The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-as-good" are but Experiments, and endanger the health of Children—Experience against Experiment.

The Kind You Have Always Bought Bears the Signature of

Chas. H. Fletcher In Use For Over 30 Years.

Lee's Lice Killer

The use of this preparation has become so universal, and results are so satisfactory, that most poultry-raisers would not know how to keep house without it. It is no longer necessary to dip or dust poultry to kill the lice. A can of Lee's Lice Killer, a paint-brush, and a few minutes' work in applying it to the roosts, means all the expense and labor, now necessary to keep the fowls free from both mites and body-lice. A can of it should be in every poultry-house. It kills and prevents mites and lice, and keeps the air in the poultry-house pure and sweet, killing disease-germs and preventing the other enemies of the poultrymen—roup and cholera.

Price one quart, 35c. Half Gal., 60c. One Gal., \$1. Five Gal., \$4.

At Detroit, Oregon. Now open for Summer Tourists. New House, newly furnished first-class accommodations, price from \$1.00 to \$1.50 per day. H. Jacobs, Proprietor.

SALEM IRONWORKS

You Work Solicited.

GEORGE E. SLY, Sup't

A QUARTERLY REPORT

BUSINESS OF THE SALEM POSTOFFICE FOR THREE MONTHS.

Receipts of the Office Were Not As Great as for the Preceding Quarter—Special Delivery.

(From Daily Statesman, July 11.) Postmaster Edward Hirsch has just completed and forwarded to Washington his second quarterly report for the year 1900, treating on the business transacted in the local office during the period covered by the months of April, May and June.

While the report shows a very satisfactory condition, there is a slight falling off in the receipts for the quarter over those of the preceding three months. For the first quarter, the aggregate of the receipts was \$4307.57, which for the quarter just ended, the receipts amounted to only \$4058.70. The item "to amount of postage collected in money on second class matter mailed by publishers and news agents," shows larger receipts for the second quarter than for the first, the figures being: First quarter, \$152.19, second quarter, \$178.73. This is corroborative evidence of the fact that the Statesman's circulation is very substantially increasing and very decidedly supports and verifies all claims made in this behalf.

The report shows the following business in the special delivery department: Number of articles mailable matter arriving in the mails from other offices for special delivery, 124; number of articles mailable matter deposited in postoffice for local special delivery, 4, of which 126 were delivered, two packages being forwarded.

The following is a summary of the report:

Table with columns: Description, Amount. Includes items like postage stamps, newspaper stamps, and postal cards.

Amount of postage stamps, postage due stamps, special delivery stamps, newspaper stamps, and stamped envelopes, newspaper wrappers and postal cards on hand at close of last quarter, \$4144 29.

Amount of stamps, etc., enumerated above received from the department during the quarter, \$3863 20.

Total to be accounted for, \$8007 59. Deduct amount of postage stamps and other supplies now on hand, \$3948 89.

To amount of postage stamps and other supplies sold during the quarter, \$4058 70. To amount of postage collected in money on second class matter mailed by publishers and news agents, \$178 73.

To box rents for the quarter, \$354 10. By collections of former accounts as per auditor's statement of account, 25.

Total, \$4391 78. By salary of postmaster, \$625 00. By commissions on 96 special-delivery articles delivered at 8 cents each, \$76 80.

By amount paid clerks in postoffice, \$700 00. By amount paid for rent, \$150 00. By miscellaneous expenses, \$32 50. By amount paid letter carriers, \$850 00.

By deposits at San Francisco \$2024 20. Total, \$4391 78.

ROAD TAX REBATE

FEW FARMERS AVAIL THEMSELVES OF RECENT LEGISLATION

By Which Provision is Made for the Reduction of Road Tax—Text of the BILL.

Very few Marion county farmers have availed themselves of the recent legislation by which their road tax may be reduced. The legislative assembly of 1899 enacted a law that had for its object the improvement of the roads in the various counties of the state.

The bill regulating the matter, is entitled an act to encourage the use of wide tires on wagons and other vehicles used for the transportation of freight and other heavy articles on the highways of this state, and to tax such vehicles having tires of less width than three inches. The text of the bill is as follows:

"Be it enacted by the legislative assembly of the State of Oregon: That from and after the first day of January A. D., 1900, the county court or county board of each county within this state is hereby authorized to make a rebate each year for four years on the road tax of each person within its county who shall own and have in habitual use, on the highways of this state, wagons or other vehicles for the transportation of freight and other heavy articles, the tires of which are not less than three inches in width, of \$1 for each wheel of such vehicles, and provided, further, that the owner of each vehicle having tires of not less than four inches in width, upon which there is a difference of at least eight inches in the length of the front and rear axle, so constructed that the front and rear wheels will not come in contact with the same road surface while the vehicle is moving in a straight line, shall receive in addition to the aforesaid rebate a further rebate for four years in his or her road tax as aforesaid of \$2 for each vehicle of this class for each and every year during said period that said vehicle is habitually used upon the highways of this state."

There is a statute in force in this state that empowers the county court of any county to levy a special tax of not to exceed five mills for road purposes. This has been done but a single time in Marion county and that was one year during ex-County Judge Hubbard's administration when a tax of about 2 mills was levied and the effect was marvellous. More good and substantial road work was accomplished in that one year than for years before. Without question, it is far the best and surest mode of procedure to insure the building of roads. Under the present system, every freeholder unless exempt from the operation of the tax, is liable to a poll tax and two days road work, valued in all at \$4, and one day work assessed at \$1.50, for every \$1000 of his property valuation.

Thus far only two farmers in this county have made application to the county court for a reduction in their road tax, consequent upon the use of wide-tired vehicles. The failure of the farmers to avail themselves of this law cannot be attributed to the lack of wide-tired wagons, for Marion county farmers are very generally supplied with such vehicles as are included within the meaning of the law. Instead it is attributed to the fact that farmers are not generally informed concerning the measure.

During the term of the Marion county commissioners court, just ended, H. F. Smith of Road District No. 70 made application and upon proper presentation to the court was granted a rebate of \$4 in his road tax. I. M. Wagner also made application for the rebate in his road taxes, but his affidavit having not been properly made out, the matter was continued until the next term of court when the slight technicality will be rectified and the rebate to which he is entitled will be allowed.

IN LOVING MEMORY

TABLET ERECTED IN ST. JOSEPH'S CATHOLIC CHURCH

As a Memorial to the Late Rev. J. S. White, by the Catholic Ladies' Aid Society.

(From Daily Statesman, July 11.) It was two years ago today when Rev. J. S. White, for many years pastor of St. Joseph's Catholic church of this city, passed away, and though time has passed, his memory is still held dear by his parishioners, and their love for their erstwhile pastor is as warm as when he passed about among them, their spiritual adviser and their friend.

Recently the members of the Catholic Ladies' Aid Society decided to erect a memorial tablet in the church, to commemorate the deeds and work of their deceased pastor, and with this object in view they set about raising the funds, and arranged for the tablet with a suitable inscription. The work of preparing and engraving the plate was left to William Staiger, and that gentleman completed his undertaking last evening, and the tablet will be placed in position just inside the entrance of the church this morning.

The tablet is a magnificent plate of black Belgian marble, 3 1/2 by 2 feet, 1 1/2 inches in thickness. It is polished beautifully, and on its face is engraved a Catholic cross, under which the following lettering appears, engraved in large gilt characters:

IN MEMORY OF OUR BELOVED PASTOR, REV. J. S. WHITE, BORN MONTREAL, CANADA, DECEMBER 3, 1851; ORDAINED OCTOBER 13, 1875; DIED AT SALEM, JULY 11, 1898. TABLET ERECTED BY THE CATHOLIC LADIES' AID SOCIETY, A. D. 1900. Requiescat in Pace.

THE O'BRIEN CO., vs. A. HAMILTON, action for money, default and judgment. Allen & Lewis, vs. F. W. Durbitt, action for money, settled.

Circuit Judge R. P. Boise convened Department No. 2 for a short time yesterday and made several orders.

The docket showed the following orders for the day: I. C. Peterson, vs. E. E. Peterson, divorce; continued.

Mary E. Nott, vs. C. A. Nott, divorce; divorce granted and children awarded to plaintiff.

In the matter of the estate of James S. Martin, deceased, appeal from the county court, case transferred to Department No. 1.

Francis Feller vs. Angie L. Feller, motion for writ of execution; motion allowed.

At 3 o'clock court adjourned until 10 o'clock tomorrow morning.

IN PROBATE COURT.—Frank Holmes has been appointed administrator of the estate of Jas. N. Harty, deceased, who died possessed of lots 3 and 4 in Block 10, G. H. Jones' addition to Salem. C. H. Robertson, J. H. Linn and Peter Graber have been appointed appraisers.

Jefferson Myers administrator de bonis non of the estate of A. D. Risdon, deceased, has been authorized to sell the property of the estate on August 20, 1900. The property consists of 100 acres of uncultivated land in T. 1 S., R. 5 E., east of Portland. Citation has also been issued to the heirs of the deceased, citing them to appear in court August 20th and show cause, if any exist, why the proposed sale should not be made.

The heirs are: Mrs. Lizzie Ward, aged 43 years, a daughter, of Alameda, California; Mrs. Adm. Jordan, aged 32 years, daughter, of Seattle, Washington; and Charles L. Risdon, aged 39 years, a son, of Highland Springs, California. The sale is deemed necessary by the administrator to pay the claims against the estate, which are enumerated as follows: Jefferson Myers, fees as administrator, \$70; Brown, Wrightman & Myers, legal services, \$150 and the costs of conducting the sale. The final report of F. T. Lewis, guardian of the person and estate of J. A. Lewis, was accepted and the guardian was released. The ward received \$249.50. The final account of Michael Skafie, executor of the estate of Robert Skafie, deceased, will be heard at 10 a. m., August 18th.

COLLIDED WITH A MAN.—While driving down Commercial street with a spirited animal last evening, about 6:30 o'clock, Walter L. Tooze, of Woodburn, accidentally ran into an elderly gentleman at the intersection of State street, and before he could avoid the accident, the pedestrian, whose name was not ascertained, was knocked down and severely, though not at all seriously injured by the mishap. Mr. Tooze promptly stopped the animal and proffered his assistance to the stranger, who was soon able to leave for his home in the suburbs. The accident was quite unavoidable and resulted quite fortunately in every respect.

THEY SMUGGLE SILVER.

In the Central American state gold is almost unknown as a medium of exchange, and a customs duty is placed on silver. But the clever smugglers of that region recently have been caught in an attempt to evade the customs laws to the tune of many thousand dollars. This moves one of the Central American papers to say: "The silver now in circulation in the United States is \$625,000,000 against \$25,000,000 in 1870. In the light of facts the war on silver exists nowhere and never did exist. Here only it exists on silver shipping and smuggling."
