Dr. T. W. Harris, of Eugene, was

made chairman of the Congressional committee. Dr. Harris has chosen as secretary C. B. Winn, of Albany. The following resolutions were report

ed and adopted, after which the convention adjourned at 3:30: "To the Republican Convention of the

First Congressional District of the State of . Oregon, in Session-Gentlemen: We, your committee on resolutions, would respectfully submit the follow-

"Resolved, that we affirm our inceasing fealty to the gold standard as the only unit of value, and instruct our delegates to the National Republican convention to support an unequivocal statement on this line as a part of the rational platform.

"That we heartily endorse the wise and patriotic administration of our rational affairs, and we declare the policy of expansion as essential to our national growth and greatness, and we believe that the blessings which accrue to those where our flag is once established should forever remain.

"We believe that the best interests of our country will be subserved by the re-election of Wm. McKinley as President, and the delegates to the next rational convention, elected by this convertion, are hereby directed to vote for is renomination.

BOODLERS NOT WANTED.

SENATE COMMITTEE DECLARE CLARK'S SEAT VACANT.

Montana Senator Must Give Up the Toga-Committee's Decision Was Uninimous.

WASHINGTON, April 10 .- The Montana. The report is to declare the killing and wounding 600. He captured seat of Clark, vacant, and not to expel.

NOTHING TO SAY.

Washington, April 10.—Senator Clark, of Montana, will make no statement at this time concerning the report of the nounced that a battle has been fought Senate committee on privileges and elections to declare his seat vacant. It is ish troops were killed and wounded, not believed that Senator Clark con- and 800 taken prisoners. templates resigning his seat at this

KENTUCKY REPUBLICANS.

Will Send Taylor to National Convention as a Delegate.

Louisville, Ky., April 10.-The state Republican central committee today issued a call for a state convention, to settled that Governor Taylor, forme-Governor Bridley, Senator Deboe and Wm. A. Gaines (Colored) will be delegates-at-large to the Philadelphia con-vention. If, meanwhile, the Republicans are defeated before the Supreme Court in the contest for the state offices. they will renominate Governor Taylor for the November elections.

A BIG SURPLUS.

Washington, April to -In response o a resolution of the house of representatives, Secretary of the Treasury Gage has submitted figures, showing the receipts and expenditures of the government, and also the surplus created. The secretary estimates that the surplus at the end of the fiscal year, ending June 30th next, will be \$70.-000,000, and at the end of June 30, 1901, it will be \$82,000,000.

REPORTS

Peace Commissioners from the Transvaul Have Landed at Naples-Will Try to End the War.

LONDON, April 11 .- (Wednesday, 5 a. m.).-But that the war department COMMITTEEMEN. has issued no news from Lord Roberts The Jollowing were chosen as Con- during the last three days, there would be little disposition to place any credence in the Boer reports of another British disaster. The unexpected rallying of the Free State commandos, however, leaves the public in a nervous condition, dreading everything. Dispatches from Pretoria, as late as Monday, did not mention any further Boer victory. On the contrary, they said all commandos were quiet, and as Lord Roberts had hitherto never failed to promptly report mischances as well as successes, or to allow newspaper correspondents to report them until some confirmation is received, there is justification for regarding Meerkatsfontein rumor as only an exaggerated account of the Reggersburg affair. At the ame time the Boer reports have so often proved correct that the greatesst anxiety will be felt.

The Boer reports seem to indicate that Lord Methuen is advancing from Bashof toward Hoopstad. It is a bold and apparently dangerous move, since, although it turns the right flank of the Boer position at Brandfort, it puts Lord Methuen's force between whatever garrison there may be at Bloemhoef, in the Transvaal and the Brandfort force.

The Boer peace commissioners, at Naples, do not conceal the fact that they have no hope of obtaining peace, with independence for the republics, but they will endeavor to save their amour propre, or to secure a truce for further negotiations. Mr. Fischer says the present Boer strength at the front is

CHARGE FALLS FLAT.

Washington, April 10.-United States Consul Hay at Pretoria has responded to the inquiry, addressed to him by the the consulate was tampered with. Hay reports that after a careful search he has failed to find in the files of the consulate the slightest evidence to support the statement.

HEAVY FIGHTING.

Pretoria, April o.-Heavy cannonading is reported at Fourteen Streams. British are using a naval gun. Lord Methuen is moving in the direction of Hoopstad.

BIG LOSSES.

London, April 11.-A dispatch to the Daily Mail, from Brandfort, dated Sun-Senate committee on privileges and day, says: /"Yesterday General Dewest elections decided unanimously in favor inflicted a third defeat on the British of the unseating of Senator Clark, of within a week, at Meerkatsfontein, 900 with twelve wagons, losing five Boers killed and nine wounded."

The Daily News has the following south of Brandfort, in which 600 Brit

"Lord Roberts is declared to be finding great difficulty, owing to a scarcity of water.

PEACE ENVOYS.

Naples. April 10.-The Boer peace commissioners, Messrs. Fischer, Wolmarans and Wessels, arrived here today It is asserted by the passengers that the peace commissioners are empowermeet here May 1st. It is practically et to open negotiations for an acceptable peace or for a truce, with a view to subsequent negotiations.

The Corriere d'Italia this evening publishes an interview with Mr. Fischer presenting him as having said: "Lord Roberts will never reach Pretoria, as he would have to pass through an impassable desert.

THE HERO OF SAMOA.

to read the brief official announcement the City of Peking between Manila now. and Yokohama, December 30, 1809, remember that it was but a little decade from people and press.

remained to face the fight of death. in all 146 German and American officers found their end that day.

To The Scratci

itching of the skin which will not be quieted? Scratching is like trying to put out a fire with turpentine it only adds fresh fuel to the flame. The common cause of skin irritation is found in a diseased condition of the blood. For this reason washes, lotions, unguents, etc., though they may alleviate, cannot eradicate the disease. No medicine will "come up to the scratch" which cannot cleanse the blood of the humors and poisons which corrupt the health of the whole body.

"I COULD DO NOTHING BUT SCRATCH."

"I consider your 'Golden Medical Discovery' one of the best medicines on the face of the earth," writes William Floeter, Esq., of Redoak, Montgomery Co., Iowa. "While in the south-west three years ago I got poisoned with poison ivy. The poison settled in my blood and the horrors I suffered cannot be told in words. I thought I would go crazy. I could do nothing but scratch. I would go to sleep scratching, would wake up in the morning and find myself scratching. I scratched for eight months. Had it not been for 'Golden Medical Discovery' I would be scratching yet. I tried different kinds of medicine-tried different doctorsbut all the relief they could give me was to make my pocket-book lighter. I called on one of the leading doctors in a western town. He charged me one dollar; drugs cost two dollars and a half. If I had given that money away I would have been better off, for it did me no good. I then began taking Dr. Pierce's Golden Medical Discovery. Took four bottles without any relief. Kept taking it. I took in all ten bottles and I got entirely cured. I can say that if people would take your medicine instead of fooling with some of the quacks that infest the small and larger towns disease would flee like chaff before the wind."

The action of "Golden Medical Discovery" upon the blood is marked in two ways: by purifying the blood and so removing the causes of disease, and by increasing the quantity as well as improving the quality of the blood. This increased supply of pure blood, rich with the red corpuscles of health, carries new life to every organ of the body. Weak organs are thus strengthened and are enabled to throw off the diseases which had fastened on them. In scrofulous diseases the use of "Golden Medical Discovery" has time and again worked wonders, curing teen bottles of 'Golden Medical Discovery' and quite a sores, boils, eruptions, and other painful and disfiguring diseases.

SIGHT ALMOST GONE.

"My little daughter when seventeen months old became afflicted with scrofula, which affected her eyes," writes Mrs. Agnes L. Duncan, of Mansfield, Sebastian Co., Ark. "She could not bear the light for over a year. We tried to cure her eyes, but nothing did any good. We had our home Golden Medical Discovery may be attributed to the physician, and he advised us to take her to an oculist, as her eyelids would have to be 'scraped.' They had become so thick he thought she would never recover her sight. As there was no one else to whom we could apply my heart sank within me. I went to your 'Common Sense Medical Adviser,' read your treatment on scrofula, getting the properties of medicines there advised. With five bottles of Golden Medical Discovery' I have entirely cured my

Scrofula of the lungs is the other name for that diseased condition of the lung tissues which, if neglected, or unskillfully treated, terminates in consumption. The many marvelous cures of "weak" lungs, by Dr. Pierce's Golden Medical Discovery, are effected along the same lines as the cures of other forms of scrofulous disease; by purifying the blood from poisonous substances and increasing the activity of the blood-making glands, so that the blood, on which every organ depends for vitality, is abundantly supplied to each dependent organ.

A MINISTER'S EXPERIENCE.

"Regarding Dr. R. V. Pierce a distinguished prince among physicians, and the medicines you manufacture valuable remedial agents, I desire to send you this brief, unsolicited testimonial," writes Rev. Joseph H. Fesperman, Barium Springs, Iredell County, North Carolina. "In 1898, one of my daughters was suffering on account of a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs. I promptly gave her Dr. R. V. Pierce's Golden does. Get the "Discovery" and get cured.

S there anything more fiendish than the constant | Medical Discovery with gratifying success, and she now itching of the skin which will not be quieted? | enjoys excellent health. This experience caused me to recommend Dr. Pierce's medicines to my neighbors, who, without exception, used them with favorable results. This being true, I heartily endorse your medicines."

There are certain medicines which are offered as blood-making medicines, but no medicine can make a drop of blood. Blood is made from food. Blood is the vital principle of the body. Strength is built up from blood. Blood and strength are alike the product of the food we eat. Take away a man's food and you take away his life. Take away a man's blood and he dies. Give a man blood and you give him strength. The great fact is that life de-pends upon food, and on the ability of the stomach and organs of digestion and nutrition to extract the nourishment from the food and distribute to blood, brain and bone, the salts, phosphates and lime they

"Golden Medical Discovery" cannot make a drop of blood. It can no more add to a man's strength than to his stature. What it can do and what it does is to put the stomach and organs of digestion and nutrition into perfect working order so that the nourishment in the food is extracted and assimilated and made into blood and strength.

ITS WONDERFUL WAY.

"Three years ago," writes Miss Jennie Swearingen, of 1056 Market Street, Parkersburg, West Va., "I was taken with what our family physician called typhoid fever, and was sick for seven or eight weeks. My stomach was in a dreadful condition and I could neither eat nor sleep. For four weeks I drank only ice-water. I was taken down in the same manner the next year. I suffered for two for three weeks, and again last winter I began suffering with a pain in my side. It kept getting worse and I had to have a doctor, and he pronounced it a kind of malaria and Grippe. What I suffered I could never express to anyone. I could eat nothing; had to lie flat on my back and could not rise from the bed. Everyone thought I could not live. I had to be covered with mustard plasters and apply hot irons, etc. I bought two bottles of Dr. Pierce's Golden Medical Discovery and a vial of his 'Pellets.' Took the medicines according to directions and began to improve slowly. The way it helped my stomach was just wonderful. I still continue the use of the medicines, and now have taken not less than sixnumber of the vials of the 'Pellets.'

"For catarrh I have used six bottles of Dr. Sage's Catarrh Remedy, and am cured of that trouble also. I cannot say nor write enough in praise of Dr. Pierce's medicines. know that no other medicine in the world could have benefited me in the way it has. I have had no bad spell of sickness since I began its use, and I feel entirely well."

The wide range of cures performed by Dr. Pierce's scientific method of the treatment which cures through the stomach diseases which have their origin in a diseased condition of the stomach and the allied organs of digestion and nutrition. Blood is the life, but blood is made from food, and the conversion of food into nutrition depends upon the health of the stomach and its allied organs. "Golden Medical Discovery" heals the stomach and so removes the contaminating cause of the blood's impurity. It increases the activity of the blood-making glands, so that a stream of pure, rich blood is supplied, adequate to the nourishment of all the organs of the body. It restores the lost appetite and builds up the body with sound flesh instead of flabby fat. It induces restful, refreshing sleep, and brightens the mental faculties in correspondence with the physical

There is no alcohol in the "Discovery" and it is absolutely free from opium, cocaine, chloral and all other narcotics. It can be given with as much safety

to the weakest child as to the strongest man. If you ask your dealer for "Golden Medical Discovery "don't be turned aside from your purpose by any offer of "just as good" medicines. If it's any thing else than Dr. Pierce's Golden Medical Dis covery it won't do the work which the "Discovery'
