### WILL RAISE RATES.

New York, Oct. 20.—Members of the Produce Exchange Grain Trade are much disturbed by the announcement that the railroad grain pool between Buffalo and this city had decided to advance the rate one cent per bushel, thereby increasing the rate of wheat to a four-cent per bushel basis during November, and that furthermore the route in the pool would absolutely refuse to contract to transport any additional grain during the rest of October. The announcement was made by Frank Harriot, who has sole charge of the management of this pool, which has been entered by the New York

Central and West Shore, Erie, Lehigh and Lackawanna.

There is considerable feeling in the grain trade over this action of the roads, the complaint being that a heavy increase has been made without previous notice, and the New York railroads thus discriminate arbitrarily against this port in favor of all rival ports. Reports are current in the trade that as a result of this action large quantities of grain have already been diverted to Philadelphia and Boston which the New York firms endeavored to ship via this port, but which the railroads in the pool refused to make a rate on.

Before entering the theatrical business he had made a fortune as a druggist in New York. The funeral will be held at Danville, Ky., for burial.

### SEEDLING ORANGES.

Riverside, Cal., Oct. 20.—Professional bidders have been well driven this season. The owners of seedling groves have decided that it does not pay to grow the variety of fruit, as the seedling orange never sells as freely as the naval variety, nor does it bring any where near the same price. Although much time and several crops will be lost by making the change, the owners of the seedling groves will be gainers in the end by changing varieties.
