

OFFICIAL RETURNS

FOR MARION COUNTY, OREGON.

COMPLETE OFFICIAL FIGURES OF THE ELECTION HELD ON MONDAY, JUNE 4, 1900

Table with columns for various election categories (e.g., Constitutional Amendments, County Officers, School Districts) and rows for candidates and precincts.

BIG SUM RECEIVED

SHERIFF DURBIN MAKES A BIG TURN-OVER OF TAXES. Collections During the Past Three Months Aggregate \$76,500.87—Many Paid During Yesterday.

(From Daily Statesman, June 10.) Sheriff F. W. Durbin yesterday made his third turn-over of taxes to the county treasurer, collected on account of the levy for the year 1899, being the collections for the month of May. The amount collected and paid over at this time was \$43,612.03. During the month of March, the sheriff collected and turned over to the treasurer \$9,759.16, and during April \$18,129.08 was secured, making the total collected to date \$71,500.87. The amount of yesterday's turn-over was divided among the several funds as follows: State, county, state school, \$36,691.65; Poll, 388.00; City of Salem, 2,152.19; City of Woodburn, 57.38; Special sheep tax, 144.81; General sheep tax, 310.54; School district No. 3, 22.73; School district No. 4, 47.47; School district No. 5, 22.96; School district No. 10, 9.01; School district No. 12, 39.83; School district No. 14, 108.73; School district No. 21, 3.38; School district No. 24, 2,499.07; School district No. 33, 17.84; School district No. 37, 76.23; School district No. 8, 3.32; School district No. 57, 176.29; School district No. 65, 39.77; School district No. 71, 32.13; School district No. 79, 286.17; School district No. 80, 34.62; School district No. 103, 159.84; School district No. 104, 52.62; School district No. 116, 14.41; School district No. 118, 6.41; School district No. 123, 10.75. Total, \$43,612.03.

THE LANE COUNTY JUDGESHIP.

Contest Will Be Very Close Between Former Secretary of State Kincaid and Mr. Knox. (From Daily Statesman, June 10.) The contest for county judge in Lane county is proving one of the closest in the history of the politics of that county. When the unofficial returns were first computed, Knox, the Republican candidate, was very evidently elected by a majority of fifteen votes over H. R. Kincaid, former secretary of state, and candidate on the Citizens' ticket, but a re-examination of the ballots disclosed an error of eight votes in favor of Kincaid, leaving Knox but seven votes in the lead. The official count may alter these figures. Saturday's Eugene Register contained the following relative to the case: "All sorts of rumors have been going the rounds with reference to the closeness of the vote between Knox and Kincaid for county judge that the public does not understand just how the count stands. "To make the matter as plain as possible, let us say that as fast as the ballot boxes came in the parties bringing them also brought a marked ballot on which was copied from the tally sheet the vote cast for each candidate in that precinct. Out of the fifty precincts in the county thus copied, unofficial returns were brought in from forty-five, leaving five precincts from which no copies were brought. However, parties coming in from four of these unreported precincts have given figures on county judge that have been verified by their neighbors, and the returns, as closely as they could be figured, left Knox eight ahead of Kincaid. The fifth precinct (Mabel) which it was figured would give Knox one majority, broke even, thereby cutting Mr. Knox's majority down to seven. "This is as close as the figures can possibly be made until the official count takes place, which will probably be tonight, as the Camp Creek tally sheet has been found and the Glendale tally sheet will arrive by this evening's mail."

THREE NEW COMPANIES.

Articles of Incorporation Filed in the State Department Yesterday—A Big Mining Concern. (From Daily Statesman, June 10.) Three new incorporations filed articles in the State Department yesterday, as follows: The Cascade Consolidated Gold & Copper Mining Company will engage in the operation of mines in Oregon and do a general development business. The principal office will be located at Baker City. The company has a capital stock of \$500,000, divided into shares valued at 5 cents each. H. A. Mitchell, George W. Downs and H. J. Wirtz are the incorporators. The Condon Publishing Company will engage in publishing a newspaper at Condon, Gilliam county. The capital stock is fixed at \$700, divided into shares of \$500. S. B. Barker, G. B. Drake and J. M. Cameron are the incorporators of record. The Black Butte Irrigation Company will engage in irrigating lands throughout Eastern Oregon and do a general development business. The company has a capital stock of \$5,000.00, divided into shares valued at \$50 each. H. Taylor Will, E. R. Casey and E. H. Sparks are the incorporators of record.

FOURTH REGIMENT BAND.

It has been definitely settled that the band of the Fourth regiment, O. N. G., will be located in Eugene. Colonel George O. Yocum has forwarded the enlistments of the musicians to the military board and has also issued a requisition for the uniforms. He has been advised that the board will decide upon a military uniform for the two regiments, the bands to be clothed the same. The Fourth regiment band will likely order in addition a white duck uniform for summer service. The instruments will be ordered within a few days and the boys expect to be ready for creditable service at the encampment to be held in Salem, July 7-15—Eugene Guard.

GRADUATING EXERCISES.

The regular semi-annual graduating exercise of the Salem public schools will take place on Friday, June 22d, when a

class of forty young people will be up for graduation honors. The program has not yet been completed, but the exercise will be held in the armory at the city hall. The final examinations for the term will begin next Friday.

OLD SOLDIERS WILL MEET.

Veterans, Sons of Veterans and Ladies of the G. A. R. Hold Conventions in Eugene This Week.

The Lane County Veterans Association, by its officers—Frank Reiser, president, and A. Yerington, secretary—has sent out notices of and invitations to its third annual reunion to be held this week. The notice follows: "The third annual reunion of the Lane County Veterans Association will be held at Eugene, June 12th, 13th and 14th. This association is pleased to announce that the State Department Convention of the Ladies of the G. A. R., and the State Camp of Sons of Veterans will be in session here on the 12th and 13th, and that they will assist the 'Old Vets' in having a grand time. "Tuesday will be devoted by the association in receiving, registering and locating visiting Veterans and their families; while the Ladies of the G. A. R., and Sons of Veterans will hold their business meetings. "Tuesday evening the Veterans will hold a reception jointly with the above named organizations. "Wednesday morning at 10:30 a street parade will be made. At 12 o'clock noon, J. W. Geary Post No. 7, will serve a lunch to the visitors at their hall. "Wednesday evening an old-fashioned Camp Fire will be held; during which the Ladies of the G. A. R., and Sons of Veterans will install their department officers-elect. "Thursday morning at 9:30 the association will hold its business meeting. Afterwards, farewell. A cordial invitation is extended to all veterans of Mexican, Indian and Spanish wars, and ex-Confederates, to join with us in exercises and parade. "Reduced rates have been secured at hotels, restaurants, boarding and lodging houses, and at feed and livery stables."

THE ENCAMPMENT.

There is no doubt that the state encampment of the Oregon National Guard will be held at Salem from July 7th to 15th, inclusive, if the people of Salem will make provision for the water, lights, strawbedding, lumber and other necessities incident to the camp life of the militia-men. There has been an effort made to raise the funds necessary for this, among Salem business men, but the responses were not very encouraging. It should not take two hours' active work here in Salem to raise enough money for the purpose. The encampment would bring to Salem about fourteen hundred men, outside of the visitors. They would spend a great deal of money here, contributing a great deal to the business life here at an otherwise dull season. Of course, a cordial invitation is extended to all who are well known how much it is to allow a few dollars to stand in the way of having the encampment here.

CATCHING BLACK BASS.

A number of boys and men spend considerable time fishing in the Willamette at Salem for black bass, the stream being well stocked with that variety. A boy was seen yesterday with a bucket containing sixteen of the fish, ranging from three inches to a foot in length. The fish were planted in the river nine years ago this fall. They have become very plentiful in the river and can be caught at any season of the year, as they have absolutely no protection under the present fish and game laws.

THE PRESIDENT WHEN INDIGNANT.

Those nearest to him have in the past ten days seen emphasized a quality of the President's character which is not often on exhibition. The well-poised, self-controlled man in the White House seldom appears other than suave. Sometimes good humor strengthens the geniality. At other times responsibilities deepen the seriousness. But the ordinary manner of the President shows spirit and sobriety within moderate limits. The developments at Havana have revealed how deeply the President can be moved and how strongly he can express himself. When the conditions of scandal presented themselves in all of their first hideousness, there was a gathering at the White House which will not be forgotten by those who participated. The look on the President's set face and the sharp sentences which came from his lips will live in memory. Before the temper of that council all questions of relative responsibility, all inclination to express incredulity, all feeling of personal friendship for the suspected, anything which might tend to minimize the importance of the discovery were dissipated. The heads of departments went out from that conference with the knowledge that the full power of the government would be involved to the complete exposure of the crimes and the merciless punishment of all directly or indirectly concerned. Men who think the greatest thing in public life is the "pull" shook their heads. They would not believe that this one or that one would be compelled to suffer degradation. They argued for a time to accept save. They refused for a time to accept the revelations. But the sentiment has changed. All Washington now realizes how terribly in earnest this President can be.—St. Louis Globe-Democrat.

SECURED A PATENT.

A. B. Gibson, of Polk county, has recently invented a washer, and last week received his letters patent for the device. The invention is a washer, which can be readily applied to shafting and other parts of machinery, to take up the wear and without the necessity of removing any of the parts of the machine, and which, when applied, will be held permanently in place. The washer when closed, is of the ordinary kind, but it has a removable section or key which fits into an opening in the side of the washer, and when the two parts are joined, make a complete circle. The invention is doubtless a valuable one, and will be much sought after by machinists when its existence becomes generally known.

NOTED VISITOR COMING

A SUNDAY SCHOOL WORKER OF NATIONAL REPUTATION.

Rev. E. S. Lewis, D. D., of Columbus, Ohio, Will Be in Salem Next Sunday and Conduct Services.

(From Daily Statesman, June 10.) On Sunday, the 17th inst., Salem is to be visited by Rev. E. S. Lewis, D. D., of Columbus, Ohio, who is one of the five practical Sunday school workers who are making a tour of the Northwestern states and British Columbia under the auspices of the International Sunday School Convention. The itinerary of these persons began at St. Paul, May 15-17, and ends at Denver, Colorado, on July 10-12. Today they are at Tacoma, Washington, and Victoria.

They expect to visit eleven states and one province. The purpose of their trip is two fold: 1. To review and strengthen the Sunday School work, especially the state organizations, and to help and encourage the Sunday school workers in the Northwest. 2. To give the denominations officially represented an opportunity to confer with the convention, thus giving to the world a practical demonstration of denominational co-operation, which is the plan of international Sunday school work.

It is expected that the Sunday schools of Salem will heartily co-operate in the matter of receiving Rev. Lewis and assisting him in conducting one of the largest and most successful religious meetings ever held in the Capital City.

SUPERVISORS TO BEGIN WORK.

Operations on the Cascade Forest Reserve to Begin Tomorrow—The Three Men Named.

(From Daily Statesman, June 10.) Supt. S. B. Ormsby, of the Cascade Forest Reserve, in receipt of a telegraphic order from the Interior Department at Washington, ordering him to assign the supervisors of the three divisions of the reserve to duty on or after June 11th (tomorrow). The three gentlemen to be thus assigned to work are: Northern Division—W. H. Dufur, of Dufur. Central Division—Enos Dixon, of Roseburg. Southern Division—Nat Langell, of Jacksonville. Supt. Ormsby was busily engaged yesterday in packing up supplies and forwarding them to the three supervisors, together with their instructions.

A FINE RUN.

One of the prettiest runs ever made by the local fire department since its organization, was made last evening, at about 8 o'clock, when the fire boys responded 40 an alarm, calling them to the plant of the Capital Lumbering Company, where a small blaze, in the boiler room of the sawmill, was seriously menacing the safety of the property. The fire had eaten its way from under the boilers, along the sawdust chute to the ceiling and coists of the building, and was burning fiercely inside the little brick structure and under the corrugated iron roof, when the department laid a hose from the nearest hydrant, and the incipient blaze was quenched in a remarkably short space of time. The blaze would have been a most serious one if it had ever gotten outside the engine room, as the sawdust tower stands but a few feet away, while the sawmill proper and thousands of feet of lumber are nearby. The damage done was nominal. The department deserves great credit for its prompt and efficient work last night.

VALUE OF FARM HORSES.

M. Woodard, residing on the Heak farm north of Salem, was in the city yesterday afternoon with three head of horses that he was anxious to sell. He failed to find a purchaser and took the animals home with him. All of the animals were in splendid condition. Two were mated, being 7 and 8 years of age, for which Mr. Woodard asked \$130. The third animal was of English Shire stock, 8 years old and valued at \$100. With the approach of the harvest season, horses become more valuable, and there is a good demand.

GLOBE-TROTTER STUDENTS.

German students are returning to the mediaeval notion of wandering about the world. The modern Goliards however, are personally conducted and know beforehand precisely what their journeys will cost them. Last year they visited Italy; this spring 1500 of them will go to Constantinople and to Asia minor. On the way they will fraternize with the Roumanian university students, who are preparing a big frunshoppen for them in Bucharest.

Market Reports

The local market quotations yesterday were as follows: Wheat—41 cents at the Salem Flouring Mills Co.'s office. Oats—28 and 30 cents (buying). Hay—Cheat, buying \$7 to \$7.50 timothy, \$8.50 to \$10. Flour—70 and 75 cents per sack; \$2.75 per bbl. Mill feed—Bran, \$13; shorts, \$15. Butter—10 to 15c, buying. Eggs—11 cents, cash. Poultry—Chickens, 7@7 1/2c per lb; young chickens (friers) 10@12 1/2c, live weight; ducks, 10c; turkeys 10c. Pork—Fat, 4 1/4c gross, 3 1/2c net. Beef—Steers, 4@4 1/2c; cows, 3 1/2@3 3/4c; good heifer, 4c. Mutton—Sheep, 4c on foot; sheared 3c. Veal—6 and 6 1/2 cents dressed. Potatoes—20 @ 25 cents, buying. Wool—15 to 16 cents. Mohair—25 cents.
