Neither teachers nor parents can afford to neglect the child's eye visual sense. 'Cross eyes' with children are frequently the result of muscular weakness that may be overcome by wearing the right kind of glasses for a short time.

REPORTS OF REFORM AND DEAF MUTE SCHOOLS.

For the Last Quarter, Audited by the State Board Yesterday—Conditions are Satisfactory.

Supt. H. E. Bickers, of the reform school, filed his quarterly report for the three months ending March 31st, with the state board of trustees for the reform school, yesterday, and during the afternoon the board held a meeting, received the report, and audited the bills. The report gives the following statistics:

Table with 2 columns: Item and Amount. Includes 'No boys last report', 'No rec'd first commitment', 'No returned from parole', 'Total', 'No paroled during quarter', 'No now remaining'.

In discussing the work of the school, Superintendent Bickers says: 'We are well up with our spring work on the farm and present conditions of the growing garden, hay and grain crops are very good, and give promise of a plentiful yield.'

Table with 2 columns: Item and Amount. Lists expenditures for 'Breadstuffs', 'Clothing', 'Groceries', 'Salaries', 'Farm and Garden', etc.

Prof Clayton Wentz, superintendent of the school for deaf-mutes also filed his report for the quarter ending March 31st, and the state board received the same and audited the bills of the school for the month. The report is given below:

'There were present, at the beginning of the quarter sixty pupils—twenty-nine girls and thirty-one boys. Within the quarter two boys returned home, leaving a present enrollment of fifty-eight.'

'The general health of the school has only been fairly good. Aside from a case of two of rheumatism, quinsy and tonsillitis, the general ailment was of the nature of severe colds, and mild forms of grippe which is now going through the school.'

IRELAND'S WOMEN.

Municipal Lessons From Europe and Woman's Ballot. An interesting article on 'Municipal Lessons From Europe' was recently included in the editorial columns of the Atlanta Constitution.

have been laboring under the impression that the people of 'effete Europe' are far behind the times, Lord Mayor Talton, in referring to the idea that the polling booth is not the place for women, said that it is the duty of man to make it a fit place for the gentler sex.

The question of female suffrage in this country has met decided opposition for many years. Those who were pioneers in the movement were ridiculed, and their efforts met overwhelming opposition.

Woman's suffrage will be generally recognized in this country when man acknowledges that the gentler sex is not inferior to the other. There are many municipal and state offices which directly concern women.

WILL THEY COMBINE?

DEMOCRATIC AND POPULIST COUNTY CONVENTIONS THIS WEEK.

Rumored That Both Conventions Will Unite On a Non-Partisan County Ticket—Populist Delegates.

A fusion of the Democrats and Populists of Marion county, styling themselves the 'citizens' party, though nominally called a 'citizens' ticket, will very probably be the result of the county conventions of those parties to be held Friday and Saturday, respectively, of this week.

Recent developments add color to the report and there is little doubt but that the rumor will prove properly based. It is reported both parties will probably name legislative candidates but the selection of a county ticket will be of a nonpartisan character.

The defendant was indicted for the crime of larceny, he with a confederate being charged with stealing \$14,000 from the office of the Pacific Express Co., 337 The Dalles, Wasco county, on October 13, 1894.

indictment charged grand larceny and larceny from a building, and that the court erred in overruling the demurrer to the indictment. The court holds that, as the indictment charged larceny in an office, the specification necessarily included simple larceny, and the value of the property stolen having been averred, no error was committed in overruling the demurrer.
