FUSION POPULISTS.

Sioux Falls, S. D., May 9.-The Nafional Convention of the People's of purpose or more pronounced decorum of behavior.

The accommodations for the delegates, for distinguished guests, for the press, and for the ordinary visitors, proved exceptionally good, equal to those of most conventions held in buildings of a more permanent charnumber, but the attendance did not renders the injuries very serinos, appear meagre, and it may be rema ked that, what was lost in attendance, was compensated for in enthusiasm.

gates, and a far larger percentage o visitors, were from the Northern Mississippi valley states. This circumstance served to give the convention a Western hue, but as the other sections of the country were also represented, the West was not allowed to monopolize appearances in the convention hall. Few of the picturesque characters of the St. Louis convention of 1896 were presented, but there were some broad brimmed hats here from Texas and the Southwest. There were also occasional "Whiskers," but even these seemed to have thinned out in the party. All told, it was a well dress-ed, good mannered and thoroughly well behaved assemblage of people Colorado led the list in the number of iemales, three being present from that state Kansas, Idaho and the District of Columbia also sent lady delegates The committee on resolutions was appointed this afternoon. The roll call of states was begun, and loud laughter was raised by the announcement of J J. Chambers, representing Alaska: am the only one here from Alaska, and will have to name myself."

The same condition confronted Ernest Kroner, of Oregon. The com-mittee on resolutions includes the following: Alaska, J. J. Chambers: Ida-do, Henry Heitfield; Kansas, Jeremiah Simpson; Montana. T. S. Hogan; Nebraska, William V. Allen; Oregon Ernest Kroner; Washington, E. W.

The evening session was devoted to singing and music. When Temporary Chairman Ringdal called the coavention to order at 8:40 p. m. tonight, it was announced that the committee on credentials, the resolutions and permanent organization committees were not ready to report. The convention then adjourned until tomorrow.

At midnight the situation on the Vice-Presidency was still the paramount question among the delegates, and a solution of the problem was apparently as far off as it was when the delegates began to arrive. There is little doubt that there is a clear majority in the convention favorable to nominating, and of those Towne is said to now control a majority.

The committee on eredentials tonight decided, by a vote of 31 to 1, that the delegates present shall cast the entire number of the votes to which their

states are entitled. .

jured. One of the cars, loaded with hops and wool, turned upside down in a gulch and was completely wrecked; the other cars were left on the track, but were very badly telescoped. The track was torn up for about twenty-five yards. It is not certain if the accident was caused by a broken flange or by a broken axle.

All the telescoped cars were loaded with lamber, and three of them were left on top of the bridge. The engine and one car crossed safely over before the smash-up.

It will be at least two day before the track is clear enough to permit regular trains to run, and all trains will have to run via the West Side to Corvallis, and then over the C. & E. to Ablany. The Republicans of Oregon, in convention assembled, reaffirm their belief in and loyalty to the gold standard; We commend the Republican Congress for its recent legislation making the gold standard a part of the statutory law of the land. So long as either of our great political parties advocates the free coinage of silver, the maintenance of the gold standard is the most important political issue, affecting, as it does, the value of the farmer's crop and the laborer's wages. We call upon all who believe in sound money to unite with the Republicans of Oregon, in the important elections of this year, in order that a victory may be won for the gold standard so decisive as forever to preclude the debasement of our currency by the free coinage of silver.

We flearfily endorse the policy of the Administration and particularly in securing the Philippine Islands, and we demand that they shall be retained as American territory.
