

THE CONCERT THREATENED

England Fears the Action of Count Von Walderssee

IN DESTROYING SACRED BUILDINGS

Will Interfere With the Negotiations—Executions of Princess Said to Be an Impossibility.

LONDON, Nov. 14.—London morning papers are again agitated concerning the stability of the concert of the powers in China.

Dr. Morrison, writing to the Times on Monday, expresses the opinion that China "will readily accede to all

behalfing or otherwise, shall not occur in future by imperial edict alone, but only after a trial such as is given in civilized countries, the accused having an opportunity to be heard.

New York, Nov. 13.—According to a dispatch from Berlin to the Journal and Advertiser, the Kaiser has just given further evidence of his regard for Baron von Ketteler, who was assassinated in China, by inviting the Ambassador's American widow to Germany in order that he may express to her his best wishes not only for her husband's services but also of the courage and gallantry which she herself displayed throughout the terrible siege of the Legation.

It is said that the Kaiser, besides vesting the widowed Baroness with the Order of Louise, of which the Empress is grand mistress, will offer her a pension and create her a Countess in her own right.

terms on the conjoint note, except the execution of the princes and officials, which it would be impossible to fulfill while the court is in the hands of those very officials."

AT TIEN TSIN.

Tien Tsin, Nov. 13.—The Russians have ordered the foreigners in the railroad houses at Tong Ku to vacate the buildings, and the British have sent there a company of infantry and a hundred British cavalry, ordering these to remain and inspect the party.

MR. HAY DISSATISFIED.

NEW YORK, Nov. 13.—A dispatch to the Herald from Washington says: Secretary Hay is much irritated over reports from Peking showing that the Ministers are determined to punish every influential Chinaman who they think is responsible for the recent outrages, and showing also that the indemnity to be demanded will reach \$500,000,000.

Officials at Washington hold that examples should be made only of those conspicuously guilty and that the amount of indemnity should certainly be not more than \$200,000,000. It is pointed out that if all the leading men are sentenced to death they will in self-defense organize a resistance which will necessitate further military operations, the end of which no one can foresee.

The President and Secretary Hay are anxiously awaiting the result of the deliberations of the ministers. It is plain that the Ministers are not pleased over the developments of the last few days.

Lieutenant General Miles, as acting Secretary of War, has been advised of the departure for Manila of the last American troops which were under orders to leave China. The force now under General Chaffee consists of the Fourteenth infantry, a squadron of the Sixth cavalry, K. and battery F. of the Fifth artillery. The United States has thus withdrawn its troops after the necessity for their presence had passed. At the same time the protection of American interests and the American legation is assured by the maintenance of a guard of 1500 men.

Minister Wu is anxious that the force shall be further reduced, and Secretary Hay has announced his willingness, provided other nations withdraw.

OTHER POINTS.

Washington, Nov. 13.—In addition to the points said to be agreed upon at Peking as a basis for settlement with China, as announced in cable dispatches, it is understood that several other points are likely to receive attention when the matter is taken up with the Chinese envoys. One of these is as to making the city of Peking an "open port," for while it is not on the sea coast the purpose is to extend to it freedom of commerce and intercourse with foreigners which now applies only to those open ports designated by treaties with China.

Another point which may be proposed is that capital punishment, by

beheading or otherwise, shall not occur in future by imperial edict alone, but only after a trial such as is given in civilized countries, the accused having an opportunity to be heard.

Official dispatches have been received from the Viceroy of the southern provinces of China, who thus far have been more friendly to foreigners, stating that they were shocked by the execution of the acting Viceroy of Chi Li, and also stating that they feared this would have a serious effect in those localities hitherto favorably disposed.

LONDON, Nov. 13.—Lord Roberts, in response to an inquiry from the Prince of Wales, has telegraphed a denial of the charge of cowardice, made in Lord Rosslyn's book against British officers, in the Sanna's Post affair.

Lord Rosslyn, in view of Lord Roberts' denial, has written to the Prince of Wales, regretting that he was misinformed, and tendering an apology in the following language: "I owe to the regiment, whose honor my publication of a groundless report has called in question, the deepest apology and the fullest reparation. I offer it to you, sir, as colonel-in-chief, in the name of the various regiments. I offer it to every officer, non-commissioned officer and man, and I sincerely trust that this unqualified apology will be accepted in the spirit in which it is offered."

SIX BLOODY ROUNDS.

TWO BRUISERS IN A BATTLE ROYAL IN CHICAGO.

Kid Broad Knocked Out by Terry McGovern Last Night—A Horrible Fight.

CHICAGO, Nov. 13.—Kid Broad, of Cleveland, stayed six rounds with Terry McGovern, at Tattersall's tonight, and although McGovern led the fight well in hand at all stages, he never had an opponent, who came back at him more stoutly and who gave him as much in the same time as did the little stocky fellow who faced him tonight.

Broad fought a wonderful fight, mixing it freely with McGovern at all stages, and scoring two clean knock-downs. The third time he landed a left on McGovern, sending him nearly down.

Broad kept his feet throughout the fight, except in the first round when he was knocked down, and in the sixth when he went down of his own accord to rest. He could not have fought another round. In round six, McGovern followed Broad around the ring, landing a right each time, staggering his man. A right to the mouth split Broad's lips and swelled them tremendously.

Unable to stand the blows McGovern sent in he sank to his knees and remained down for the count, spitting blood in streams. Broad was clearly gone and had no strength left. He presented a horrible sight as he staggered backward, with McGovern following close up. Broad was hardly able to see because of the blood which poured in his eyes, and he found it hard to breathe because of the blood that filled his mouth and nose.

He was one red smear from his forehead to his waist, and McGovern was little better, all the blood however, coming from Broad. McGovern was declared the winner.

YOUNG NEGRO FIEND.

Denver Police Will Not Surrender Him to Lincoln County.

DENVER, Nov. 13.—John Porter, the young negro of Lawrence, Kan., who is suspected of having murdered Louise Frost, the 11-year-old girl who was terribly maltreated and then killed at Limon, Colo., last Thursday, is still held at the city jail here.

The police department will not surrender him to the Lincoln county authorities until his guilt is fully established, as he would certainly be lynched if taken now to the scene of the crime.

Lawrence, Kan., Nov. 13.—John Porter, the negro boy under arrest in Colorado for assaulting Louise Frost, formerly lived here. He served a term in the local reform school for horse-stealing, and later was sent to the reformatory for assaulting a young girl. He got out of the reformatory last July, when he and his father and brother went to Colorado to work on a railroad.

KNIGHTS OF LABOR.

Two Conventions as the Result of a Split in the Order.

BIRMINGHAM, Ala., Nov. 13.—Two conventions, each claiming to be the General Assembly of the Knights of Labor of the United States and Canada, are in session in this city, as the outcome of a split in the ranks of the order.

One faction is headed by John M. Parsons, of New York, and the other by John W. Hayes. There is much bitterness between the factions.

DEATH OF A CHAMPION.

NEW YORK, Nov. 13.—Patrick J. Fitzgerald, once a champion six-day walker of the world, and still holder of the 100-hour 20-as-you-please record, is dead at 43 hours in Long Island City. He died from dropsy after a brief illness.

INDICTMENT DISMISSED.

NEW YORK, Nov. 13.—Recorder Goff, in the Criminal Court today, granted the motion of Deputy State Attorney General Hodges to dismiss the indictment against Chief of Police William S. Devery, charging violation of the election law.

AN EXPLOSION.

SAN FRANCISCO, Nov. 13.—The gelatine mixing house of the Giant Powder Company at Solorano, fifteen miles from here, was blown up today. John C. Hoffmeister, the foreman, and two Chinese were killed.

A BIG FIRE.

FORTH WORTH, Tex., Nov. 13.—Fire today destroyed the Wichita Falls mill and elevator. Over 200,000 bush-

els of wheat were burned with the buildings. Loss \$140,000, covered by insurance.

THE KENTUCKY VOTE.

ELECTION BOARD WILL SOON CANVASS RETURNS.

Republicans Concede Election of the Democratic Ticket—Beckham After Governor Taylor.

FRANKFORT, Ky., Nov. 13.—The State Election Board will meet December 3d, to canvass the returns and officially declare the result of the election in this state. While the Republicans have formally conceded the election of Beckham as Governor, and announced that there would be no contest, both Republicans and Democrats will be represented by counsel at the canvass of the vote.

It is said that one of the first official papers that Governor-elect Durbin, of Indiana, will have to consider, when he takes the official oath, will be the requisition from Governor Beckham for the return of ex-Governor Taylor and ex-Secretary of State Finley, to this state for trial. Leading Republicans claim to have assurances from the Indiana Republican leaders that Durbin will refuse to honor the requisition.

TWO MEN KILLED.

WALLACE, Idaho, Nov. 13.—About 1 o'clock this morning Dick Adams shot and killed William Kennedy and Daniel Kildee in a dancehall at Gen. Farber in the evening Kennedy had been drinking Adams, and the latter told him to move on and have him alone. At 1 o'clock Kennedy and Kildee came into Saxon's saloon. Kennedy with a revolver down his trousers' leg and a Winchester across his arm, Kildee with a revolver in his pocket, and asked for Adams. As they started through the archway from the saloon into the dancehall, they met Adams, and Kennedy started to raise his rifle. Adams instantly striking both men in the head. He then went to Wardner and gave himself up.

A PROFITABLE MAIL SERVICE

Big Postal Receipts in the Philippine Islands.

SURPLUS FOR PAST TWO YEARS

General Superintendent of the Life-Saving Service Files His Annual Report in Washington.

WASHINGTON, Nov. 13.—F. W. Vaille, Director General of Posts of the Philippine Islands, in his annual report to the Postmaster General, shows a surplus of \$19,028 to the credit of the Philippine postal service. The revenue to June 30th, last, was \$117,848, and the expenditure \$98,220, making both years of the Department's existence show a surplus. Decided progress has been made in the opening of postoffices. There are now twenty-one postoffices under the charge of Americans, of which eleven are money-order offices. Thirty-seven other officials are in charge of army officials for the sale of stamps.

MANY LIVES SAVED.

WASHINGTON, Nov. 13.—S. I. Kimball, General Superintendent of the Life-Saving Service, in his annual report to Secretary Gage, says, that at the close of the fiscal year, the establishment embraced 269 stations, 194 being on the Atlantic, fifty-eight on the lakes, sixteen on the Pacific, and one at the falls of the Ohio, at Louisville, Ky.

The number of disasters to documented vessels, within the field of operations of the service during the year, was 264. There were on board those vessels 2,635 persons, of whom 2,607 were saved and forty-eight lost.

NO REDUCTION.

London, Nov. 13.—Sir Michael Hicks-Beach, Chancellor of the Exchequer, speaking this evening in Parliament, said it would not be his privilege in the next budget to relieve the taxpayers. He wished he could say that he was not about to increase the budget, but the Government's expenditures had been enormous, especially in China and South Africa. He declared emphatically, however, that the wealth of the Transvaal would have to bear a part of the South African expenses.

MILES IS AROUSED.

NEW YORK, Nov. 13.—It is probable, says a Herald dispatch from Washington, that Lieutenant General Miles will make an effort to discover the person responsible for the publication of the fact that the army has obtained possession of the plans used in the construction of the field gun used in the French army. Officers of the army are deeply interested in the disclosure, and they expect that the next meeting of the board of ordnance and fortifications will be a stormy one. Any inquiry will be of a secret character.

HEAVY SNOW.

LA CROSSE, Wis., Nov. 13.—A heavy snow storm raged here today, and the mercury fell to 20 degrees. The snow seems to be general throughout the Northwest.

MANY HOPSHIPPED

WAREHOUSE OF SOUTHERN PACIFIC COMPANY IS EMPTY.

The Price Remains Firm, but Little Business Is Doing in the Local Market.

(From Daily Statesman, Nov. 14.) The Southern Pacific Company's hop warehouse in this city, has left within its walls, less than 200 bales of hops. The recent shipments have relieved its overflowing condition and it now has been hopped in it than at any time for a year, except a week or so before the new crop came in when it was left empty by the shipment of 2000 bales of the 1899 crop. Nearly all the shipments made from Salem have gone to London to supply the English market which is especially active.

The price of hops remains about the same in the face of the fact that the local market is exceedingly quiet and the best hop offered is bringing from 15 1/4 to 15 1/2 cents a pound.

Valentine Loewl, the New York hop merchant, in his Producers' Price Current of November 3d, says of the market:

Receipts for week, 10,028
Receipts from Sept. 1, 30,240
Receipts same time last year, 9,316
Exports to Europe for week, 2,362
Exports from Sept. 1, 11,970
Exports same time last year, 2,498
Imports for week, 229
Imports from Sept. 1, 675
Imports same time last year, 703

A comparison of receipts and exports shows an unusually early movement of the crop. In the first two months of the season over three times as many hops were received here as there were during the same time last year, while the exports have been over four times as large. At all interior points in the state there has been continued free-buying again this week and higher prices have been paid. Most of the purchases have been at 16 1/2c, a few growths at 14

and some of the choicest lots in the most favored localities have reached 20c. On the Pacific coast the market has ruled very strong, and a considerable part of the crop has already passed out of first hands. It is said on pretty good authority that not over 12,000 to 15,000 bales of Oregon's remain in growers' hands. The strength shown in the country has been reflected here, and the local market has become more active and higher. Exporters have filled some orders, and brewers' operations have evinced a feeling that the time had come to secure more stock. We advance quotations for most grades of 1900 hops, both state and Pacific coast, but the former are now taking the lead. Latest advices from London report the market in better shape and prospect of continued business with America. Official returns place the English crop at 347,000 cwt. as compared with 361,000 cwt. in 1899.

STILL FIGHTING.

Boers in South Africa Continue Their Operations.

NEW YORK, Nov. 13.—War news in South Africa increases in range and variety, says the Tribune's London correspondent. There are details of eight or ten minor actions and skirmishes all the way from Orange River to Lydenburg. The conclusion that may be fairly drawn from this revival of hostilities is that the British Army is now thoroughly alert, inured to service, remarkably mobile, and more than a match for Boer warriors and strategists. The Boers are now outnumbered and surprised and the British cannot be entrapped, even by Dewet.

Much is said in England about the necessity for revolutionizing the War Office and transforming the whole system of military training. Too little stress is laid upon the fact that an army of over 200,000 men is now having in South Africa the most strenuous possible training in the art of war.

THE DEATH OF A QUEER CONNECTICUT CHARACTER.

Willimantic, Oct. 29.—Jeremiah Casey, who for the past twenty-five years has been known as "Jerry Blue Bags," was found dead in his cell in the Brooklyn jail yesterday morning. His death is said to have been caused by a ruptured blood vessel in the head. He was sent to jail last week for thirty days for vagrancy, he having been found, apparently ill, under a shed.

It is said that thirty years ago he was an industrious man and resided in this city, but for the past twenty-five years he has been known as "Jerry Blue Bags" on account of his very peculiar way of dressing, his cut of his clothing, including cap, handkerchief and the bag in which he carried his personal effects, being made of blue jean. He traveled from place to place for the past twenty-five years. He never tarried long when in this city, but as a rule he walked through the city in the middle of the street, looking neither to the right nor left, even though the street curbs might follow and taunt him ever so much. He never made friends with anyone and rarely spoke, even if spoken to.

What was the cause of his eccentricity was never known. He formerly had a sister living in this city, but so far as is known he now has no living relatives. Jailor Osgood has notified the selectmen of his death and they have made arrangements for his burial in Brooklyn.—Hartford Courant.

HAWAIIAN GRANTS.

Story That Suits Are to Be Brought to Set Them Aside Denied.

WASHINGTON, Nov. 13.—At the Department of Justice it is denied that Attorney-General Griggs has instructed United States District Attorney Faird to institute suits in the Federal Court of Hawaii to set aside all grants, sales, franchises and leases in Hawaii granted since September 28, 1899.

During the interim between the annexation of the islands and the passage of the Hawaiian Act of April 30, 1900, Attorney-General rendered two opinions to the effect that under the Hawaiian laws then in force, he was no power to sell franchises and public lands. By the terms of Section 73 of this act, the ratification of such grants and sales during hiatus was subject to the approval of the President.

FIGURES WILL BE READY FOR ACTION OF CONGRESS

At the Next Session, in Making the Reapportionment—Four States May Lose Members.

WASHINGTON, Nov. 13.—Director of the Census Merriam today called the attention of the President to the fact that the figures on the population of the United States, the total of which had already been announced, are in such shape that they will be at the disposition of Congress, when it meets, for any action it may desire to take in the direction of the reapportionment bill. The reapportionment to follow the count of the Twelfth Census will become operative by law in 1902. There probably will be a considerable increase both in the ratio and the total number of the Representatives under the new apportionment. The present ratio is 173,901 people to each Representative, and the new census probably will reach 200,000. With an increase of 13,225,461, shown by the present census, and

letting a majority of the fractions of apportionment count for an additional member as has been the custom, this would make an increase of eighteen members in the next house. The reapportionment on this basis would cause only four states to lose Representatives. They are Maine, Virginia, Kansas and Nebraska. Those states would lose a member each.

MR. DALY'S SUCCESSOR.

As President of the Anaconda Company, Is Being Discussed.

NEW YORK, Nov. 13.—The Journal of Commerce today says: Marcus Daly's connection with the copper interests of the country is well known. With J. B. Haggin he owned a controlling interest in the great Anaconda mine, until it was turned over to the Amalgamated Copper Company last year. The value of his holdings in Anaconda at the time the transfer was made was estimated by some at considerably in excess of \$10,000,000. It was the opinion of copper men generally that Mr. Daly's death would have little effect upon the interests of the Amalgamated Copper Company. His long illness had practically forced him out of the active management of the company for many months. The stock of the company advanced over two points in the early dealings, although reacting somewhat later.

Nothing definite as to the successor of Mr. Daly as president of the company was obtainable, but it is the opinion of many that H. H. Rogers, vice-president of the company, will fill the position. In this connection it may be worth noting that Mr. Rogers recently made an extended trip to the Anaconda and other Amalgamated Copper properties. It is barely possible that the death of Mr. Daly may have a tendency to bring about an earlier settlement of the Montana litigation than would otherwise have been possible.

Considerable interest has been manifested over the probable disposal of Mr. Daly's holdings of Amalgamated Copper stock. According to some reports Mr. Daly sold out the bulk of his holdings long ago. Others in closer touch with the company deny this, and say that the stock has not been sold and that Mr. Daly's heirs are not likely to sell it. According to some accounts, however, the Standard Oil interests will take care of the Daly interests.

WILL MEET EARLY.

Parliament to Be Called at Once to Consider Grave Matters.

NEW YORK, Nov. 13.—A dispatch to the Tribune from London says: Lord Salisbury has advised the Queen to take the unusual step of summoning Parliament to meet in the last month of the year. The announcement, however, occasions little surprise, as it has been generally understood that owing to the prolongation of hostilities in South Africa the Government would be badly in want of money before the usual date early in February, when the country had been led to believe the new Parliament would be called together.

The Chancellor of the Exchequer's initial estimate of £10,000,000 framed a year ago has already been many times exceeded. His latest estimate prepared in the course of last month, was based, however, upon the supposition that by September the resistance of the Boers would have been completely crushed and the bulk of the British troops enabled to return home. Sir Michael Hicks-Beach's expectations have not been fulfilled, and it will be found necessary to seek further supplies from Parliament next month. The most conservative estimate at which the ultimate cost of the Boer war is now put is the sum of £10,000,000.

The transfers of Cabinet officers were registered at the Council at Windsor yesterday, and the Foreign Office was turned over to Lord Lansdowne.
