LONG.—At the home of her son, Charles Long, near Silverton, Or., Thursday, November 8, 1900, of pneumonia, Mrs. Martha A. Long, age 71 years and 9 months.
She was the mother of six children, five of whom are living; they are: Emma Tucker, Solo; Chas. Long, Silverton; James C. Long, Lincoln; Amy, W. Long, Salem; and Mrs. Marie Starr, Salem. She was a woman of very strong constitution, having been sick but very little during her entire life. Her last illness was of about one week's duration. She was born in Maryland and from there moved to Ohio. On December 24, 1857 she was married to Martin S. Long, who died on July 14, 1895. The remains were laid to rest in the Silverton cemetery.

DEALINGS IN FRUIT

BOXES FOR PACKING OREGON PRUNES SEEM TO BE SCARCE.

The Product of the Willamette Valley Should Be Well Packed to Find a Profitable Market.

H. S. Gile & Co. have been compelled for the present, owing to a scarcity of boxes, but they hope to get the required number to pack the remaining twelve carloads in a short time. Three carloads were purchased by this firm yesterday, two of these will come from Shaw in this county, and the other is from Ballston in Polk county. The fruit was loaded yesterday and will probably arrive today some time, and will be graded and put in readiness for packing.
Packing fruit this fall has given employment to about twenty-five persons for the past six weeks and still only a small portion of that shipped has been packed in boxes. Fruit dealers are of the opinion that hereafter a large portion of the fruit will be sent away in boxes. If this is done it will bring a large sum of money to Salem for the payment of the labor it will require to handle the fruit in this way. Aside from this the advantage that will in the end be the most profitable to the state, is the good condition in which the fruit will go to the markets of the world.
Oregon fruit has not the reputation it deserves, on account of carelessness in putting it in shape for the market. Herebefore it has been dumped upon the market in any shape, and has not given Oregon a very good name as a grower of fruit.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by F. G. GUERRILLA WARFARE.
NEW YORK, Nov. 12.—A special to the Herald from Washington says:

The high officials of the War Department believe the election in the United States will have a good effect in the Philippines, and will lead the more sensible Filipinos to abandon the insurrection. At the same time the officers look forward to a long period of guerrilla warfare.

It is realized that the independent, irresponsible life of the military freebooter has many attractions for many of the Filipinos, who would rather extort tribute at the muzzle of their rifles than work for their living. Even if the insurgents should be deprived of the leadership of Aguinaldo and of many of the other more influential among them, it will probably take several years and a considerable military force to eradicate all the wandering bands.

Much is expected to be accomplished by the American troops between this time and January 1st, when the withdrawal of the volunteers will be actively begun. Unless Congress shall so amend the law under which the present volunteer army was enlisted as to permit volunteers to be discharged in the Philippines and subsequently transported to the United States, it will be necessary to begin the homeward movement of the volunteers before January 1st, in order that all may be mustered out in the United States by June 30th.

HE IS ECCENTRIC.

CHICAGO, Nov. 12.—W. F. Millick, who says he is from Helena, Mont., was forcibly removed from the Auditorium Annex today, and will be held pending investigation into his mental condition. Millick has been stopping at the hotel several days. His eccentric actions have attracted the attention of the management. This morning Millick went into the dining-room and ordered a "breakfast for 2500." He became violent when asked for a more definite order, and the police who were called only arrested him after a struggle. Millick claims to be a stockman worth \$2,000,000.

TWO TALL VERMONT BROTHERS

Bellows Falls, Vt., Oct. 31.—Two of the tallest men in Vermont, if not in all New England, are residents of this place, and so far as known there are no two brothers in the entire country who can equal their weight and height.
Tallness is a family characteristic, inherited by Fred R. and Allice R. Smith. Their family history on the mother's side contains records of many tall men. Mrs. Smith herself is over 6 feet tall and weighs 250 pounds. Her husband is of ordinary height and weight.
Fred R. Smith, the eldest of the three sons, is 24 years old, weighs 200 pounds and is 6 feet 10 inches tall. His upward reach is 8 feet 8 inches, while his arm stretch is 6 feet 11 inches. He is of slender build and dressed as Uncle Sam was a prominent figure in the Republican campaign of four years ago. He headed parades at Keene, Clinton, Leominster, Worcester and other cities, and was one of the crew that manned the McKinley cruiser at Winchendon, a model warship built on an electric car that attracted much attention throughout the country.
He is a father by trade, and in only the larger houses, where the rooms are over the ordinary height, does he use a staging to reach overhead. He has had several flattering offers from museum managers to travel, but has refused them, preferring to remain in Vermont.

DIED SUDDENLY.

PORTLAND, Nov. 10.—J. W. Whaley, the well-known lawyer of this city, dropped dead this evening from heart trouble.

The letter of transmittal states that the ceremonies will be elaborate and interesting, and the leading men of the Nation will be in attendance.
Governor Geer yesterday appointed Hon. R. Alexander, of Penitentiary, a member of the Oregon Commission of the Pan-American Exposition. The other members of the commission and the department over which each will preside are as follows: J. R. Tift, of Portland, transportation; John H. Burgard, Portland, manufactures; W. T. Gardner, Portland, education; A. J. Johnson, Astoria, forestry; E. L. Smith, Hood River, horticulture; Mrs. Edith Tozier Weatherford, Portland, mining; Henry B. Thielsen, of Salem, agriculture.

Governor Geer is in receipt of a letter from the secretary of the National Irrigation Congress, which will hold its 9th annual session in Chicago, November 21st to 24th inclusive, urging him to appoint seven delegates from Oregon to attend the Congress and participate in its deliberations, in the interest of the reclamation of arid lands. The Governor appointed D. H. Stearns, of Portland, to attend the Congress as a delegate from Oregon, and stated that representative citizens interested in irrigation, who desired to attend this meeting, would be appointed as delegates if they made their desires known.
