PROF. LORAN A. KERR WILL FILL CHAIR OF NATURAL SCIENCES

At Willamette University - Comes Highly Recommended-A Gradnate of Ohio Wesleyan.

Delaware, Ohio, has been selected as the rest of the years. professor of Natural Science in Wills mette University, at Salem, Or., vice Prof. Collier, who has entered the service of the United States Geological Survey. Prof. Kerr is a Methodist has had special training in Natural Science and comes highly recommended.

Rev. C. G. Doney, pastor of St. Pani's M. E. church, Delaware, Ohio,

"He is one of the cleanest, brightest, and best men ever graduated from Ohio Weslevan."

Edward L. Rice, professor of Zoology in Ohlo Wesleyan University,

A. Kerr my unqualified recommendation. He is a thorough student, and an energede worker. I feel no ques tion of his success in his life work. Will G. Hormell, professor of Phy sies, and Dr. J. W. Bashford, Press dent of the Ohio Wesleyan University. both recommended Mr. Kerr as a man especially prepared and trained for his work. It was upon these recomfor Willamette University decided to employ Prof. Kerr, and they find that this selection has added much to the interest in the work of the old Pioneer school Prof. Kerr is expected in Saopening of the school year.

#### A LARGE MANUFACTURING CONTRACT.

Five Hundred Airtight Stoves Made at the Perry Foundry-The Place Is a Busy One.

The Perry & Co. stove foundry, near, the Southern Pacific passenger depoi. presents a very basy scene these days The foundry has just divished a contract for manufacturing 500 airlight stoves, for the Airtight Steve Manu facturing Company, of Portland, and is now at work on cook stoves, making three complete each day. The stoves made here are, the Indianola, the Bril Hant, the Leader and the Manila, and have a good reputation for durability, finding a ready sale all over the Wil-lametre valley. The iron from which

## To Those Who Think

Of buying catalogue house or de partment store machines we wish to remark that the book thrown out by these parties is at the end of a long string, and is intended to eatch suckers, the fisherman at the other end keeping studiously out of sight the fountain head of the production that he tries to sell you through the circular or newspaper. Such hooks look very tempting, and are altogether too greedily swallowed in many instances, but what will you do when your machine gives out? To whom will you look? The parties from whom you bought are at a distance. The amount involved is year's statement: small and the only satisfaction you get 20 in case the concern winds upgis the re- 4! turn of your communication through in the Dead Letter Office. We offer you T as a set-off to the cheap machines that L are being exploited in the manner In above indicated, the "Paragon" ma- 38 chine with which we give the same R identical warrant that is given with 1 the Standard Retary from us. These g machines you can get at a price that M will discount any inducement that the | catalogue or department house has to

## THE SESSION ENDS

COMMISSIONERS FINISH AUDITING BILLS AGAINST COUNTY.

May Hold an Adjourned Session Dur ing the Month to Attend to Road and Bridge Work.

The Marion county commissioners court has completed its work for the September term of the court, so far as it could be completed at this time, and has adjourned. Later in the month an adjourned session will probably be held when some road and bridge work will be attended to. Among the proceedings had before final adjournment are the following:

Upon the petition of J. O. Phelps et al., the county court ordered that the county aid for Mary Faulkner be increased to \$5 per month, and James Shaw was appointed disbursing agent payment to be made a close of each

The county aid for Ruth Miller, of \$4 per month, was ordered discontain-
