A TERRIFIC ARRAIGNMENT

Judge of Superior Court in Washington Placed on Trial.

DAMAGING EVIDENCE IS GIVEN

Former Prosecuting Attorney and an Ex-Deputy Sheriff Testified for the State—A Clear Case.

COLFAX, Wash., Oct. 18.—At the hearing today of Judge William McDonald, of the Superior Court, on the charge of subornation of perjury, ex-Prosecuting Attorney Matthews and M. T. Coffman, ex-deputy sheriff, testified that McDonald tried to force Win Keech to concoct and swear to the story connecting S. E. Nossly, McDonald's political enemy, with some crime and said he would try the case and send Nossly to the penitentiary for twenty years.

The hearing will last all the week. Matthews testified, the reason he did not cause McDonald's arrest while he was prosecuting attorney was that McDonald had surrounded himself with such a corrupt gang that it was impossible to get justice in the courts of this county.

WAS FOUND GUILTY.

Portland, Or., Oct. 18.—James L. Warren, charged with the murder of William Kirk, mate of the American ship Clarence S. Bennett, was tonight found guilty of murder in the second degree. Kirk was murdered on board his ship in the harbor here on January 23d last.

NOT GUILTY.

Chicago, Oct. 18.—Captain Geo. Wellington Streeter and seven co-defendants, whose attempt to hold the blind land on the lake front here last summer, resulting in the mobilization of the whole police force of this city, were declared not guilty of conspiracy to commit murder. The charge of "unlawful assemblage" still remains against them.

SHE IS SUFFERING.

Miss Mast's Efforts to Complete the 3000-Mile Ride.

New York, Oct. 18.—With her face showing plainly the terrible strain she is undergoing, Marguerite Mast, the girl cyclist, who is trying to establish a record for the 3000 miles on the Valley Stream, L. I., course, completed her 2475th mile at 11:30 today. She had then been 11 days 22 hours and 30 minutes in the saddle. She had sprinkled red pepper in her stockings so that the pain might keep her awake. Save for the rest between 11:20 last night and 3:05 a. m. today, Miss Mast rode continually for fifteen hours. By Saturday she hopes to complete 3000 miles.

A CHANGE.

The Steamship Line of the O. R. & N. Company, in Operation.

Portland, Oct. 18.—The Oregon Railroad & Navigation Company today issued the following circular:

The O. R. & N. Co. will, on and after October 20th, operate all steam-

ships on the Portland and San Francisco route. The steamer "State of California," owned by the Pacific Coast Company, will be withdrawn from the line. The steamship "Columbia" and "Geo. W. Elder" will fill the route on the present schedule. The duties of Goodall, Perkins & Co., as superintendents of the ocean division, will be assumed by Captain Geo. Conway, superintendent of the water lines, with headquarters at Portland.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. All druggists sell it at 50 cents or it will be mailed by Ely Brothers, 56 Warren St., N. Y.

THE MINERS' STRIKE.

NO MOVE MADE TO ORDER THE MEN TO WORK.

National Executive Committee May Be Called Together First—Further Complications.

HAZELTON, Pa., Oct. 18.—As far as ending the coal miners' strike is concerned, not a move in that direction was made by the United Mine Workers' officials today. President Mitchell is absolutely silent on all questions pertaining to the termination of the contest, and it is not believed that he will have anything to say on the subject until he calls a meeting of the National Executive Board, for the purpose of considering the question of issuing a formal declaration, calling the strike off. When that shall be decided, it is understood, entirely on the operators.

The feeling is prevalent here tonight that the decision of the operators' meeting at Scranton today, to insist that the reduction in the price of powder must be taken into consideration in determining the net 10 per cent increase in wages, has complicated matters somewhat. A further delay in reaching an amicable adjustment of the trouble is now feared.

FRANCE TO HELP.

Will Stir Up Trouble in Africa for the English.

New York, Oct. 18.—It is stated on excellent authority, says a cablegram to the Times from Paris, that ex-President Kruger will, after landing at Marseilles, pass through Paris, and that he will be received with all the honors due to the head of a state. The municipality of Marseilles is making preparations for a grand reception for Kruger, and it is quite certain that he will be enthusiastically received by the population in general.

The recommencement of active defense in the Transvaal has reawakened European interest in the Boer cause, and the French government, in common with other European governments, is not sorry to see this reawakening of sympathy, as Great Britain's hands are all but completely tied, while the Boers remain active. In China and in the settlement of any differences with Great Britain, her rivals can therefore take advantage.

Mr. Kruger's friends are still hoping that he will visit America.

THE YACHT RACE.

Sir Thomas Lipton Satisfied He Will Secure Fair Play.

London, Oct. 18.—Sir Thomas Lipton hopes to arrive in the United States about the middle of July. In an interview with a representative of the Associated Press, he said he was delighted that his challenge had received such a prompt and satisfactory answer.

"Talking of fair play," continued Sir Thomas, "none of us is quite infallible, but I guarantee to say, should anything controversial by any chance happen to occur, I am certain I shall get the benefit of any doubt existing. Such is my belief in the integrity and sportsman-like spirit of the New York Yacht Club."

It is reported that the Shamrock II will be built by the Hendersons on the Clyde, and that Sycamore will be her skipper, with Mr. Jameson in general charge. Sir Thomas Lipton will take both the old and the new Shamrock across the Atlantic.

THE TEXAS HORROR.

More Dead Bodies Found at Galveston Dally.

Galveston, Tex., Oct. 18.—One month and ten days have elapsed since the storm, and still the number of dead bodies being discovered daily does not decrease. Forty-six were recovered today. This makes a record of 167 for the past four days. The total number of bodies reported to have been recovered is 207.

HIS TOUR ENDS TONIGHT

Governor Roosevelt's General Campaign to Be Closed at Baltimore.

He Will Go Through His Own State During the Final Week—Bryan Finds Very Little Enthusiasm in New York, Though Good Crowds Hear Him.

PARKERSBURG, W. Va., Oct. 18.—Governor Roosevelt will finish his general campaign at Baltimore tomorrow night, after having traveled nearly 15,000 miles and making nearly 500 speeches. He will spend the final week of the campaign in New York state. The Boston visit has been eliminated, and if possible Governor Roosevelt will spend next Sunday with his family at Albany.

Today's work began at Canton, Ohio, the home of McKinley. After a hard day's campaigning through Ohio and West Virginia, Governor Roosevelt reached Parkersburg tonight and addressed a large audience, paying special attention to Senator Jones' denial that the American Cotton Company is a trust. Roosevelt produced the statement of the company, and argued that its own figures, prospectus and plans of procedure, entitled it to the name of a trust. He said that in floating its stock the American Cotton Company had boasted of its ability to control the price of cotton, and entered the market with the expressed

intention of cornering the crop and mastering the market.

HANNA'S WORK.

Sioux Falls, S. D., Oct. 18.—Senator M. A. Hanna and party had the biggest demonstration of the campaign tour tonight, in this city, the home of Senator Pettigrew.

BRYAN'S TRIP.

Syracuse, N. Y., Oct. 18.—Wm. J. Bryan continued his tour of the Empire state today, traveling half way across it from east to west. He began his journey at Albany, and following the course of the picturesque Mohawk and the line of the Erie canal, he reached this point late in the afternoon. From there he made a run northward to the southern shore of Lake Ontario, and made a half hour's speech at Oswego. Later he spoke here tonight.

The attendance at the majority of the meetings was complimentary in size, and some of the audiences were very large. In comparatively few places was there any marked enthusiasm. There was, however, close attention, and in no case was there any interruptions of note.

HOP MARKET IS STEADY

The Recent Advance Took Salem Dealers by Surprise.

ORDERS RECEIVED FROM LONDON

Aggregated 1000 Bales in One Day—One Sale at 16 Cents Was Reported Yesterday.

The sudden advance in the price of hops last Saturday was caused by the receipt of large orders from London. These orders probably aggregated 10,000 bales, and just why they all came in a single day is a mystery to dealers and growers alike. One explanation given is, that the samples of Oregon hops had arrived in London, and the quality they indicated was so good that brewers determined to place orders for a quantity for their use. These simultaneous orders forced the price of hops to 15 1/2 cents and the market remains at the figure even though these orders have been filled, and the indications are that the price will go even higher.

Dealers are very busy getting the

hops they have purchased ready for shipment and are practically working day and night to dispose of them so they will be in a position to buy more. The few sales reported yesterday are attributed to the great rush of dealers in accepting those secured the past three or four days. There was one sale reported yesterday, upon good authority for 16 cents, which is the highest price yet reached in Oregon for the 1900 product. When asked yesterday for an expression of his opinion on the condition of the market, H. J. Ottobheimer said to a representative of the Statesman:

"The market the past few days has been more active than ever experienced in the hop business, and in the last three or four days over 5000 bales passed from growers hands, in Oregon, at prices ranging from 13 to 15 1/2 cents, while a similar state of affairs also exists in Washington, where a like quantity was bought by dealers at prices ranging from 13 to 14 1/2 cents. Oregon has a fine quality this year, and the choice crops are meeting with much favor in England.

"The statistical position is good and there is no reason why prices should not improve. The Oregon grower has the key to the situation, and should govern himself accordingly. By all means he should avoid crowding the market."

Another hop dealer speaking of the situation said: "Growers should not be so anxious to sell. The dealers have more than they can do and will not buy until they can unload what they have on hand. If the growers will stay at home, the buyers will seek them, but where large quantities are thrown upon the market the tendency is to depress it."

Another dealer said he believed if holders of low grade hops would be a little patient they would realize as much as is being paid for choice lots.

TWO MEN ARRESTED

CHARGED WITH COMMITTING CRIMES IN THIS CITY.

Picked Up by the Portland Police—Had Property Stolen in Salem Last Week.

The police of Portland have in charge two suspicious characters, giving their names as R. D. Spencer and Albert Gordon, and claiming that they came from Salem, and, indeed, one bears some good evidence of the claim that he has been here. In his possession was found an overcoat that answers to the description of one taken, several days ago, from Dr. E. Y. Chase's rooms, over the Woolen Mill Store, belonging to John Hilleman. The coat is identified by a ritual of the order of Redmen, which was in the stolen coat, being found in a pocket in the coat of the men. They also had a bicycle with them which is believed to be one of those stolen recently in this city.

Sheriff F. W. Durbin was notified yesterday of the capture of the men, the sheriff has instructed the Portland police to look on for, and yesterday afternoon went down to take charge of them and bring them back to this city for trial. They will arrive on this morning's 11 o'clock train.

E. F. Tucker, who was arrested by Officer Smith Wednesday evening, for throwing a rock through the window of a Japanese house of ill-repute on Ferry st., because an inmate refused to admit him into her house, was brought before Recorder N. J. Judah yesterday. Mr. Tucker waived examina-

tion, and was bound over to appear before the circuit court. The bond for his appearance was fixed at \$150 in default of which he was sent to jail. Pad whiskey is given as the cause of the trouble in which Mr. Tucker finds himself.

The residence of H. C. Fletcher, of North Salem, was burglarized the other day. The house was ransacked from one end to the other and some jewelry and other valuable articles were taken. The family was away at the time and have no idea of the burglar's identity.

NOTICE TO THE PUBLIC.

In order to give all proprietors and employes an opportunity to attend the Photographers' Convention at Portland, on Oct. 25, 26, 27, it has been mutually agreed to close all Salem galleries on the above mentioned dates, to open again for business on Monday, Oct. 29th. The public is respectfully requested to bear this in mind and act accordingly.

THE YOUTSEY ARIAL

The Case Rapidly Drawing to a Close—Verdict Expected Today.

Georgetown, Ky., Oct. 18.—The Youtsey trial is drawing rapidly to a close. All the testimony is in, the instructions have been given to the jury, and the speeches are being made. A verdict is expected tomorrow afternoon. There is no improvement in Youtsey's condition, though he is not any worse today. Now and then the paroxysms return, and for an hour afterward he is much worse, but is still able to rally, showing remarkable vitality.
