

RETALIATION BY GERMANY

Effort Made to Adopt Provisions in the Tariff Bill

AUTHORIZING INSPECTION OF IMPORTS AND OTHER REGULATIONS IN USE IN AMERICA.

The amendment is fashioned after the United States Law on Similar Subjects, and is intended to offset our Customs Regulations and Satisfy the Complaining Manufacturers of the German Empire.

BERLIN, Jan. 14.—Baron Heyl Zu Herrshheim (National Liberal) proposed an amendment to the tariff bill in the committee today. It was aimed at the United States. The amendment authorizes the Government to apply to the imports from any foreign state, such regulations respecting consular authentication of invoices of such imports, a declaration of their market value, and cost of their production, as may be enforced against German exports. The language of the amendment is fashioned after the American law, and is regarded by the committee as undoubtedly designed to offset the customs requirements of the United States and to satisfy the complaints of German manufacturers.

ARBITRATION PLANS
Mexico City, Jan. 14.—Arbitration plans will be presented to the Pan-American Conference tomorrow. They are the Hague plans and the compulsory plan. The Peruvian delegates told the Associated Press correspondent tonight that they were entirely satisfied. It is understood that Mexico has asked the Chilean Government to recall Walker Martinez. A motion will be introduced in the conference to send a mission to the new Republic of Cuba. It is desired that this mission should come from the United States delegation. The arbitration difficulty is being arranged, and will receive the finishing touches tomorrow.

A NARROW ESCAPE
General Botha Came Near Being Captured by General Hamilton.

LONDON, Jan. 14.—Perhaps the most important point in Lord Kitchener's weekly report dated Johannesburg, Monday, January 13th, is the omission of all mention of General Dewet, from which it is deduced that the British Commander-in-Chief is more than usually hopeful of effective results from his present effort to surround Dewet. Since the disaster at Zeefontein strong British columns have been persistently dogging Dewet's force, while armored trains have prevented him from crossing the railroad line and have forced him northward. Lord Kitchener is supplying Dewet's pursuers with relays and remounts.

Lord Kitchener reports that since January 6th twenty Boers have been killed, nine wounded and twenty-seven captured, and ninety-five have surrendered. Lord Kitchener, in a dispatch from Johannesburg, dated Monday, January 13th, reports the narrow escape of General Botha from capture by General Bruce Hamilton. Hearing of a concentration of Boers at Knopdr, Bruce Hamilton went to the spot, but only to find that the Boers had been given the alarm and that 400 of them were trekking, three miles distant with General Botha in a safe cart leading. Bruce Hamilton chased the Boers for seven miles until his horses gave out and captured thirty-two Boers and quantities of ammunition and stock.

DARING KIDNAPER.
Seized Little Berkeley Girl on the Street—Left Her in a Vacant Lot.

BERKELEY, Cal., Jan. 14.—When returning to her home in Oakland, after having made a few purchases at a grocery store, 12-year-old Florence White was carried away in a wagon,

and later left bound hand and foot in a vacant lot. The child was found about an hour later, but it was some time before she regained consciousness. She says that while walking along the street she was attacked from behind by a masked man who had gray hair. Smothering her screams, he threw her into a wagon and started off. Once in the shallow which enveloped the lot, the child's shoes were unlaced and the strings used to bind her hands and feet. The girl was then left, the belief of the police being that the man was frightened away from his intended victim. She was badly bruised, evidently from rough handling, but otherwise was uninjured.

THE TREASURY EMPTY

HENCE THE PAN AMERICAN EXPOSITION GAVE NO MEDALS.

Unless They Were Paid For by the Exhibitors in the Art Department—Criticism Answered by the Director of Fine Arts.

NEW YORK, Jan. 14.—The management of the art department of the Buffalo Pan-American Exposition having been severely criticized, both in Europe and America because of the judgment shown in the awards, William G. Coffin, director of fine arts at the Pan-American, has made the following statement: "We have been attacked because we put upon our exhibitors a request for a reply before January 1st, in case persons wrote us saying that they desired their diplomas, and the claim is made that the early date prevented European artists from sending in their names. The date of January 1st was put on the circulars to hurry the replies, so that we could get the diplomas sent off to the right addresser. If replies came as late as February, the diplomas would be sent just the same, of course. Do the Englishmen reply to a dance invitation on the date set for a reply?"

"Now, as regards the buying of medals by the artists, I will only say that I have been all through a Paris exhibition and I know, everybody knows, that gold and silver medals are never given free anywhere, and never will be. A gold medal costs about \$150, a silver medal \$5. When an exhibitor is awarded hundreds of medals, common sense would teach a man not to expect a gold or silver medal given him. What was done in Paris and elsewhere was to give a bronze medal to all three classes alike, and let the gold and silver men buy their medals if they wanted to. I admit that we did not give away even the bronze ones. They were not given away in any department of the exposition. That was because the Pan-American was bankrupt and could not do it. A dollar and a half isn't much for one medal. It foots up heavily when there are hundreds of medals, however."

THE RATES REDUCED

TWO NORTHERN ROADS WILL HAVE A NEW TARIFF.

To Go Into Effect at the Beginning of February—Wheat Rates Are Not Lowered, but This Is Promised Later in the Year.

ST. PAUL, Minn., Jan. 14.—The tariff reductions on the Great Northern and Northern Pacific will go into effect February 1st. The reductions, which vary from 5 to 15 per cent, affect mainly the "ten classes." Commodity rates on coal, lumber, flour and wheat remain unchanged.

The reductions in the wheat rates are postponed until later in the year, as it is President Hill's idea that reductions now would not help the farmers, since most of the wheat has left their hands.

DISCUSSION ON PHILIPPINES

Senator Hoar Presses His Resolution for Investigation

IT IS OPPOSED BY LODGE, OF THE PHILIPPINE COMMITTEE, FOR GOOD REASONS.

The Tariff Between the Islands and the United States—Efforts Made to Attach Amendments to the Bill Removing Duty from Certain Products of the Islands, Such as Hemp Shipped to America.

WASHINGTON, Jan. 14.—For the first time this session the Philippine question was touched on in the Senate today.

The Philippines were the subject of an address by Hoar (Mass.), who spoke on his resolution, introduced yesterday, providing for the appointment of a Senate committee to investigate the administration of the islands.

Lodge (Hoar's colleague) said he regarded the resolution as a reflection on the Philippine committee, of which he was chairman. The discussion was leading rapidly to an opening of the whole Philippine question, when it was agreed that the resolution should go over until tomorrow.

Philippine Tariff.

Washington, Jan. 14.—The Republican members of the Philippine committee have not arrived at any definite agreement to amend the Philippine tariff bill. It is given out as probable that the rate of duty on Philippine products coming to this country will be 75 per cent of the Dingley rates with a reduction upon goods on which an export duty is charged in the Philippines, equal to such tax. Some Republicans are still doubtful about accepting the proposition but it is said the majority favor it.

Senator Hansbrough presented an amendment to the Philippine tariff bill today, admitting, free of duty, hemp grown in the Philippines, and relieving it from the export duty charged in the Philippines when shipped to the United States.

The Confederate Veterans.

Washington, Jan. 14.—The House continued the debate on the pension appropriation bill today, and devoted much time to the proposition advanced by Rixey (Va.), to open the doors of the soldiers' homes to ex-Confederate veterans. Two notable speeches were made in support of the proposition, one by Gardner (Rep. Mich.), and the other by Dearmond (Dem. Mo.) Dearmond's eloquence aroused both sides of the House. The Republicans, with the exception of Gardner, took no part in the discussion of Rixey's suggestion, which met with much opposition on the Democratic side on the ground that it was utterly impracticable.

To Increase Navy

Washington, Jan. 14.—Rear Admiral Crowninshield, who was before the House Naval Committee today, pointed out the urgent necessity for an increase of men and officers, in order to properly man the new ships. He advocated an increase of the enlisted force of at least three thousand men.

The Nicaraguan Bill.

Washington, Jan. 14.—The House Nicaraguan bill was considered today by the Senate Committee on Inter-Oceanic Canals but action was deferred to permit a further investigation of the proposition made by the Panama Canal Company. A motion for postponement was made by Senator Mitchell. It provides for a meeting Friday, and instructs Messrs. J. P. Morgan, as chairman of the committee, to confer with the President for the purpose of ascertaining whether the Panama proposition has been received by the Isthmian Canal Commission. This action was due to the wish of the majority of the committee, to afford an opportunity to give fair consideration to the Panama proposition. There was also the sentiment expressed against any prolonged postponement.

A DESTRUCTIVE BLAZE.

Manchester, New Hampshire, Suffered a Serious Loss Last Night.

Strength and Vigor

Mr. C. M. Scott, 1249 Dorchester Avenue, Boston, Mass., tells how he became a strong, hearty man:

"About two years ago I suffered from general debility and I doubt if there was anybody more utterly miserable than I was. I had no life or energy, and was as depressed mentally as I was worn out physically. It was not at all unusual for me to go to sleep over my work. My blood was German and watery, but the worst of it all was the dreadful, wearying nervousness at night. When I retired at ten o'clock, instead of going to sleep I would toss and turn till well on into the morning, and when I awoke it was without any feeling of being refreshed or rested. I lost so much flesh that I got down to 122 pounds in weight, and I had no desire for food."

"Last January a friend urged me to try Dr. Williams' Pink Pills for Pale People. I had previously tried many different kinds of remedies and had consulted three physicians, but the little relief they gave was very brief, so I was completely discouraged. My friends, however, insisted and I tried the medicine for a few days."

"By the time the second box was begun there was such evident improvement that I continued taking them till the ninth box, when I felt that I was entirely cured. I now weigh 158 pounds. There is no sign of nervousness, I rest well and feel strong, and am able to enjoy life once more. Mrs. Scott was feeling a little run down a few weeks ago, but she immediately began taking Dr. Williams' Pink Pills for Pale People and she is experiencing the same beneficial results that I did."

(Signed) C. M. Scott.

WILL SEND \$250 FREE.

Franklin Miles, M. D., LL. B., the Celebrated Chicago Specialist, Will Send \$250 Worth of His New Special Treatment, Free to Each of our Readers

When an experienced physician offers to give away \$250.00 worth of a New Treatment for diseases of the heart, nerves, stomach or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent people freely testify to his unusual skill and the superiority of his New Special Treatment, his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine leading doctors in New York City, Philadelphia and Chicago failed. 1000 testimonials sent upon request.

"The eminent Rev. W. Bell, D. D., of Dayton, O., Gen. Secy of Foreign Missions, writes editorially in The State Sunday School Union: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist, a man who has spared neither labor nor money to keep himself abreast of the great advancement in medical science." "The late Prof. J. S. Jewell, M. D., said: "By all means publish your surprising results." Prof. J. P. Ross, M. D., Ex-Pres. of Rush Medical College, wrote in 1874: "Dr. Miles has taken two courses of my private instruction in diseases of the heart and lungs." Mr. Truman DeWeese, editor Chicago Times-Herald, states: "Dr. Miles cured me of years of inherited headache and deafness." The well-known manufacturer of Freefort, Ill., J. C. Scott, says: "I had fruitlessly spent thousands of dollars on physicians until I consulted Dr. Miles." Mrs. Frank Smith, of Chicago, writes: "Dr. Miles cured me of dropsy after five leading physicians had given me up."

This new system of Special Treatment is thoroughly scientific and immensely superior to the ordinary methods. As all afflicted readers may have \$250 worth of treatment especially prepared for their case, we would advise them to send for it at once. Address Dr. Franklin Miles, 261 to 263 Dear St. Chicago. Mention this paper.
