

## CITY AND STATE CLASHED

### Roosevelt Competes New York's Mayor to Support and Enforce the Law.

#### Chief of Police Devery Rescinds the Order, Previously Given, to Interfere With State Election Officer—Mayor Van Wyck Says the Election Will Be Orderly.

NEW YORK, Nov. 5.—The most interesting developments in New York on the eve of the election is the indictment found by the local grand jury against Chief of Police W. S. Devery, on a charge of interfering with the work of Superintendent of State Elections McCullagh. Chief Devery's bail was fixed and arrangements were made for hearing the case the day after the election. The indictment has created a great deal of excitement in political circles. The points involved appear to hinge on the representations of the men who swear in their votes, when challenged by any deputies of the State Superintendent of Elections. It is feared that a crash may occur at the polls tomorrow between the 800 policemen and 800 deputies. Richard Croker claims that Bryan will carry Greater New York by between 80,000 and 90,000.

As a general thing the Republican leaders will not admit that the Borough of Manhattan will be carried for Bryan by more than 30,000 plurality. Both sides claim the Borough of Brooklyn, the Republicans by 12,000; the Democrats by 8,000. The population in the boroughs of Bronx, Queens and Richmond is relatively small. The Democrats and Republicans claim all three boroughs, but the Democrats usually carry Queens and Richmond. As to Bronx, the increase in population, owing to the uptown movement, has been so great that all estimates are worthless on the population in some districts, either way.

The Democrats are inclined to concede the state outside Greater New York to McKinley by 50,000. This is 100,000 less than the Republicans allow McKinley in the same territory. Chairman Odell, of the Republican committee, said McKinley would carry New York state by 100,000. Greater New York included. There was very little betting done tonight on the election. The odds dropped to 3/4 to 1 on McKinley towards the lat-

ter part of the evening and remained there.

Oyster Bay, L. I., Nov. 5.—Governor Roosevelt sent the following communication tonight, to Mayor Van Wyck, of New York:

"Sir—My attention has been called to an official order, issued by Chief of Police Devery, in which he directs his subordinates to disregard Chief of the State Election Bureau John McCullagh and his deputies.

"Unless you have already taken steps to secure the recall of this order, it is necessary for me to point out that I shall be obliged to hold you responsible, as the head of the city government, for the action of the chief of police, if it should result in any breach of the peace and intimidation, or any crime whatever against the election laws. The state and city authorities should work together.

"I will not fail to call to summary account either state or city authorities, in the event of either being guilty of intimidation or connivance at fraud, or failure to protect every legal voter in his rights.

"I, therefore, hereby notify you, that in the event of any wrong-doing following upon the failure immediately to recall Chief Devery's order, or upon any action or inaction on the part of Chief Devery, I must necessarily call you to account. (Signed) Theodore Roosevelt, Governor."

#### THE MAYOR ACQUIESCES.

New York, Nov. 5.—Governor Roosevelt's message to the Mayor was delivered to Mayor Van Wyck tonight. The Mayor and Chief of Police were closeted together for an hour. At the conclusion of the conference Chief Devery announced that, in accordance with Mayor Van Wyck's orders, the orders issued Saturday to the captains regarding the McCullagh deputies and voters would be rescinded.

Later Mayor Van Wyck made the following statement: "There will be no intimidation or violence at the election. It will pass off as quietly as that of a country village."

a fashionable resort, made a thrilling rescue. Camilo Croome, her boatman, was captured and was about to drown when the Queen, who is an expert swimmer, sprang into the sea, swam to the boatman's side, and held him up until other persons put out in boats and rescued both.

#### TO GREET KRUGER.

The Boer President Will Be Honored in Paris.

Paris, Nov. 5.—The municipal council has adopted a motion, expressing warm sympathy and admiration for the Boers "in their heroic defense of their independence," and resolving that the President and other officers of the council will welcome Mr. Kruger at the station, upon his arrival in Paris, and shall invite him to an official reception.

#### Liberty's Lightning Rods.

The statue of Liberty, in New York Harbor, was recently struck by lightning and emerged unharmed. One bolt struck the upraised arm and another hit it on the forehead. The statue is protected by the finest system of lightning rods ever made. Lightning is no more dangerous than disease, and yet many people will protect their homes, while exposing their bodies to this deadly enemy. The best protector in the world is Hostetter's Stomach Bitters. It will cleanse the system, invigorate the nerves, and enrich the blood. It does this by strengthening the digestion. Good health depends solely upon the proper performance of this important function. Weakness here results in constipation, indigestion, dyspepsia or biliousness. #### THE WEATHER FORECAST.

PROSPECTS FOR TODAY ARE VERY PROMISING.

With Few Exceptions, Fair Weather Is Promised for the Entire Country Today and Tomorrow.

WASHINGTON, Nov. 5.—The weather conditions and the general forecasts, as given out by the Weather Bureau, late tonight, are as follows:

The storm center has moved to Nova Scotia, and the pressure is generally high tonight in the Atlantic States and Canada. The weather has been entirely clear throughout the country except in Northern and Western New York, where there were light showers. In the Pacific coast and western regions the weather has been clear, with little change in temperature. With but very few exceptions, fair weather is indicated for Tuesday and Wednesday over the entire country.

#### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk in, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at DR. STONE'S Drug Store.

#### A MURDERER CAUGHT.

North Yakima, Wash., Nov. 5.—Sheriff Tucker has received a dispatch announcing the arrest of the murderer of W. W. Scott, the Klona merchant, at La Grande, Or. The man has been positively identified by two citizens of Klona. Scott was shot through the heart at Prosser about a month ago by one of a gang of hobos whom he was trying to arrest. Since the murder, Sheriff Tucker has been indefatigable in pursuing the criminal. He says he will be able to show that he is one of the desperadoes who held up and robbed John Cleman and Fred Brooker, of this city, on a freight train, between here and Ellensburg, last spring.

#### READY FOR REFORM.

China Is Prepared to Accept the Ideas of Western Nations.

New York, Nov. 5.—Wu Ting Fang, the Chinese Minister, thinks that when the allies withdraw from China, railroad construction on a large scale will be begun there, says a Washington dispatch to the Herald. Minister Wu has just returned from Pittsburg. He said last night:

"I have no doubt that as soon as the peace negotiations are satisfactorily concluded, Western inventions, particularly of a transportation character, will be introduced into my country. The Chinese people have had their eyes opened to the advantages of Western methods. They will desire to utilize the rich mineral and other deposits with which the country is favored and have means for promptly transporting them to the coast. I therefore expect that the railroad lines will be extended, but I desire it to be understood that I have no authority to negotiate for material or grant concessions. These are matters which must await the conclusion of negotiations."

## ON THE EVE OF BATTLE

### President McKinley Makes an Address to His Neighbors.

#### RESULT OF CONTEST IN INDIANA

##### Republican State Chairman Claims a Majority of 40,000—Great Gains Made by That Party.

#### CANTON, O., Nov. 5.—The McKinley

law, as in the campaign of 1896, was tonight the scene of an enthusiastic demonstration, similar to that which closed the campaign of four years ago.

The President was prevailed upon to depart from his rule, which, in the face of much pressure, has been inflexible all through the campaign, and he made a short address to his neighbors and fellow townsmen, free from

Chicago, Nov. 5.—Chairman Jones, of the Democratic National Committee gave out the following outlook on the eve of the election tonight:

"I have no doubt that the result of the ballot tomorrow will be the triumphant election of Bryan and Stevenson. Four years ago the Democratic party was deficient in organization, whereas now it is perfectly organized and more efficient than it has been in any campaign. The National Committee has been in touch with every part of the country, and is familiar with all the details of the work. While the campaign fund has not been enriched by the contributions of the great trusts, it has received the patriotic mites of the great working classes in sufficient quantity to defray the expenses of the campaign, which is more satisfactory than if it had been otherwise. The country is now aroused as it has never been before since the great Civil War, and the result can be nothing less than the triumphant election of the National Democratic ticket."

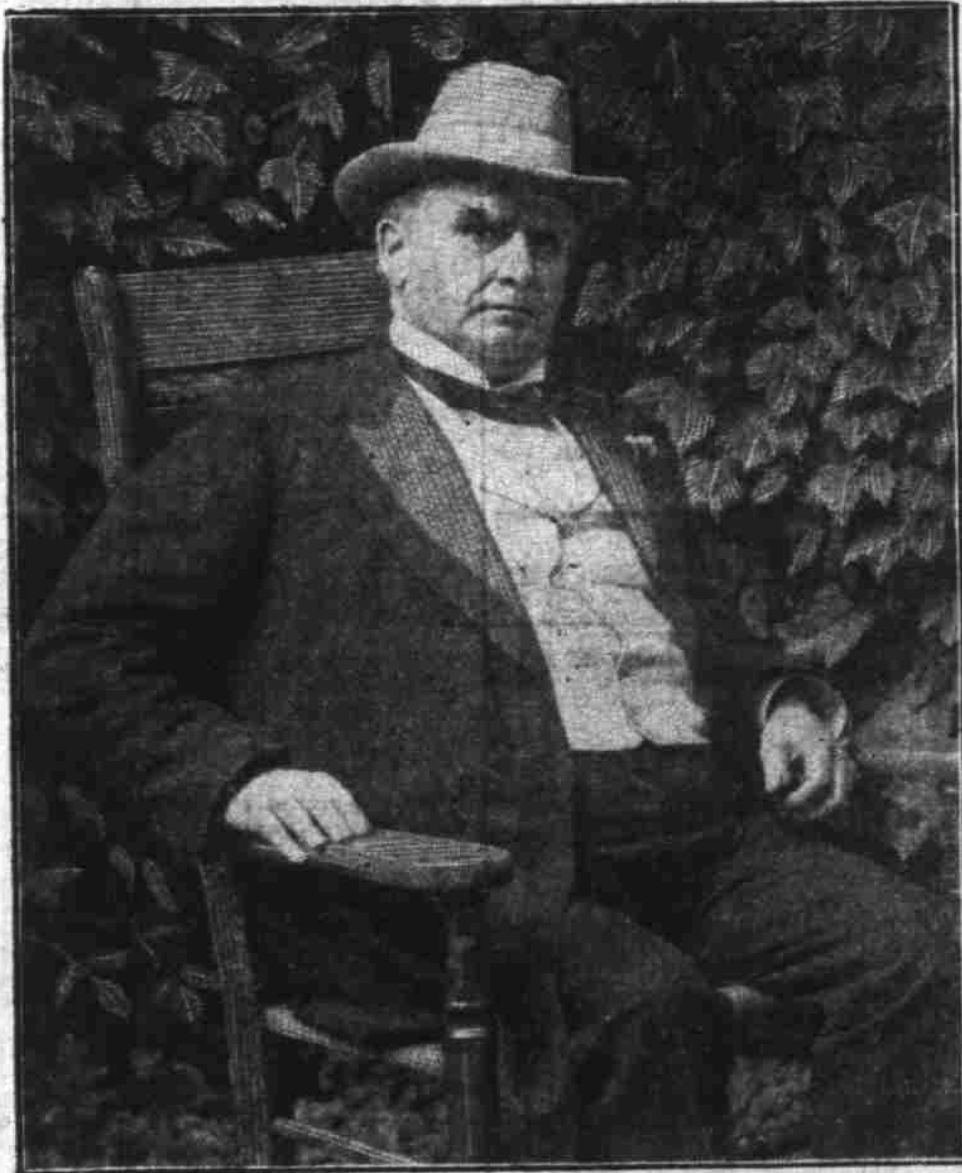

#### IN KENTUCKY.

Louisville, Ky., Nov. 5.—It is generally believed that Bryan will run ahead of Beckham, Democratic, for Governor, and that Yerkes, Republican for Governor, will run ahead of McKinley, whether the Democrats or Republicans carry state.

#### THE OHIO CAMPAIGN.

Cincinnati, O., Nov. 5.—All the speculation tonight is on the question of the Democratic gains in the cities, and

partisanship but apropos of the election tomorrow.

#### ROOSEVELT'S WORK.

New York, Nov. 5.—Governor Roosevelt wound up the Republican National campaign tonight by delivering an address at Oyster Bay, L. I., before one of the largest gatherings that ever assembled at that place.

#### WASHINGTON INTERESTED.

Washington, Nov. 5.—Intense interest in the result of tomorrow's election is manifested in Washington. Never have preparations for receiving and displaying the election returns been more complete than for tomorrow night.

#### INDIANA IS REPUBLICAN.

Indianapolis, Ind., Nov. 5.—Chairman Martin of the Democratic State Committee, tonight said: "I believe Indiana will go Democratic by a very safe majority." The Chairman of the Republican State Committee, said: "It is a landslide, we will elect eleven Congressmen more, will carry the state by not less than 40,000 will elect the entire state and National tickets, and will carry both branches of the Legislature."

#### A ROUSING MAJORITY.

Chicago, Nov. 5.—The following statement was given out at the headquarters of the Republican National Committee tonight:

"There are few surface indications at this time, dissimilar to those of four years ago when McKinley swept this country by the greatest majority probably ever given to a Presidential candidate. McKinley will carry every state which voted for McKinley and Hobart four years ago, and certainly seven or eight others that voted for Bryan in 1896. The alleged hopes of Croker and Bryan, as to carrying Indiana and New York, are simply following out the program of claiming everything in sight for the purpose of encouraging their followers in close for success. The claims of the Republicans are based upon the result of actual work, reported by men in the field, and brought up through precinct, ward, township, city, county, and state organizations and upon actual facts as shown by the closest vote-poll over made by any organization."
