## DROP OFF AT BUFFALO

The Pan-American Exposition is going to give the World's Fair a hard rub. Those New Yorkers are preparing a whole lot of surprises and wonderful things to dazzle the people who visit their Fair this year. Money is being lavishly expended in creating beautiful scenes, noble buildings, artistic effects, etc., and the low rates will draw crowds to the spot, where Niagara adds its wonders to the Pan-American attractions.

The point of this preachment is that the NORTHERN PACIFIC is the first link in the steel chain that reaches to Buffalo—or if you prefer to go by water from Duluth, well and good, it reaches Duluth, too.

THE "NORTH COAST LIMITED," AFTER MAY 5th, will be the Crack Train of the Northwest more than ever.

Call on our local agents for rates and other information.

## NEW PRESIDENT IS SELECTED

Trustees of Willamette University Make Their Choice

REV. J. H. COLEMAN, D. D., OF TROY, N. Y., ACCEPTS POSITION OF HEAD OF SCHOOL.

His Duties Will Be in the Field, and President W. C. Hawley Will Become Vice President and Dean of Faculty—New Executive Head Will Not Become Instructor—Ready for the Campaign.

(From Sunday's Statesman.) Gen. W. H. Odell yesterday received a telegram from Bishop Earl Cranston, who is now in the East, announcing that the Rev. J. H. Coleman, D. D., accepts the presidency of Willamette University, and that he will be here to assume the duties of his office next month. Dr. Coleman is a member of the Troy conference of the Methodist Episcopal church. He has been a member of four General Conferences, and until recently he was Presiding Elder of the Troy district. His pulpits and platform ability has brought him distinction, and last year he was one of the star speakers of the great Epworth League Convention in San Francisco, and he is an experienced administrator and a man of affairs.

The new president will give his time and strength to the field, and little, if any, of the work of instruction will be done by him. On the election of Dr. Coleman, President Willis C. Hawley, by his own choice, becomes vice president of the college and dean of the faculty. As such his relation to the University will hardly be changed, except in name, from what it has been since he was elected in 1892. The trustees of the University voiced their confidence in President Hawley, and their appreciation of his work, by offering him the presidency, with its enlarged duties, or the newly created office of vice president and dean of the literary department. He accepted the latter, being more agreeable to his taste, and he will continue in his class room and as head of the faculty. President Hawley has done good work during his incumbency and his administration is one of the longest in the history of the University.

It is expected that Dr. Coleman will be here in time for the Educational Conventions in February and that he will remain to conduct the campaign. It is planned for Dr. W. E. Dowdell, of New York, to preach in this city Sunday, February 24, and the convention will be held in the First M. E. church February 23 and 24. Similar meetings will be held in Portland and other parts of the state and in Eastern Washington. This movement was inaugurated by the board of trustees last June. It was endorsed and encouraged by the Oregon Conference at its last session, and it is being directed by Bishop Cranston and the Presiding Elders of the Oregon Conference. It promises great good to Willamette University.

### A FARMER WHO HAD A BIG KICK COMING

The Creamery Did Not Give Him Sufficient Returns, and He Voiced His Complaint Because of the Shortage in His Revenues.

In these days of booming creameries and concentrated dairying as the farmers' hope of salvation, it is no more than right to bring out occasionally the side of the picture where all is not satisfaction, and to this end it is thought proper to register here a set of facts which came under the observation of the vigilant "cow reporter" a few days ago. The creamery enthusiast and the creamery kicker will please note all the facts.

It was a Salem creamery and one of the visitors was a Polk county farmer who is a patron of the butter-making establishment in question. He was recording a vigorous kick because he was not receiving a satisfactory amount of revenue each month and because, as he maintained, that the creamery was not doing as well by him as it ought to. It is the privilege of every man to kick and find fault, especially the great American citizen, but it was of interest to ascertain the grounds for it in the present instance. It transpires that the farmer in question has five cows, three of them "strippers" that have calves, running with them all summer, and two fresh ones. There is a baby in the family and off calf, and these two use up about all the milk of one of the fresh

swa. There are two families, one of nine members and one of six members that receive from the milk of the "herd" all the milk, cream and butter they require, and the "old man" was just kicking because his returns at the creamery were not more than \$3.70 a month.

Verify, creamery business in this vicinity labors under difficulties.

### SUDDEN DEATH OF A SALEM LADY

Mrs. Harriet Patterson Passed Away in This City Last Night After an Illness of Only a Few Hours.

Mrs. Harriet Patterson, aged about 50 years, passed away at her home on the corner of 14th and Ferry streets, at 9:45 o'clock last evening after several hours of intense suffering of cerebral apoplexy.

Deceased was the wife of John Patterson, stove moulder at the Penitentiary foundry, and was down town about noon yesterday seemingly in good health. About 2 o'clock in the afternoon while passing through the back yard at her home she took a sudden fall and was carried to the house. Her condition was not considered dangerous at the time, as she had suffered several similar attacks before, but later her condition became worse and it was found necessary to send for a physician which was done at once. Dr. Pierce was summoned but as he had received a previous urgent call to another part of the city, he sent Dr. Alice Prettyman in his stead. Before the doctor arrived, however, Mrs. Patterson had passed away, leaving a husband and three children to mourn her sad and sudden demise. Of the children two are daughters, both of whom are married and live out of the city, one of them, however, is visiting in the city, and the other, a son, who is at home. Mrs. Patterson, whose maiden name was Harriet White, was a native of Ohio and was married in that state to Mr. John Patterson on September 8, 1864, and moved to Oregon shortly afterward. No funeral arrangements have as yet been made.

### A COAL MINE BURNING

FIRE IN A SHAFT IMPRISONS A NUMBER OF MEN.

Four Dead Bodies Already Brought to the Surface—More Are in the Mine—Forests in Colorado Are Burning Fiercely.

HARTSHORN, I. T., Jan. 13.—Fire broke out in New Slope No. 7, at Dow, one of the principal tributaries of the Choctaw coal system, this afternoon. At 8 o'clock tonight four bodies had been brought to the surface. Probably ten more men are in the mine. Relief has been sent from here.

Forest Fires. Colorado Springs, Colo., Jan. 13.—Forest fires are burning near Buffalo Park, and in the mountains near this city. The long continued dry weather makes the situation bad, and it is likely that a large quantity of timber will be destroyed.

### AGAIN IDENTIFIED.

A Man Killed by a Railroad Train Given Three Names. SPOKANE, Wash., Jan. 13.—The body of the man killed by the Northern Pacific train has been identified for the third time. He was at first supposed to be G. L. Lockman, until the real Lockman appeared. Later the body was identified as that of a man named Evans, from Yakima. It is now positively identified as that of M. C. Dammon, who has a wife and daughters living at Baker City and a son at Ballard.

### NEW FIRE DEPARTMENT HORSE WAS KILLED

Lockjaw, Resulting from a Severe Cold, Was So Serious that the Animal Could Not Be Saved and the Authorities Mercifully Put the Animal to Death.

The fire department of the city of Salem is having ill luck with horses of late. This time it is with one of the horses of the new team of grays recently purchased for service on the hose truck. The new horse, which is the largest and considered the best and most intelligent of the two, by the

members of the department, began to show signs of illness or distress on Friday of last week, and it was with extreme difficulty and evident pain that he partook of his food. Chief Johnson realized that something serious was wrong with the animal and relieved him from duty Saturday morning. Dr. W. M. Long, the veterinary surgeon, was called to examine the horse and by that time the poor brute had grown much worse and showed signs of intense suffering. Dr. Long pronounced it a case of lockjaw, probably the result of a severe cold. The jaws were firmly locked and his food and medicine were administered by the aid of a syringe.

Late last evening Chief W. W. Johnson asked permission to kill the poor horse by chloroforming and put him out of his misery. In the absence from the city of Mayor C. P. Bishop, City Recorder N. J. Judah saw Aldermen Sims and Walker, the only two members of the committee on fire and water in the city, and they readily gave their consent, as it was the judgment of Drs. Long and Keeler, the two veterinary surgeons of the city, that the horse could not live, and it was useless to continue treating the horse further. With the consent of the officials, Dr. Long, at 10:30 o'clock last night, administered chloroform to the horse in sufficient quantity to cause death, and the carcass of the animal was at once loaded on a dray and hauled away to be buried. The horse was a valuable one, and his death is universally regretted by the fire department employees, who were fond of the beautiful and intelligent animal.

Progress of Cuba. Recent statistics show that the exports from Cuba have been largely increased and the imports decreased since it came under American rule. This proves that things are becoming more settled. Cubans can always look back on the change of rulers as the successful turning point in their career. The turning point in the life of any weak, sickly or nervous person will undoubtedly be when they resolve to try Hostetter's Stomach Bitters for ailments of the stomach, liver and bowels. This splendid medicine will cure flatulency, heartburn, belching, indigestion, dyspepsia and constipation. Thousands of people have been brought back to health by its use during the past fifty years. We therefore urge you to try it. Our Private Stamp is over the neck of the bottle.

### PERSONAL AND GENERAL.

President Roosevelt is redeeming himself in his treatment of the Custom House frauds at New York city, charged by Appraiser Wakeman, and which Secretary of the Treasury Gage ordered that official to cause investigating. Before the whole matter is through the country will know the truth, that Mr. Wakeman is an honest man, and a fearless one, and that he would not cover up the acts of a gang of thieves for Mr. Gage or any other man. He lost his place as a matter of discipline, but he retained his reputation as an honest man, and he will keep it; for that is the sort of man he is. It is one thing to pass a tariff law; but it is quite another thing to enforce it, and the Government can be swindled out of millions annually by dishonest importers winked at, by weak or corrupt officials. Besides the great loss in revenues by the Government, these practices are a manifest injustice to honest importers. Mr. Roosevelt will not, it is believed, suffer a premium to be placed upon dishonesty.

ALLEN. Ridgefield, Wash., Aug. 19, 1901. Editor Homestead: Enclosed find postoffice order for one dollar for one year's subscription to your valuable paper. I would be lost without it. Yours truly, F. J. BONDISHIRE. Thatcher, Or., Nov. 11, 1901. Editor Homestead: I am much pleased with the Homestead and Statesman; believe them equal to any papers on this coast, if not better. I remain, yours respectfully, L. CRAVEN. Galeville, Or., Nov. 12, 1901. Editor Homestead: Please find enclosed \$1.75 for my subscription to the Homestead and Statesman. I am much pleased with the Homestead. There is much valuable information contained in it. Wishing you success, MRS. C. M. BIXBY. Blakely, Or., Nov. 3, 1901. Frank Strong, of Myrtle Point, Coos county, Oregon, sends two new subscriptions to the Homestead and says: "I like the Homestead very much; could not get along without it." A renewal from H. C. Jackson, of Shasta, Oregon, has the following encouraging words added thereto: "I like the Homestead as well as ever and would not like to be without it. Wishing you success." J. D. Martin, of Vancouver, Washington, says he "likes the Homestead splendidly." Wm. P. Stewart, of Snohomish, Washington, wishes the Homestead great success. W. E. Williams, of Outlook, Washington, thinks "the Homestead is o. k." "I like the Pacific Homestead fine and think it is the best farm paper I have taken," says G. A. Goerig, of Woodland, Or. J. W. Keller, of Waterloo, Oregon, says: "Find enclosed \$1 for one year's subscription to the Homestead. Having recently come here from Hanford, California, I have failed to get several copies of your excellent paper, and have missed them very much." "I am well pleased with the paper," writes D. B. Farley, of Monroe, Oregon, ditto G. C. Berger, of Avon, Washington. Frank Collins, of Auburn, Washington, says: "We like your farm paper very much, better than any farm paper we have ever taken." G. W. Templeton, of Marysville, Washington, thinks "the Pacific Homestead is o. k." James Lauder, of Tacoma, Washington, expresses himself in this way: "Would not be without your paper for ten times its price." F. F. Lahala, of Richburg, Oregon, says: "Would not be without your paper any longer, never missed anything so much." J. M. Fisher, of Weiser, Idaho, in renewing his subscription to the Homestead says he "is well pleased with the paper." W. D. Patch, of Weiser, Idaho, takes several farm papers, "but likes the Homestead best of all." Dr. A. Skipton, of Payette, Idaho, likes the Homestead very much and thinks "any one interested in farming should take it." Charles Coyle, owning a big wheat and stock ranch two miles west of Walla Walla, says "the Pacific Homestead is the best paper on farming I ever read." R. B. McNeal, having a beautiful farm seven miles west of Walla Walla, on Walla Walla river, is going into dairying and diversified farming. He praises the Homestead by saying "just what I need." The paper of all papers to send to your Eastern friends, for it gives a more thorough insight than any other publication into the farming and industrial conditions of the Northwest.
