

END IS NEAR

High British Officers Anticipate an Early Peace Treaty.

TROOPS UNDER ORDERS TO SAIL

Will Remain in England for the Present—Lord Roberts Believed to Be Brooding a Sensation.

LONDON, March 10.—(Saturday, 4:15 a. m.)—Sir Michael Hicks-Beach, chancellor of the exchequer, when explaining to the bankers the terms of the new loan, gave them an intimation that the government considered the end of the war near.

"Since the estimates were prepared," he said, "events have taken place that have changed the situation and probably not all the money will be required."

Whatever the government may know or intend the unofficial opinion seems everywhere to be that the Boer power is collapsing. The eighth division has been under orders to embark for several weeks, but these orders, as far as the artillery contingent is concerned, have been recalled, Lord Roberts having reported that no more artillery from home is necessary. This is the first pause in the reinforcements since the war began. Sir Redvers Buller, second in command in the field, and Lord Wolseley, are understood to also consider that no more artillery is needed. Lord Roberts has altogether 452 guns, including siege pieces.

It is quite clear that General Buller will not try anything large in the future, as he is to lose Sir Charles Warren and the latter's 10,000 men who have been ordered to join Lord Roberts. It is said Lord Roberts, knowing the necessity of garrisoning his depots, will be able to operate a constantly increasing force until, by the time the Transvaal frontier is reached, he will have 70,000 troops. His telegrams, dealing with non-essentials, are taken to mean that he is up to some mischief, as his apparent inactivity usually spells uncommon activity.

Mafeking, as the beleaguered town, attracts much sentiment and sympathy. Nothing has been heard from there since February 10th.

There is a rumor that Col. Baden-Powell has been relieved, but this cannot be traced to any substantial basis.

The war office, has issued the following dispatch from Lord Roberts:

"Clements has occupied Norval's Point and the adjacent drift. As soon as the engineers, pontoons and troops arrive will cross the river when the necessary repairs to the railway bridge will be commenced. Gatacre occupied Buerghersfontein on March 7th, and was greeted with great enthusiasm. His scouts report that large numbers of rebels in their neighborhood are anxious to surrender."

NO FOES IN SIGHT. Poplar Grove, March 9.—General French, who is ten miles ahead, reports that his front is clear of Boers. All other reports tend to confirm a state of disorganization of the Boer forces of the Transvaal, as well as of the Free State. The general impression is that the further progress of the British to Bloemfontein will not be opposed. A great amount of ammunition was destroyed today. This included several boxes of explosive bullets, on the outside of which the Boers had marked: "Manufactured for the British government."

KRUGER WEPT. London, March 10.—All the special dispatches from Poplar Grove confirm the panic of the Boers. The Morning Post's correspondent says: "President Kruger shed tears at his ineffectual attempts to rally the Boers, who were completely paralyzed by Roberts' masterly tactics."

PEACE TALK. London, March 10.—The Daily Mail publishes the following dispatch from Pretoria: "Conversations I have had with the highest state officials show that the Boers want some arrangement. They say, if England is waging a war of conquest they will fight to the finish. Otherwise they believe that a plain statement of the Boer intentions will reveal the basis of negotiation, now that England's prestige is repaired. President Kruger and President Steyn conferred Monday, at Bloemfontein, on the incorporation of above representations in a cablegram to Lord Salisbury. The preservation of the independence of the two republics is sine qua non (an indispensable condition)."

DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

ONE INSANE.—George Reed was brought to the asylum from Lane county, yesterday afternoon, by Sheriff W. W. Withers. He is 40 years old.

at Lourenco Marques, telegraphing Thursday, says: "I am reliably informed, that high officials openly avow that the British flag shall never fly at Johannesburg. The place will be razed to the ground, and mines are put in readiness to be electrically exploded from the fort as the occasion requires."

FIGHTING IN LUZON.

GENERAL BATES HAS MADE A SUCCESSFUL RAID.

Garrisons Established in a Number of Towns—Two Cities Surrounding by Insurgents.

MANILA, March 9.—General Bates has returned here, after leaving garrisons in the provinces of North and South Camarines. The expedition has seven men killed and ten wounded. On entering New Caceres, province of South Camarines, General Bates learned that 2000 insurgents had departed the same day. The Americans immediately sent out three pursuing columns, encountering the enemy in three small engagements, and killing forty men. Spanish prisoners report that the enemy has divided into small bands in the mountains, under the leadership of General Legaspi.

Twelve hundred well armed insurgents, formerly of Cavite province, surrounded the towns of Albay and Legaspi. They have effected three night attacks, and continually harass the Fifty-seventh regiment which has lost eight killed and 20 wounded.

WEEKLY TRADE REVIEW.

Shrinkage, This Month, of Business Is Not Unnatural.

New York, March 9.—R. G. Dun & Co's Weekly Review of Trade tomorrow will say:

A certain hesitation in business, and a shrinkage in its volume, is not unusual nor unnatural at this season. It is not necessarily disheartening, therefore, if business is no longer as large in volume as ever, but falls behind that of February or January, or of the corresponding week last year. The strikes in the building trades or of machinists and others at Chicago, affect many industries and the wages of 50,000 men. The failures for the week have been 205 in the United States against 182 last year, and thirty-three in Canada, against thirty-seven last year.

TO THE PENITENTIARY.

HUGH PATTERSON WILL SERVE FIVE YEARS

For Criminally Assaulting a Girl on a Freight Train Near Roseburg Recently.

ROSEBURG, Or., March 9.—Hugh Patterson, of Albany, was today sentenced to five years in the penitentiary, for the rape of Minnie Thorn, near Cottage Grove, about four months ago. (Minnie Thorn was taken into a boxcar on a freight train, taken up the road, and, while under the influence of drugs, was repeatedly assaulted. Patterson was a brakeman on the train, and when the girl told the story, he could not be found, having deserted his train.)

KNOCKED HIM OUT.

New York, March 9.—Terry McGovern, of Brooklyn, knocked out Oscar Gardner, the "Omaha Kid," in the third round of what was to have been a 25-round bout, before the Broadway Athletic Club tonight.

A GRAVE CHARGE.

Portland, March 9.—John Wood, an operator in locating timber lands, was arrested at Vancouver today. He is wanted in Seattle on a charge of subornation of perjury. Thirty indictments are pending against him.

FATAL EXPLOSION.

Pompton, N. J., March 9.—The Smith Fuse Manufactory blew up today, and four persons were killed, and a number injured. The killed are: John Rhoda, William Gadmus, William H. Talmage, John Merritt.

E. J. PHELPS DEAD.

New Haven, Conn., March 9.—Hon. E. J. Phelps, ex-minister to England, died at his residence this afternoon. He had been ill since early in January, with pneumonia.

PEOPLE'S PARTY PRIMARIES.

Held in Englewood Precinct Yesterday—Platform Adopted Favors Government Ownership.

(From Daily, March 10th.) The populists in Englewood precinct conducted their primaries yesterday, an open meeting being held. The session was called to order by Chairman I. H. Keyes, and George H. Nichols was elected secretary. The choice of the primary for road supervisor was George H. Nichols, and his name will be reported to the county clerk for a place on the official ballot. The election of delegates to the county convention resulted as follows: D. E. Johnson, John Nowatney, and Geo. H. Nichols. The gathered members, after discussing party policy, adopted the following platform and declaration of principles: "We are in favor of the government ownership of all public utilities, including railroads, telegraph and telephone lines, managed as the postal department is managed, with the initiative and referendum, and the imperative mandate. The issue of all money by the general government, a full legal tender for all debts, public and private, without the intervention of banks."

WILL BE RELEASED.

Plague Ship Leaves Port Townsend Today, for Seattle.

Port Townsend, March 9.—Steamer Nanyo Maru, held here on account of the plague cases aboard her, will leave tomorrow for Seattle. Nine of her crew will be detained as they are still suffering from the effects of beriberi. The Nanyo Maru is a tramp steamer,

IN KENTUCKY

Prominent Officials Charged with Murdering Goebel.

WARRANTS ISSUED FOR SEVERAL

Secretary of State Powers Said to Be Involved and He Will Be at Once Arrested.

FRANKFORT, Ky., March 9.—W. H. Coulton, clerk in the office of State Auditor Sweeney, was arrested tonight charged with complicity in the murder of the late Governor William Goebel. More arrests are likely tonight.

Warrants have also been issued for the arrest of Secretary of State Caleb Powers, and Captain John W. Davis, policeman of the state capitol square, but they have not been served. The warrants also charge them with being accessories to the Goebel assassination, and warrants against ex-Secretary of State Charles Finley, and John T. Powers, brother of Secretary of State Powers, have been sworn out, and been sent to Whitley county for service.

Several witnesses who testified at the trial of Harland Whittaker on Tuesday, swore that the shots at the time of the Goebel assassination, were fired from the direction of Powers' office, and he and all the parties for whom the warrants were issued tonight, have been under the strictest surveillance ever since the assassination.

THE LEGISLATURE.

Frankfort, Ky., March 9.—The senate today reconsidered the Triplett resolution, appropriating \$100,000 for the purpose of equipping the state militia, and recovering the arms and equipment removed to London.

Senator Triplett said that during last night the remaining arms and other military property in the arsenal here, were shipped to London. Senators Puryear and Jones, who voted against the resolution before, voted for it today, and it passed, 19 to 1.

THE TREATY REPORTED.

SENATE COMMITTEE MADE AN AMENDMENT.

The American Government to Be Permitted to Protect the Canal Under Hay's Agreement.

WASHINGTON, March 9.—The senate committee on foreign relations today agreed to report the Hay-Pauncefote treaty, amending the Clayton-Bulwer treaty, with an amendment granting authority for the defense of the canal by this country when constructed. The committee is practically unanimous in favor of the amendment. Davis reported the Hay-Pauncefote treaty with the amendments in the executive session and on his motion the amendment and report was made public.

Morgan was the only member of the committee who cast his vote against the amendment. Bacon and Daniel, the only democrats present, voting with the republicans. They also voted with the republicans to have the treaty reported as amended. Morgan talked at length during the sitting of the committee in opposition to the amendment. He contended for the utmost liberality toward other powers in the use of the proposed canal, and held that American interests were fully safeguarded by the treaty as it stands.

Following is the text of the amendment to the Hay-Pauncefote treaty (to be inserted at the end of section 5, article 2, following): "It is agreed, however, that none of the immediately foregoing conditions and stipulations in sections No. 1, 2, 3, 4, and 5, of this act, shall apply to the measures which the United States may find it necessary to take for securing, by its own forces, the defense of the United States and the maintenance of public order."

PENSION DAY.

Washington, March 9.—The first day of the pension session of the house, provided for under the new rule adopted yesterday, proved a great success. There was comparatively little friction, and ninety-seven bills were favorably acted upon in the committee of the whole, and subsequently passed by the house.

THE IDAHO INVESTIGATION.

FRIENDS OF THE RIOTERS ON THE STAND.

They Paint Their Experiences in the "Bull Pen" in Lurid Colors—A Labor Agitator.

WASHINGTON, March 9.—The cross-examination of Sovereign was continued in the Coter d'Alene investigation. Sovereign said the war department declared martial law, as the military telegrams ante-dated the governor's proclamation by one day. Alfred O. Martin, said he was on the train carrying the party to Wardner, when the mill was blown up, but he had had no part in the demonstration. Martin said he was held six months, but no charges were made against him. He was among those placed on the "standing line" and described his experience there and in the guardhouse, on a bread and water diet, up to the time of getting sick. While imprisoned, outside parties "jumped" his land, valued at \$1500, and the military authorities refused to let him out to save the claim. On one occasion, Martin testified, an army officer threatened to hang him up by the thumbs.

WILL BE RELEASED.

Plague Ship Leaves Port Townsend Today, for Seattle.

Port Townsend, March 9.—Steamer Nanyo Maru, held here on account of the plague cases aboard her, will leave tomorrow for Seattle. Nine of her crew will be detained as they are still suffering from the effects of beriberi. The Nanyo Maru is a tramp steamer,

chartered by the Centennial Mill Company, of Seattle, to take flour to Japan.

GILMORE AT HOME.

San Francisco, March 9.—Lieutenant Gilmore, of the United States navy, who was held a prisoner by the Filipinos for several months, arrived from Manila today, on the hospital ship Solace.

BUNSEN AND HIS VEAL CUTLETS.

Absent-mindedness was a marked trait in Bunsen's character, and many amusing anecdotes are told of the difficulties it brought him. The statement that he remained a bachelor because he forgot his wedding day, is, of course, apocryphal, as is the other about his putting on a suit of garments on the top of others that he had forgotten to take off; but the following came under my personal observation. Bunsen used to dine every day at a little table reserved for him in a restaurant connected with the hotel in which I lived; one spring he fell into the habit of ordering veal cutlets and asparagus as the chief item for his meal, and without reflection or feeling that a change of diet would be agreeable, he continued to order "Kalbs-Cotelette and Spargel" daily, for several weeks, until one day the keller gravely informed him that asparagus was no longer in season and could not be supplied. Bunsen seemed to be immensely taken aback and to realize for the first time that he had been dining on one dish for a long period; he soon recovered himself, however, and asked the waiter for the bill of fare, from which, after careful examination, he ordered mutton chops and peas, and this was his daily diet up to the time I changed my hotel.—Science.

BIG LAND DEAL IN CUBA.

Officers of United Fruit Company of Boston Buy 108,000 Acres.

Havana, Feb. 28.—L. G. Burnham, second vice president of the United Fruit company, of Boston, and Hippolyte Dumois, the agent of the company here, have purchased 108,000 acres of land on the Bay of Nipe from an old French syndicate. This is the largest land deal consummated in Cuba in many years. The sum of \$750,000 is involved.

The tract was purchased by members of the company as individuals. It is adjacent to the big tract purchased by the company as such, on which a sugar mill is being put up. The tract will probably be devoted to either orange or sugarcane growing, its ultimate use depending upon agricultural and political circumstances. This purchase indicates the confidence of American capital in Cuba's future, and will serve to draw other investors, which is the only thing needed to make Cuba thrive.

Awards were made today of school furnishing contracts involving the expenditure of \$500,000. Desks furnished the largest item, the cost thereof amounting to \$350,000. The following firms secured contracts for desks: Sussdorff, Zaldo & Co., \$30,000; John T. Cavanaugh, \$25,000; Champion Pasqual, \$15,000; Standard School Furnishing Co., \$15,000, and A. H. Andrews & Co., \$15,000, making a total of 100,000 desks. The rest of the contracts, which were for maps, book cases, clocks, and erasers, were divided among many firms. All the successful bidders are American concerns, which are represented by Cuban agents. The Fiscal of the audience has delivered to the court his report holding guilty all those persons accused of customs frauds, and demanding their punishment. He asks that they be sentenced to terms of imprisonment ranging from one to three years. It is not known when the trials will take place, as all the technicalities of the Spanish law will be taken advantage of by the accused.—Chicago Inter Ocean.

Try Allen's Foot-Ease.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing nails, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

CAME TOO LATE.

McCullough, of Red Bluff, California, arrived in Salem from her home, on the Shasta express yesterday afternoon in response to a telegraphic message calling her to Dallas, to the bedside of her father, Mr. Gay, who was reported dangerously ill. Mrs. McCullough was taken to Dallas by carriage last evening, and upon her arrival received the sad intelligence that her father had passed away a few hours before. The old gentleman was 82 years old.

M'MINNVILLE WON.

The intercollegiate oratorical contest, which was held at Monmouth last night, resulted in a victory for the McMinnville college, the orators representing that institution securing first place, and the University of Oregon, of Eugene, second. Miss Blanche Holden, of Corvallis, was elected president of the oratorical association, and Mr. Sierberg, of Albany, secretary. Next year's meeting will be held in Corvallis.

ASKS FOR DELEGATES

GOV. T. T. GEER ASKED TO MAKE HIS APPOINTMENTS

Of Representatives to the Trans-Mississippi Congress to Meet in Houston, Texas, in April.

(From Daily, March 10th.)

E. R. Moses, of Great Bend, Kansas, chairman of the executive committee of the Trans-Mississippi Commercial Congress, writing to Gov. T. T. Geer regarding the eleventh annual session of the congress, which will be held in Houston, Texas, April 17th to 21st, inclusive, says:

"You have undoubtedly received the call of the Trans-Mississippi Commercial Congress at Houston, Texas. You may have already appointed delegates to the congress, but if not, you will please pardon me for asking that you give this your immediate attention and if you haven't the time you will please refer the matter to the vice-president (G. M. Irwin, Salem) and the two executive committeemen (I. A. Macrum, Forest Grove, and J. A. Taylor, Pendleton) of your state, who will be glad to give you any assistance possible, and suggest the names of parties who will be glad to attend the congress."

"We would like delegates appointed, who will attend the congress and take an active part in the proceedings, as it will be of great benefit to your state. If you have any suggestion to make for the good of the congress, it will be thankfully received."

"We see that a meeting is called to take into consideration the leasing and reclamation of arid lands, to be held at Salt Lake City, Utah, on April 18th. Will you not use your influence to have the meeting of the governors changed to Houston, and unite your efforts with those of the Trans-Mississippi Commercial Congress, as they take up this question at the same time? It may be of mutual benefit."

"We would be pleased to see you at the head of your delegation at the Trans-Mississippi Commercial Congress. Can we not put you down as one of the speakers, you choosing your own subject?"

The congress is composed of representative business men of the states lying west of the Mississippi river, as follows: Arkansas, Arizona, California, Colorado, Iowa, Idaho, Indian Territory, Kansas, Louisiana, Minnesota, Montana, Missouri, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, and the United Commercial Travelers.

The governors' meeting, to discuss the arid land problems, which was called to be held in Salt Lake City, Utah, for April 18th, has been indefinitely postponed by Gov. De Forest Richards, of Wyoming, who originally called it. Many of the western governors of arid land states will probably meet with the Commercial Congress.

TO CARE FOR FRUIT

CURED FRUIT ASSOCIATION OF THE NORTHWEST ORGANIZED.

That the Corporation May Prove Effective. It is Essential that a Majority of Yield Be Controlled.

(From Daily, March 10th.)

By effecting the organization of the Cured Fruit Association of the Northwest, the fruit growers of Oregon and Washington expect to improve their financial condition and realize larger returns for their crops. The permanency of the organization will depend upon the support it receives from the individual growers. That the association may prove effective and be an important factor in handling the fruit crop of the Northwest, it is essential that the corporation control at least seventy-five per cent of the acreage. Unless such a percentage of the crop can be held by the association, it can not prove an effective agency and will ultimately be obliged to disband. Large growers are a unit in favor of the association and if the smaller growers can be interested in the plan of work and will pool their interests with the association, very satisfactory results can be attained.

In perfecting the organization, the plans of the California Cured Fruit Association were adopted so far as they were feasible. Shares of stock were placed at \$5 each, no member being allowed to take more than one share. Before the meeting adjourned, more than fifty per cent of the capital stock had been subscribed by growers in attendance.

The following board of directors was chosen: For Walla Walla, J. P. McMinn; Yakima, Frank L. Wheeler; Union, Umatilla, Baker and most of the other counties in the eastern and northeastern part of Oregon, C. R. Smead; Clark county, J. H. Fletcher; C. G. Shaw and H. C. Bostwick; Josephine and Jackson, A. J. Weeks and C. E. Stuart; Lane and Linn, F. B. Chase; Marion, Charles Long; Polk and Benton, H. S. Butz; Yamhill county, A. C. Churchill; Clackamas and Multnomah, William Galloway; Washington, Clatsop, Columbia and Tillamook, W. K. Newell.

It was moved that the board of directors immediately formulate plans for a thorough canvass of the entire Northwest for signatures to the association agreement to be issued later, and that they be able to report at least by the annual meeting in June whether seventy-five per cent had been secured. The board was also given to understand that it was expected to levy an assessment on the capital stock immediately, to secure funds for carrying on the work. All contracts and work was said to be

conditional on the ability to secure seventy-five per cent of the acreage in the Northwest, and assessments made until that had been accomplished should merely be for preliminary work.

The board of directors held a meeting yesterday morning and elected officers as follows: President, Wm. Galloway, of Oregon City; first vice-president, J. P. McMinn, of Walla Walla; secretary, Col. H. E. Dosh, of Portland; treasurer, W. W. Cotton, of Portland. Executive committee, C. E. Stuart, of Medford; L. Churchill, of Newberg; C. R. Smead, of Blalock. The executive committee will hold meetings in Portland weekly.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Meakle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by F. G. Haas, druggist, Salem, Or.
