

MCKINLEY AND ROOSEVELT

Republicans Nominate Standard Bearers by Acclamation

AMID WILD STORMS OF CHEERS

All Records Broken by the Convention—The Rough Rider the Idol of the Delegations.

PHILADELPHIA, June 21.—President McKinley was unanimously re-nominated for President of the United States, by the National Republican Convention, at 1:48 o'clock this afternoon, and one hour and 10 minutes later, Governor Roosevelt, of New York, was unanimously selected to stand beside him in the coming battle. Such unanimous demonstrations in honor of the nominees of the National Convention have never before been equaled, perhaps, in the history of politics in this country. It was a love feast, a jubilee, a ratification meeting. There were no preliminaries today. The wrangle, expected over the question of reducing the representation in the South, was averted by the withdrawal of ex-Senator Quay's proposition. The great hall became quiet as Senator Lodge, standing before the 15,000 eager faces, gavel in hand, announced that nominations for President of the United States were in order. The reading clerk advanced to the front of the platform. He was about to call the roll of states for the presentation of candidates.

When Alabama was called, she surrendered to Ohio. Cheer after cheer went up from delegates in the pit as Senator Foraker, of Ohio, strode toward the platform. In full view of the convention he stood erect, his face as inflexible as though chiseled in marble, waiting for the applause to cease. When quiet was restored he began to speak. With a resonant, ringing voice and graceful gesture, Foraker thrilled the noise. His audience was stirred. They sat like men under a spell. He dropped a word here, a word there, and when he concluded by placing McKinley in nomination, not on behalf of Ohio, but of all the states and territories, a clap of thunder shook the building.

On the stage Senator Hanna, his handkerchief in one hand, a fan in the other, was spurring the vast assemblage to new endeavors. The raging storm did not seem to satisfy him. He seized a plume and whirled it about his head like a general leading his men to a charge. All at once a delegate, bearing the standard of Kentucky, rushed forward to the stage. The effect was magical. The standards of states were torn loose, and the yelling delegates climbed upon the platform to rally around their leader. With the state guidons pointed to a common centre, they made a canopy over the head of the Warwick of the Republican party.

Then higher still, climbed Hanna. He mounted a table where he could look out upon the cheering multitude. Beside him suddenly appeared a young girl, arrayed in the National colors. At this sight the cheers redoubled. The demonstration had now continued, with scarcely a lull, for 10 minutes. A Texas delegate shouted above the roar: "Here's cheers for Mark Hanna."

They were given with a will. Then a delegate with Ohio's standard in his hand, dove down into the main aisle and went careering toward the rear. The bearers of standards of other states plunged after him. Down the aisle they swung, starting the whole storm afresh. When they reached the main entrance they were met by men, holding aloft a gigantic paper-mache elephant, with the National colors twined about his neck. Then the procession came back and circled the pit. For several minutes that parade continued.

The demonstration all told lasted just 15 minutes. In length of time it does not compare with the prolonged cheer which went up for Grant in 1880 or Blaine in 1888, or for McKinley in 1896. This protracted outburst was but a forerunner of the pandemonium that reigned a moment later when Roosevelt, the man of the hour, mounted the platform to second the President's nomination. When the convention caught sight of him it went off again like a rocket. As he stood there facing the yelling multitude the roar could have been heard for blocks. But Teddy did not flinch. He looked about him while he waited for the storm to subside. Several times he raised his hand, but the cheering continued. The convention got on its feet and it was several minutes before he could proceed. His every movement and every word was characteristic of the man. He looked, spoke and acted like one giving directions to an army about to go into battle. When he concluded and resumed his seat in the New York delegation, other delegates rushed forward and surrounded him.

same wild storm which had been raised by Foraker, and when it was over Roosevelt's nomination for the Vice-Presidency evoked a succession of similar demonstrations.

At 2:14 o'clock the convention, which had done the unparalleled thing of nominating both candidates for President and Vice-President unanimously, adjourned.

At a meeting of the National Republican Committee, held immediately after the convention closed, Senator Hanna was re-elected chairman.

THE EXECUTIVE COMMITTEE.

Philadelphia, June 21.—Chairman Hanna tonight announced the names of five members of the new executive committee of the National Committee, as follows: Henry C. Payne, of Wisconsin; Joseph Manley, Maine; N. B. Scott, West Virginia; Harry D. New, Indiana; and George L. Shoup, Idaho.

MCKINLEY TO ROOSEVELT.

Washington, June 21.—This afternoon the President wired the following congratulatory telegram to Governor Roosevelt:

"Your unanimous nomination is a high and deserved honor. I extend my heartiest congratulations. Signed William McKinley." It is probable the notification committee will call upon the President at Canton, Ohio, July 12th.

PLATT IS PLEASED.

New York, June 21.—Senator Platt was seen at the Fifth Avenue Hotel tonight, and asked what he thought of the ticket nominated by the National Republican Convention at Philadelphia today.

"It is a very good ticket," he replied. "Roosevelt will make a good run. I have grave doubts whether he would carry New York if he ran for Governor, but there is no doubt that he will carry the state as a candidate for Vice-President. He certainly makes a better candidate for Vice-President than as Governor."

A MILL CITY MAN

WAS CURED OF KIDNEY TROUBLE BY PINK PILLS.

Had Suffered for Years and Could Hardly Get Up and Down—Relief in Two Weeks.

Mr. W. H. Block, a middle-aged farmer of Mill City, Oregon, is now recommending Dr. Williams' Pink Pills for Pale People to all his neighbors, having found relief from his suffering by the use of this remarkable remedy. This case comes close enough home to make it more than of general interest. It is of local interest also. The kidney trouble of Mr. Block was of a very severe nature, and the case had been one of long standing. In fact, his back had pained him so much that Mr. Block could hardly get up and down; but notwithstanding these things, this remarkable remedy took immediate effect, and in two weeks he was noticeably getting better.

Kidney troubles are prevalent all over the country, and all over the world; but they are especially so in Western Oregon, owing to peculiar climatic conditions. Here is a remedy that is a sovereign one. It is certain to cure. Other sufferers will find the same relief that so fortunately came to Mr. Block, and for which he is so grateful.

This is not a case, like many, at a distant point, and on account difficult of verification. It is right here near home, and its genuineness is easy of proof. However, it is not a peculiar case on this account. The same cures by this remedy are being made everywhere. Its benefits daily conferred are world wide. Mr. Block says:

"I had been afflicted with kidney trouble for about fifteen years. I was very miserable, had no appetite and had such pains across my back that I was driven almost wild. Several doctors prescribed for me, but they did me no good.

"I saw Dr. Williams' Pink Pills highly recommended in the newspapers, and six months ago I began taking them. Remarkable as it may seem, considering that my case was one of long standing, I had taken them but two weeks when I was noticeably getting better. My appetite increased and I enjoyed my meals for the first time in years. My back had pained me so much that I could hardly get up and down, but I improved rapidly from the effects of the pills. I keep them in the house and still take them and I consider them one of the best medicines in the world.

"(Signed) W. H. BLOCK."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Dr. Williams' Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, or may be had of Dr. Williams Medicine Company, Schenectady, N. Y., direct.

FROM WHEELER COUNTY.

State Treasurer Chas. S. Moore yesterday received a remittance of \$227.77 from the treasurer of Wheeler county, being the balance due from that county on the tax levy for the year 1899. The small balance of \$7.75 is still due from this county, being interest on delinquent taxes.

REPORTS ARE CONFLICTING

Admiral Seymour's Death Is Not Credited by Great Britain.

SAFETY OF EUROPEANS IN PEKIN

Still the Subject of Consideration by Representatives of the Powers—Japan Prepares for War.

LONDON, June 22.—The United States gunboat Monocacy was two miles up the Pei Ho river when the international fleet began the bombardment of the Taku forts. According to the Shanghai correspondent of the Daily Express she was shot through the bows. The correspondent says the Chinese riflemen on both banks of the river attacked her, but unsuccessfully. Scantiness of authentic news with reference to the situation continues. Admiral Kempitt's dispatch to the United States Navy Department, announcing that Tien Tsin is being bombarded, was prominently used by the London papers, and commented upon as indicating a change for the worse. The admiral does not believe the report of the death of Admiral Seymour, commander of the international relief column, and semi-official assurances are given that there seems to be not the slightest evidence to back up such a report. It is pointed out that Admiral Seymour had sufficient camp supplies to enable him to get to Pekin, or to get back.

"We are hopeful," says the semi-official announcement, "that since he has not done the latter, he has done the former."

A dispatch to the Associated Press from Shanghai, dated yesterday, says: "The consuls met today to consider the situation which, in the absence of news from Pekin, is looked upon as particularly threatening. Grave fears still exist as to the safety of the Europeans in Pekin."

SEYMOUR AT PEKIN.

Bethin, June 21.—A semi-official dispatch from Tokio, dated June 21st, says the Japanese consul at Shanghai confirms the report that Vice Admiral Seymour has arrived at Pekin and with members of the diplomatic corps are safe.

According to an official Japanese report from Che Foo, the foreign settlement at Tien Tsin was reduced to ashes on June 18th.

LI HUNG CHANG.

Hong Kong, June 21.—Reports have been received here from Canton that, owing to the representations of the foreign consuls, Li Hung Chang has consented to remain in Canton.

WORST IS PAST.

Washington, June 21.—The developments of today, apart from those at Tien Tsin, greatly encourage the officials here in their hope that the worst is past in China, and that the difficulty can be settled without any serious change of the political status of the country, at least in its relations with the outer world. The State Department is much gratified at the attitude of the powers. So far as it is informed, there is no difference of opinion among the different powers respecting the Chinese situation. Their object is simply to restore peace, protect life and property, and leave all further questions for future settlement.

NOT AT WAR.

Washington, June 21.—The Chinese minister here continues his declaration that there is no state of war existing between the United States and China. The State Department holds to the same view, basing its position on the absence of any authentic information showing that the Chinese government has directed, or has been a party to any of the overt acts so far committed against foreign interests in China.

JAPAN IS READY.

London, June 22.—The Daily Mail publishes the following from Yokohama, dated yesterday: "Great secrecy is maintained regarding Japan's military preparations. Fifteen large transports have already been chartered and eighteen warships are mobilizing."

AMNESTY FOR FILIPINOS.

WAR DEPARTMENT HAS PUBLISHED THE PROCLAMATION.

Immunity for and Liberty of Action Promised to the Rebels if They Should Surrender.

WASHINGTON, June 21.—The War Department has made public the following notice of amnesty, which was issued by General MacArthur today at Manila:

"Manila, June 21.—By declaration of the President of the United States, the undersigned announces amnesty, with complete immunity for the past and absolute liberty of action for the future to all persons who now or have since February 4, 1899, been in insurrection against the United States in either a military or civil capacity, and who shall, within a period of 90 days from the date hereof, formally renounce all connection with such insurrection, and subscribe to a declaration acknowledging and accepting the sovereignty and authority of the United States in and over the Philippine Islands.

"The privilege herewith published is extended to all concerned, without any exception whatever, excepting that persons who have violated the rules of war during the period of active hostilities are not embraced within the scope of this amnesty. All who desire to take advantage of the terms herein set forth are requested to present themselves to the commanding officer of the American troops at the most convenient station, who will receive them with consideration according to rank, make provision for their immediate wants, prepare the necessary records and thereafter permit each individual to proceed to any part of the archipelago according to his own wishes. For which purpose the United States will furnish such transportation as may be available, either by railway, steamboat or wagon.

"Prominent persons who may desire to confer with the Military Governor, or with the board of American Commissioners, will be permitted to visit Manila, and will, as far as possible, be provided with transportation for that purpose. In order to mitigate as much as possible the consequences resulting from the various disturbances which, since 1896, have succeeded each other so rapidly, and to provide in some measure for destitute soldiers during the transitory period which must inevitably succeed peace, the military authority of the United States will pay 20 pesos to each man who presents a rifle in good condition.

"ARTHUR MACARTHUR, Major General U. S. V., Military Governor."

WHEAT IS ADVANCING.

The Northwestern Situation Drives the Market Upwards.

Chicago, June 21.—Wheat opened nervously, July at \$3.84 cents, and a rush of buying orders sent the market in a few minutes to \$4 1/2 cents. This was the high mark of the day and of the recent phenomenal result. The gloomy situation in the Northwest was practically unchanged. Liverpool showed a good response to the rally here yesterday. July closed at \$2 3/4 cents, 1/4 cents over yesterday.

New York, June 21.—The wheat bulls were in a jubilant mood this morning over the further advance of 3 cents a bushel, making about a 17 cent rise since the bull movement was started a fortnight ago. The scenes in the pit at today's opening were of the wildest description.

Portland, Or., June 21.—Wheat, Walla Walla, 56 3/4; Valley, 56; Blue-stem, 58c.

A SUBSTITUTION TEACHER.

The board of directors of the Salem public schools met yesterday afternoon and affixed their signatures to the forty diplomas to be awarded the members of the graduating class this evening. The board also elected Miss Mary Aitken substitute teacher.

LANE COUNTY CHERRIES.

At the cannery yesterday, workmen were employed in crating cherries and placing them on board freight cars for shipment to Salem to assist in supplying the cannery at that place.—Eugene Register.
