ROOSEVELT AT DETROIT

An Object Lesson on Militarism Given by the Speaker.

HE ADDRESSES A LARGE CROWD

Republican Candidate for Vice-President Greeted With Enthusiasm—The Nation's Tyrants.

DETROIT, Mich., Sept. 6.—The first meeting of Governor Roosevelt's Western tour, which was held in the big assembly room of the Detroit Light Guard armory tonight, was all that the Governor's most ardent partisans could have desired in point of attendance and enthusiasm.

When Governor Roosevelt arose to speak, the great crowd arose almost en masse and remained standing and shouting for some time. The Governor's speech occupied about an hour in its delivery, and was listened to throughout with thoughtful attention. Governor Roosevelt gave the audience an object lesson, when he asserted that our soldiers in the Philippines had less to fear from any body of armed bandits in that country, than they had to fear from the principles of the Kansas City platform and the success of the Democratic ticket. He said five members of the regular army were present, and asked them to stand up that the audience might see their tyrants. Five soldiers from the Fourteenth Infantry at Fort Wayne, who occupied front seats, when thus invited, arose and were applauded.

IN WEST VIRGINIA.
Wheeling, W. Va., Sept. 6.—The tour of West Virginia, which was begun last Wednesday by W. J. Bryan, was concluded today by a speech at this place. He traveled from Deer Park by way of Clarksburg and Parkersburg, today, making three speeches of length and two or three informal talks at such places as St. Marys and Sistersville. The day's run covered about 200 miles through the mountain railroads, which was in itself no small undertaking in hot weather. Bryan, however, held up well, and he appeared quite fresh when he addressed the platform at tonight's meeting.

THE LAST TOUCHES.
Washington, Sept. 6.—The President put the finishing touches on his letter of acceptance of the Republican nomination today.

FUSION IN MINNESOTA.
St. Paul, Minn., Sept. 6.—Fusion was effected between the Minnesota Democrats and Populists today, and a full ticket was named, headed by Governor John Lind. An electoral ticket was also endorsed by the two conventions.

UTAH DEMOCRATS.
Salt Lake City, Utah, Sept. 6.—The state Democratic convention today nominated W. H. King for Congress.

James H. Moyle for Governor, and T. S. Harris for Secretary of State.

WILL PAY NO TAX.

Fraternities Insurance Policies Not Subject to Revenue Law.

Washington, Sept. 6.—The Commissioner of Internal Revenue some days ago received a letter from a representative of the National Fraternal Congress then in session at Boston, inquiring whether or not any decision affecting the taxation of policies or certificates issued by fraternal insurance societies has been issued during August last. Since then a large number of inquiries have been received to the same effect from all parts of the country. To these inquiries the Commissioner has ruled as follows: "No ruling has been made during August or recently by this office affecting the taxation of policies or certificates of life insurance issued by fraternal or beneficiary societies such as the Grand Order of United Workmen and kindred organizations. This office has always ruled that such organizations were exempt under the law and does not contemplate imposing any taxation of their policies or certificates."

GOLD DEMOCRATS DECIDE TO OPEN HEADQUARTERS

And Aid in the Election of the Republican Candidate for the Presidency.

INDIANAPOLIS, Ind., Sept. 6.—At a conference of the Gold Democrats today, it was decided to establish National headquarters in this city, and conduct a campaign in the interest of McKinley.

MONTANA REPUBLICANS.

Helena, Mont., Sept. 6.—The Republicans of Montana today completed the following ticket:

Congressman, S. G. Murrick, of Missoula; Governor, David E. Folson, Meagher; Lieutenant-Governor, A. J. Emmett, Madison; Attorney-General, T. J. Porter, Custer; Secretary of State, A. N. Yoder, Silver Bow; Treasurer, Frank J. Edwards, Lewis and Clarke; Auditor, C. C. Proctor, Cascade; Assistant Justice, E. Rudolph Von Tobel, Fergus; State Superintendent of Public Instruction, W. F. Harmon.

General Harry C. Kessler, of Silver Bow; L. S. Wilson, of Gallatin, and Paul McCormick, of Yellowstone, were named as electors.

The convention adopted a platform in which the Republicans in the Sixth Legislative Assembly, who voted for W. A. Clark for United States Senator, were scored. The convention endorsed the eight hour day for labor in this state.

Four Republican state Senators, who voted for Clark for the United States Senate in the last Legislature, were requested to resign their offices.

REFUSE TO FUSE.

Boise, Idaho, Sept. 6.—The Democrats and Populists have not yet gotten together, and the outlook tonight is that anything like a complete fusion will not be effected.

The only heir-at-law is the petitioner, Mrs. Effie Rummel, the widow, aged 36 years. SOUTHERN PACIFIC.

New York, Sept. 6.—At a special meeting of the directors of the Southern Pacific Railroad held today, resolutions of regret on account of Mr. Huntington's death were adopted. The by-laws of the company were amended so as to provide for a chairman of the board and for weekly meetings of the executive committee. Charles H. Tweed was elected chairman of the board. On motion of August Belmont, a special committee, consisting of C. H. Tweed, James Speyer and D. O. Mills, was appointed to consider the question of a successor to the late President Huntington.

Mr. Speyer, when asked about the reports from San Francisco that Speyer & Co. had not agreed with Mr. Huntington's policy of the nonpayment of dividends, said:

"There has never been any difference between our firm and the late Mr. Huntington regarding Southern Pacific dividends."

Mr. Huntington's place on the board was filled by the election of James Speyer.

FRANCE READY TO RETIRE

Notifies the Washington Government of Its Readiness to Leave Peking.

Germany Is Determined to Remain and London Is Pleased With This Decision of the Berlin Authorities—A Compromise Will Probably Result.

WASHINGTON, Sept. 6.—The latest expression as to the attitude of the Powers on the evacuation of Peking comes from the United States Ambassador at Paris, General Porter, who has advised the authorities here that the attitude of the French Government is favorable to the position taken by Russia. Almost simultaneously with this dispatch from General Porter came another from the American charge d'affaires at Berlin, giving the attitude of Germany on Russia's proposal. This, in substance, states that Germany, while anxious to avoid any friction between the Powers, regards conditions at Peking such as to require the continued presence of the German forces there.

These two highly important communications bring the Chinese negotiations to a very advanced state. It is generally accepted that Germany's attitude in favor of remaining at Peking will be concurred in by Italy and Austria, as these two countries act with Germany in political questions of a general nature.

London, Sept. 7.—Germany's polite refusal to withdraw from Peking is commented upon with keen satisfaction in London, and the hope is expressed that Lord Salisbury will show similar firmness. The British reply has not yet been formulated. Lord Salisbury desires to consult with his colleagues, and has notified the foreign office of his intention to return to London from the continent early next week.

There is little doubt, however, that Germany's reply is the outcome of a discussion carried on during the last few days between the European cabinets, and that a compromise policy of maintaining the occupation of the capital, but withdrawing the greater part of the troops to Tien Tsin, will be found to have met with general concurrence.

From Shanghai it is rumored that Japan has notified the Powers of her willingness to withdraw her troops, provided an adequate guard is left for the Legations, and on the condition that China formally requests the evacuation and opens genuine negotiations for peace.

London, Sept. 6.—What is now designated in some quarters as an attempt to establish a "Russian Monroe Doctrine" in Asia seems doomed to modification. Hence the prospects of the continued concert of the powers are believed to be improving. It is thought that the announcement of the names of the four personages appointed by imperial edict as Chinese peace commissioners will furnish Russia with a plausible reason to join in the American demand for the appointment of a more satisfactory commission and give Russian ground for delaying the withdrawal of her troops from Peking until the Chinese party shows a more conciliatory disposition.

Shanghai, Sept. 6.—The first battalion of German troops landed here today from the steamer Batavia. The foreign consuls and detachments of French and Russian troops received them and escorted them to camp.

ON THE RANGE.

Walsenburg, Colo., Sept. 6.—Reports, received from Sharpdale, a small town near Mount Blanco in Southern Colorado, say that a feud over the use of the range, which has long existed between cattlemen and sheepmen, reached a climax this week when the cattlemen drove 2000 sheep over a high precipice. The trouble has grown out of the scarcity of water along the water courses. Where grass still remains the sheep were pastured, and after they had once passed, the cattle refused to eat and either died or became very poor. The cattlemen rose in revolt and, jacking horses, corralled about 2000 sheep. They were driven down a narrow gulch and over a precipice.

NOT FRANK MORTON

THE DEAD MAN FOUND AT WHEATLAND IDENTIFIED.

It Is Probably That of Theodore Pillester, of Damascus—Morton Is Alive.

The dead body, found at Wheatland, in the Willamette river, on Tuesday evening, and on which Coroner D. F. Lane held an inquest on Wednesday, as reported in the Statesman yesterday morning, was yesterday buried by Undertakers Clough & Rigdon. It now transpires that the man was not Frank Morton, of Damascus, Oregon, but Theodore Pillester, a young man who also resided at Damascus, and who started to Salem on the steamer Eugene on Thursday of last week, and disappeared near Lincoln, while the steamer was on the bar in the river at that place.

Last evening Undertaker W. T. Rigdon had a telegram message from Oregon City, from a young man giving his name as Pillester. He claimed to be a brother of the man lost on the Eugene, and asked for a description of the dead man buried here. It was given him, and he decided that the remains were those of his brother, who had last been heard of coming up to Salem a week ago. He also stated that Frank Morton, the owner of the book found on the dead man, was in

Damascus yesterday, at his home; that, for some reason, he had given his book to Pillester, before the latter started for Salem. Mr. Pillester further stated that he would come to Salem this evening, to take up the remains of his brother and convey them to Oregon City for burial.

When Theodore Pillester came up the river on the steamer Eugene, he was accompanied by another young man. Both were drinking, according to the story of Captain Blinn, of the Eugene. At Lincoln, where the boat grounded on a bar, one of the crew reported to the mate that he heard a splash which sounded like a man falling overboard. No outcry had been raised, however, and as the boat was among floating logs, it was concluded that the noise had been made by a log. When the boat reached Salem one of the young fellows reported to the mate that his partner, Theodore Pillester, was missing and that he had not seen him since the boat passed the bar at Lincoln. He then left his partners valise with Agent Buckingham at the Salem wharf. This valise was yesterday opened and found to contain only working clothes.

The young fellow reporting the loss overboard of Pillester made no effort to find his friend but went to the hop yards, where he was reported having been seen yesterday. His actions look very suspicious. A well known local character also, who was yesterday boasting that he knew something about the case but would not tell unless compelled to, may be very anxious, in a short time, to either disclaim any knowledge of the case, or to tell all he knows.

A strict inquiry will be made into the circumstances attending the death of young Pillester, and if a crime has been committed, the guilty parties should be brought to account.
