Word reached the Xavy Department during after-New Orleans had reached Shaughai, at which point the British warships and transports are already in force, while the French, Russians and Gerusus are hurrying their men to the same destination. The American Government, so far, has kept out of the cittaglement, and in view of the reperiod handing of froops by some of the powers, it was stated that the landing of American troops had never

been contemplated. Although the officials declined to give out any specific information, it is understood generally that the Government was in possession of word that the landing of British forces was begun today, and it was probable that of German and French forces. As desenseveral forces had as the ostenable purpose of their landing the maintenance of peace and order, it is not issumed to be likely that any disorder an arise from the course pursued.

The general situation at Shanghal. caused by the proposed handing of Pritish troops and the protests of Germany and France, continues to be strained, although the authorities are diustment than heretofore.

TOURISTS IN ITALY.

Italian hotel-keepers recently met in Rome to devise means to attract visitors to their country. Strangers leave \$61,200,000 every year, most of it to beggars and extortionate hotel men. The hotel men of Italy are following the example of their Swiss brothers in combining. It is a toss-up which class contains the largest flars, If Italy is sincere in wishing to attract strangers the government should take a hand in the movement and whip every lazy, dirty beggar from the streets.
