

FOR THE STATE FAIR

NEW JUDGES STAND TO BE BUILT AT THE TRACK.

Will Be in Front of the Grand Stand—Splendid Line of Exhibits Will Be at Exposition.

(From Daily Statesman, Sept. 5.)

Arrangements for the State Fair are being pushed with vigor, and everything is done that can in any way contribute to the success of the exposition.

The officers of the board yesterday decided on erecting a new, modern judges' stand at the race track.

The time-keepers etc will occupy the old judges' stand as before, where also will be the announcing board.

There will be a better and faster lot of horses on the track than ever in the past, many horsemen having decided to keep their strings here until after the fair, and not participating anywhere else in races prior to the Salem meet.

The Baptist ladies have secured the large restaurant building, just inside the main gate, formerly leased by the Presbyterian ladies.

E. H. Flagg will conduct a restaurant in the Southwick building.

E. J. Arnold, the merry-go-round man, has secured space for his machine, and will open his merry-go-round to the delight of the little folks and some bigger ones.

In the stock exhibit, which promises to be unexcelled on the Pacific coast, the centre of attraction will doubtless be the fine herd of Herefords—twenty animals—owned by John Sparks of Reno, Nevada.

A large amount of stock will come to the fair from the California State Fair, which is now running, and will close on the 15th inst.

The State Fair opens here tomorrow with prospects for a brilliant success. The space in the exposition building was all engaged two weeks ago.

CHANGE IN NATURALIZATION.

United States District Judge Adopts Stringent Rules for Aliens.

Judge Lowell of the United States district court at Boston has announced an important change in the rules relating to naturalization, and hereafter it will be quite a study for an alien to become a citizen of the United States.

Judge Lowell always carefully examines the applicant's papers, and frequently makes searching inquiries concerning his knowledge of American affairs.

Last year 2000 new citizens were made in the United States courts in Boston alone. This being presidential year these figures will probably be doubled.

Under Judge Lowell's new rules, which will go into effect September 15, applicants for citizenship will be obliged to file their papers 10 days in advance, and their names and addresses will be conspicuously posted in the federal building.

COULD NOT KEEP THEM OUT.

During the time when the alien exhibition law was in force in the Transvaal three Chinese arrived at the little border town of Volksrust.

The Transvaal authorities had not much experience of Chinese up to 1898, but they were not taken with the appearance of the new comers.

The Chinese were just being picked out of the back over the Natal border, and they were allowed to travel to the colony.

COSTLY WATCH.

Mrs. Mary A. Ramp has commenced an action against John and Eliza J. Doran, of Brooks, for money due up on a promissory note for \$150, and interest since March, 1898, at 10 per cent.

A NARROW ESCAPE.

There is no word in the Chinese language that conveys an imitation of what we term public opinion, nor is there a synonym for patriotism.

PECULIAR AND PERTINENT. Cigarettes are smoked almost exclusively in Germany, Austria, Russia and Greece, and generally throughout Europe.

Fifty wooden bridges on the lines of the New York Central railway will give place to steel and iron structures during the present year.

SINGULARITY. The ordinary bean, which only the Bostonians know how to cook properly, may be cultivated with certainty of profit in only a small part of the country, says the New York Press. For many years Monroe, Orleans and Niagara counties in New York state, produced many more beans than any other similar area in the world. Their bean crop was the only one of importance on earth. Brockport, in Monroe county, was the world's bean metropolis, and farmers near there made small fortunes out of beans.

FOR THE CAMPAIGN

SENATOR A. J. BEVERIDGE, OF INDIANA, TO VISIT SALEM.

Will Speak Here on October 2d—Republican Nominations for Presidential Electors Filed.

(From Daily Statesman, Sept. 6.)

E. M. Croisan, state committee-man for the Republicans of Marion county, will, in a few days, open up Republican headquarters in the rooms on the second floor of the Gray block, corner State and Liberty streets, recently occupied as county Republican headquarters. Active work for the campaign will be begun promptly, and every part of Marion county will be thoroughly canvassed during the next two months.

One of the most prominent campaign speakers to visit Marion county during this time is Senator Albert J. Beveridge, Indiana United States Senator from Indiana, who is one of the most effective campaigners in the country.

The Portland Oregonian, in yesterday's speaking of the opening of the campaign, says of the arrangement for Senator Beveridge's work in Oregon: "Senator Albert J. Beveridge, Indiana's youthful and brilliant statesman, who attracted National attention during the last session of Congress, will deliver two campaign speeches in Oregon. This announcement was made by the Republican State Central Committee yesterday. Unfortunately, Senator Beveridge's time in the North west is limited, and his presence at more places is impossible. These two speeches will be delivered at Dallas and Salem. He will arrive in Portland at 7 a. m., October 2d, and must go south to California that evening. The best disposition of this time that could be made by the central committee was to have him go up on the West Side train to Dallas, arriving there at 1:30 p. m. After speaking in Dallas he will be driven as rapidly as possible over to Salem, where he will speak again at 8 p. m. Immediately after finishing his speech there he will take the overland train for California."

Other speakers of National reputation will canvass the state, and the four candidates for Electors, all of whom are excellent campaign speakers, will contribute to the success of the Republican party in this county and state.
