than would result from absolute interference on the part of the courts. Bicyclists throughout the county are on the alert and an example will be made of the first culprit who is found injuring one of the paths in any section of the county.

Mrs. W. H. Downing returned last night from Portland and with Mr. Downing will go to their home at Sublimity today.

HAL. G. HIBBARD

THE LATE LAMENTED CORPORAL'S REMAINS BROUGHT HOME.

Have Arrived in San Francisco and Will Be Sent to Salem to Find a Resting Place.

(From Daily, Jan. 28th.)

A telegram was yesterday received, by King L. Hibbard, of this city, from his brother in San Francisco, stating that the body of his son, Corporal H. G. Hibbard, had arrived at that place from Manila. No definite time was given when the body would be transmitted to Salem, the telegram only stating that due notice would be given at the time of its starting.

The funeral arrangements will be made, at Mr. Hibbard's request, by Worrick Camp, of Corporal Hibbard's comrades, and by President Hawley, of the University. The body will be buried at the Warren cemetery, about 2 1/2 miles east of Willard. Rev. Geo. W. Grannis, the pastor of the deceased, will read the burial service of the church at the grave. The comrades of Worrick Camp, Spanish-American Volunteers Association, will also perform the last sad rites and honors due a soldier under military forms.

The innumerable friends of the gallant young corporal will be glad, with the family, that his remains will rest in his native state, though his homecoming is exceedingly sad. The date of the funeral ceremonies will be announced later.

DISCUSSED WOMAN SUFFRAGE.

Members of Local W. C. T. U. Believe in It—Allege That the City's Laws Are Not Strictly Enforced.

The regular meeting of the W. C. T. U. was held on the 23 inst., when there was considerable business transacted.

As it was franchise department day, Mrs. Ramp not being present, Mrs. Sherwood took charge of the meeting, and called on every one to give their views. There was only one present that was not in favor of woman's voting, and she acknowledged that if the rest voted she would too.

The subject of "What can we do to purify the city" was discussed, and do you not think it is time that every mother and father and right-minded person was awakening up to the fact that our city is getting in an alarming state when a woman can't go home from church without being insulted, and even the children have to be arrested for using vile language on our streets? But is it any wonder when our city is kept up by the blood-money from saloons, and does not the bible say that "every one that giveth his neighbor drink, that maketh him drunk"; listen, oh listen, the Lord of heaven says, "the iniquity of the house of Isore is exceedingly great, and the land is full of blood and the city full of perverseness, for they say the Lord has forsaken the earth and the Lord seeth not, and as for me, my eyes shall not spare, neither will I have pity, but I will recompense their way upon their heads." I beseech you, city fathers and officers, awake before it is too late. We are not asking for more laws, only to put in force the laws that we already have, and spare our children.

Mrs. Sherwood, press representative.

FINALLY SECURED A DIVORCE.

After a Third Trial, Frank Hellen Is Granted a Legal Separation from Lottie Hellen.

The following account of a divorce suit, with the particulars of which Salem people are conversant, is taken from yesterday's Oregonian:

"The case of Frank Hellen against Lottie Hellen was tried, and the decree prayed for was granted. The plaintiff testified that at the beginning of the Klondike boom he went to Dawson City. He sent her \$100 each month, and besides, he had let her other resources. She went East and wrote him a letter, stating that she did not desire to live with him any more. On his return she sued him for a divorce in Marion county, making false accusations of cruelty, but did not make out a case and Judge Burnett dismissed it. Mrs. Hurlley testified concerning the letter written by Mrs. Hellen to her husband, saying she would not live with him again. The desertion having been proved, Judge Cleland announced a favorable decision. Mrs. Hellen did not contest the suit. After the trial of the case at Salem Hellen filed suit here, charging his wife with cruel treatment, which was alleged to consist principally of her false charges against him in the other case, which, he said, humiliated and disgraced him. That time Judge Cleland denied the divorce, holding the evidence to be insufficient."

NO REDUCTION.—Although the big jobs have been cleaned up, we are not able to make any reduction of our force—same force that was with us during the holidays; nine people all last week; equivalent of thirteen counting the linotypist as five. Still the work is piled up. No soliciting at all, either. Just comes in. This shows that the people in this field appreciate our motto, "Nothing Too Good for Salem." New "faces" of type being added. Only accurate and artistic work turned out. A lot of money is being kept at home. More yet will be. No better printing can be done anywhere. Statesman Job Office.

SALEM'S CREAMERY.—Much general interest is being taken in the proposed creamery, the location of which, at this point, is already conditionally assured. With the co-operation of the farmers, supplemented by the substantial encouragement of local business men and public spirited citizens, the creamery can be procured for Salem. Early action is desired. The farmers, when in town, should not fail to call and confer with H. B. Thielsen, secretary of Chamber of Commerce.

NARROW ESCAPE.

J. C. Johnson had a narrow escape from drowning in North Mill creek on Friday evening. Mistaking the depth and the witness of the stream, Mr. Johnson rode his horse into the creek just above the Winter street bridge, that the animal might be cleansed of the mud with which it was covered. The horse and rider were carried down stream, the animal managing to scale the embankment alongside the residence property of H. G. Sonnemann, the grocer, where it was discovered about 9 o'clock. The animal being thoroughly drenched, aroused much apprehension for the safety of the rider. Lanterns were procured and a search was instituted, resulting in the finding of Mr. Johnson, the rider, on the south bank of the stream, several hundred yards below the bridge. It was a very fortunate escape.

WANTED FOR LARCENY.

"Baby Angel," who for several weeks last summer was employed as janitor and bootblack in a Commercial street consular establishment, is wanted at Grants Pass for the larceny of about \$75. The "Baby" in question is a baby of abnormal size. He is an Ethiopian, of medium stature, but he weighs approximately 230 pounds. While in Salem, the fellow was known as "Minnie," and he went from here to Albany. His present whereabouts is not known.

CASE DECIDED.

Judge A. L. Frazer, of Portland, who, on December 19, 1899, heard the appeal in the case of the estate of F. J. Babcock, deceased, in Judge R. P. Boise's department of the circuit court was in Salem yesterday, and filed his decree in the case with the county clerk. Judge Frazer approves the findings of fact made by the probate court, from which the appeal was taken, except in some few of the points, which are set out. In his conclusions of law the court finds that the administratrix should be charged up with \$1,024.61, out of which she is entitled to \$662.11, and that the remainder should go to the three heirs—W. P. Babcock, Grace N. Babcock and Mary B. Babcock—each to receive \$320.77.

WILLING, BUT NOT READY.

The red-nosed vagrant stopped the preoccupied citizen at the street corner.

"Beg pardon, sir," he said, "but may I ask—"

"You may ask if you want to," interrupted the preoccupied citizen, "but I can't tell you, I don't know when the blamed central begins."

"And he hurried on."

ONE MAN ARRESTED FOR A MEMORIAL TO RETURN MUSE

CONSTABLE MINTO APPREHENDED A SUSPECT IN PORTLAND.

Louis Weston Lodged in Jail on Suspicion of Having Been Implicated in Champeog Hold-Up.

(From Daily, Jan. 28th.)

Constable D. C. Minto returned on the California express last night from Portland, having in his custody Louis Weston, whom he placed in the county jail. Weston was arrested in Portland yesterday on suspicion of having been implicated in the Champeog hold-up of last Thursday evening when Hoefler & Zorn were relieved of about \$400. Weston will probably be arraigned before Justice H. A. Johnson tomorrow.

On the day after the hold-up, Mr. Hoefler came to Salem and placed the case in the hands of Constable D. C. Minto. Mr. Hoefler and his partner, Caspar Zorn, and one of the hired men, positively identified Louis Weston, by his voice, he being the one who carried on the principal part of the conversation while the robbery was being carried out. Weston worked for Hoefler & Zorn about eight years ago and it was the acquaintance with the customs of Weston then formed, that enabled his former employer to be so positive in associating him with the crime. Having first ascertained that Weston had served a sentence in the Oregon state penitentiary, Constable Minto procured a photo of the discharged prisoner and on Friday morning went in search of the desired man.

Weston was arrested at the home of his sister in Portland, but when questioned concerning his whereabouts for the week ending yesterday, declined to make any statement, save to say that he had for some time been engaged in sawing wood below Portland. He appeared very reticent and would disclose nothing concerning himself.

Weston was sentenced to the state penitentiary from Marion county in 1896, under sentence of one year for burglary. He was released during the year 1897. Weston represented to Constable Minto that he had been leading an honorable career since his release from the penitentiary. Whiskey, he alleged, was responsible for his downfall and incarceration in the penitentiary, since which time he had not indulged in intoxicating beverages at all.

It would not appear that there was a very strong case against Weston, although subsequent developments may be of a more positive and incriminating character. The fact that eight years have elapsed since Weston worked for Hoefler & Zorn and that the men had not been associated together or conversed with each other since, would not attach any considerable weight to the testimony of the former employer who positively identify the accused by his voice.

Two men perpetrated the hold-up, but not the slightest trace has been found of the second man.

TO DIG GOLD.—The Oak Bar Mining Company filed articles of incorporation in state department yesterday. The company will engage in prospecting and mining for gold in various portions of Oregon. The company has a capital stock of \$20,000, divided into shares of the par value of \$100. Portland will be the headquarters of the company. Francis Sealey, R. G. Morrow, B. B. Beekman, are the incorporators of record.

Dr. C. W. Barr came up from Portland last night, having just returned from a trip to the City of Mexico, whether he went from San Francisco, after having accompanied his excursion party of 300 people to the latter city. The doctor is planning an excursion to the Mexican capital in the near future. He will go to Lebanon tomorrow.

ONE SUIT.—W. T. Jenks, plaintiff, vs. O. C. Reeves, et al., defendant, is the title of a new case filed in the state circuit court yesterday. Judgment is asked for \$193.30, alleged to be due on a note, given by defendants to B. F. Knox on September 11, 1891, and assigned to the plaintiff. R. J. Fleming is plaintiff's attorney.

CASE DECIDED.—Judge A. L. Frazer, of Portland, who, on December 19, 1899, heard the appeal in the case of the estate of F. J. Babcock, deceased, in Judge R. P. GOV. T. T. GEER NAMED AS HONORARY VICE-PRESIDENT

OF THE CORNELIUS S. BUSHNELL ASSOCIATION TO ERECT A MONUMENT TO THE BUILDER OF THE MONITOR.

Gov. T. T. Geer yesterday received the notification that he had been named an honorary vice-president of the Cornelius S. Bushnell Memorial Association, of New Haven, Connecticut. The letter is signed by George H. Ford, secretary of the association, and the object of the society is the erection of a monument to the memory of the late Mr. Bushnell.

The text of the letter is as follows: "Under separate cover you will receive by mail a copy of the 'Story of the Monitor' issued by the Cornelius S. Bushnell Memorial Association. This association is organized and incorporated for the purpose of collecting funds and erecting a suitable memorial of the late Cornelius S. Bushnell of the city and town of New Haven, at an expense of not less than \$25,000. The general assembly of the state of Connecticut, at its 1899 session, appropriated \$3000 towards this object. In order to properly present the subject to the many friends and admirers, throughout the country, of the late Mr. Bushnell, your indorsement is solicited, and the following vote of the executive committee of the association is referred to: "It is recommended that the governor of the state of Connecticut, together with the governors of other Union states (from 1861 to 1865), the commander-in-chief of the Military Order of the Loyal Legion, Rear-Admiral commanding the National Association of Naval Veterans and Rear-Admiral Bunce (retired), United States navy, be invited to act as honorary vice-presidents."

"I have the honor, therefore, to advise you that you are invited to act as one of the honorary vice-presidents, and ask you that you will kindly read the interesting and instructive story, including the preface, believing that you will cheerfully co-operate with us in accomplishing the object of thus honoring the distinguished men connected with the building of the Monitor."

Gov. Geer is constantly receiving requests to deliver addresses or write articles for publication. To such propositions has this grown, that were he to comply with all of these requests, his entire time would be taken up with it.

HIS ANCIENT PRIVILEGE.

I've smashed the ol' clay pipe, sir—the jug is broke in two;

That ol' time pack of "seven-up" has left my mortal view;

I've turned a new leaf over—swept clean eroun' the place;

But I still retains my privilege of fallin' 'way from grace!

I've hung good resolutions on all the walls an' stairs;

Quit stormin' at the household, an' took up fam'ly prayers;

They say that I'm a wearin' now a sainted kind o' face;

But still retains my privilege of fallin' 'way from grace!

I'm givin' to the poor now—I dry the mother's tears;

I sing so loud in meetin' that the brethren stop their ears!

It's "Glor' hallelujah!" an' won't I win the race?

But I still retains my privilege of fallin' 'way from grace!

They're callin' me "my brother"—they take me by the han'!

'Cos they know I've made a bee-line for the fur-off promised lan';

But I sorter whispers to 'em, when they're talkin' of my case,

"I still retains my privilege of fallin' 'way from grace!"

But glory hallelujah, 'roun' all the worl' so wide!

I can see the lights o' Canaan—fer I'm on the brighter side!

An' bless these shoutin' Methodists in every town an' place,

Fer givin' folks the privilege of fallin' 'way from grace!

—Frank L. Stanton in Atlanta Constitution.

EFFICACY OF PRAYER.

(Christian Advocate.)

"There is nothing that sweetens a bitter heart, save surely or quickly as prayer." I have read somewhere that in a certain city a telegraph wire which passed near most of the telephone wires was connected with the harmonic system; tunes were being played over it and the telephone wires took up the sounds by induction, so that those who had occasion to use the telephone found it vibrating to musical tones. One wire near to another catching its sweetness—a soul near to God catching his calm, his sweetness, his light—that is the philosophy of prayer. Tennyson, walking in the garden of a friend, was asked what he thought of Jesus Christ. He stopped and plucked a white flower and then replied: "What is to my soul." Keep sweet by keeping in the pure sunlight of God's love as it shines upon us through our Lord Jesus Christ.—S. S. Estey.

Omaha, Jan. 27.—It is announced at the Union Pacific headquarters that the Union Pacific, Oregon Short Line and Oregon Railroad & Navigation Company have decided upon a consolidation of the general agencies. Heretofore each road has maintained separate general agencies in the same towns. From this on, one agent will look after all three roads in the various cities. In the East the joint agent will be the agent; in the Short Line territory the Short Line man will be the agent, and on the Pacific coast the business will be looked after by Oregon Navigation men. It is announced the men thrown out of positions by this consolidation will be taken care of elsewhere.
