Incomplete returns received up to the hour of going to press indicate that the Republicans have carried Marion county for their whole ticket, by margiorities ranging from six to seven hundred down to a few hundred, with the possible exception of sheriff.

The final footing may yet show a small majority for Lieut. Chas. Mur-

small majority for Lieut. Chas. Murphy, the Republican candidate, or they may show that his opponent, Frank Durbin, the present sheriff, has carried the county by a meager majority, and been elected. It cannot be much more than a hundred either way.

In fact, it may require the official count to finally determine the result.

Hart, for Prosecuting Attorney, has carried Marion county by a majority of several hundred. He has also carried Polk, by close to two hundred, and probably has a majority in Lina. ### ELEPHANT ARTILLERY.

In England's Indian army the heavy artillery means much more than siege guns or the permanent guns of fortifi-cations, says the New York Press. It means the elephant artillery—a corps of heavy men, heavy elephants, heavy bullocks and heavy guns and ammuni-tion. The guns, which have a long range, are just the kind that would have proved invaluable in South Africa. But the heavy brigade as yet never has had a chance of distinguishing itself.

Bargomaster Will Surrender the City to the British Upon Demand for

LONDON, June 5 .- Of the official intelligence regarding what is transpiring outside Pretoria, there is little or nothing today. Lord Roberts is silent. Nevertheless, by piecing together the items from various correspondents, it would seen that Lord Roberts' immense army is all employed north of Johannesburg, except one brigade which is at Johannesburg, and that six columns are converging on Pretoria. An undated news agency message from Pretoria, via Lourenco Marques,

June 4th, says:
"Pretoria is now invested by the British. No resistance will be offered British. No resistance will be offered.

The city will be surrendered by the Burgomaster, as soon as a formal de-

Lewiston, Ida., June 4-The test of strength in the state Democratic con-vention to elect National delegates, will be made tomorrow on the seating of the Shoshone county delegates, where martial law and the permit system are still enforced by the state authorities. At the county convention to elect delegates, a majority walked out when the chairman declared, he would pass on all credentials himself. The minority remaining were, it is claimed, elected mostly by Populists, and are opposed to the present administration. The seceding majority claim to be straight Democrats, and support the administration. Governor Steunenberg is present and a delegates. His full strength is being exerted to seat his Shoshone delegation. The contest will be very close - Governor Steunenberg says he will not ask to be elected delegate at large
