## **NEW FOREST** RESERVE RULES

## Settlers Must Have a Permit for Every Animal

GRAZED ON THE CASCADE RE SERVE OR THEIR STOCK MUST BE KEPT AWAY.

The Instructions to This Effect Just Received by Supt. S. B. Ormsby-No Sheep and Goats Admitted Unless Accompanied by Herders.

(From Wednesday's Statesman.) The new forestry department has sent to Sugt. S. B. Ormsby, of the Cascade Forest Reserve, a new rule regarding the pasturing of stock on the reserve. The letter of instructions received by Captain Ormsby, after quoting the new rule, says:

"Under this rule sheep and goats are absolutely prohibited in all forestereserves unless the Secretary of the Interior, under authority of the rule, has decided or may decide that a reserve, or part of a reserve, may be opened to a stated number of this kind of stock; and until such decision is rendered and the forest officers are duly advised thereof sheep and goats are prohibited, and all parties responsible for their presence in the reserve are liable to criminal and civil suits for trespass

Where the grazing of sheep in any reserve has been or may be allowed by the Secretary of the Interior, the grazing areas established and the number of sheep to be allowed thereon decided upon, the forest officers are duly advised thereof and will give due notice to the public of the requirements as to applications; which applications are to be submitted to the General Land Office through the forest supervisor in charge of the reserve. The pasturing of live stock, other than sheep and goats, will not be prohibited in the forest reserves so long as it appears that injury is not being done the forest growth and water supply, and the rights of others are not thereby jeopardized,' means that the Secretary of the interior will not, generally, prohibit the grazing of cattle and horses in the forest reserves. It does not, however, allow persons to enter the reserve with their stock until the Secretary has decided that injury will not be done and the rights of others will not be jeoparaized, and until they have permits duly issued. In every case the Secretary determines the number of cattle and horses that may be allowed in each reserve; the action thereafter being the name as in the case of sheep, except that 'annual permits may be granted by the supervisor in charge of the reserve to persons fiving within the limits of the reserve for the pasturing of not agreeding one hundred head of cattle or horses, or of cattle and horses com-

"Each resident within a reserve who ewas one hundred head of horses and Cattle, of a less number, must make application to the forest supervisor for be privilege of pasturing no more of this kind of stock than he actually mans, and must have a permit from the forest supervisor, to be issued on a form provided by the Department. All applications by residents within the reserve for a greater number than one hundred head, and all applications, regardless of the number of cattle and borses, whether over 100 or under 100, by persons outside of the reserve must submitted to the forest supervisor in charge for his approval. The supervisor then forwards the application to the Commissioner of the General Land Office. If approved, the honorable Secretary issues the permit the same as in the case of sheep. The total number of cittle and horses covered by all applirations and permits to be counted against the total number allowed in the reserve. Stock of all kinds will receive preference in the following order, viz. "1st. Stock of residents within the

teserve. "2d. Stock of persons who own permanent stock ranches within the reserver but who reside outside of the re-STEVE.

"3d. Stock of persons living in the immediate vicinity of the reserve, called

neighboring stock. "tib. Stock of outsiders who have some equitable claim."

Cader these instructions, the settler on the reserve cannot allow his cow or horse to graze on the reserve until he has obtained a permit, and then only

between the first day of June and the first day of October, the remainder of the year he must keep his cow or horse tied up. Under these instructions settlers on the reserve or immediately adjoining it, will not be allowed to graze their stock on the reserve, unless having the permit for every animal so pastured.

## FRENCH WILLFILED

THE TESTAMENT OF THE LATE FATHER DELORME

Executed in France in 1898, Admitted to Probate in This County Yesterday-Brief and to the Point.

(From Wednesday's Statesman.) The last will and testament of the late Bartholemy Delorme, who died in Thurins, Canton of Vaugneray, France, on June 26, 1901, was filed for probate, in the Marion county probate court yesterday, by Wm. Foley, attorney and agent for the deceased's legatee. Louis Bartholemy Delorme.

It was a very imposing and solemn looking document and somewhat of a a curiosity, inasmuch as the will only contained fifteen words besides the signature of the testator and the witnesses, as follows: "I bequeath my estate to my brother and sole heir-at-law, Louis Bartholemy Deforme." The will was executed in Thurins, France on October 8, 1898, in the French language and appended thereto were about a dozen other documents containing the testimony of witnesses and the proceedings of the French probate court, showing the superfluity of red tape such and similar documents are sublected to, all bearing the official seals of the officers of the various courts through whose hands it had to pass. The whole was translated into English by the professor of languages of the Pacific University at Forest Grove.

The deceased, Bartholemy Delorme, was a Catholic priest and quite well known to the early Catholic settlers of French Prairie, as he was among the first Catholic priests in this state and vicinity. His estate consists of real estate situated near St. Paul, Marion county, and the brother and heir-atlaw is a resident of Thuring, France.

Eliza E. Pentland, guardian of the person and estate of Mildred E. Bayley, a minor, yesterday filed ner annual account on the estate, in the Marion county probate court, showing a balance of cash on hami of \$38.05, which account was approved by the court and ordered placed on file.

Ida M. Allen petitioned for the guardianship of the estate of Robert C. Allen, insane, valued at \$1200, and the court set Monday, February 10, 1902, at 10 o'clock a, m., as the date and time for the hearing of objections to her appointment as such guardian.

OFFICERS INSTALLED .- Willamette Encampment No. 2, I. O. O. F. at its meeting last night, held its annual installation of officers, conducted by District Deputy Grand Patriarch George H. Burnett. His Record Is a Most Enviable One, and Great Hopes, for His Success Are Entertained by the Friends of the Old School.

(From Wednesday's Statesman.) Letters received from Rev. J. H. Coleman, D. D., the new president of Willamette University, indicate that he will arrive in Salem on Saturday, and will take part in the services on Sunday. Dr. Coleman comes highly recommended as an able, aggressive worker, and the friends of Willamette University are looking forward to his coming with great hopes for his success, in his new field of endeavor. The Glens Falls (N. Y.) Star (daily) of recent date, in speaking of Dr. Cole-

His previous ministerial record is as follows: 1873-'74, Charlton and Glenville; '75, '76, Galway; '77, '79, Fremont street, Gloversville; '80, '81, Ballston; '82, '84, First Albany: '85, '87, First Gloversyille; '88, '92, Fifth Avenue Troy: '93 Saratoga. ### University Notes.

Basketball continues to be the allibsorbing subject of conversation in the halls and about the campus. The students are much elated over the victories of Saturday, since the day's contests demonstrated that Willamette has two teams which are not easily beaten. The young ladies are especially congratulated since they in their first game met and defeated a team of much greater experience. The boys' team has a game scheduled with the Liberal College of Silverton. The latter team have a good lineup and an interesting game is anticipated. The game is to be

played in Salem Saturday. The examinations for the first semester began yesterday noon and will continue throughout the week. Regular school work will be resumed on

Monday. Plans are being made for the local oratorical contest which takes place Friday evening, February 14th. The state contest will be held in Salem March 14th.

At the close of this semester's work, Prof. C. A. Dawson leaves to take up a post graduate course in the University of California. Prof. Dawson has made many friends in the school during his work here, and general regret is expressed among the students that he is not to remain with "Old Willa-

## FOR CHURCH UNITY

STRONG SERMON DELIVERED BY REV. GEORGE RITCHEY

At the First Christian Church Revival Services Last Night-His Argument Is That in the Church as in Commerce a Combination Should Be Made.

(From Wednesday's Statesman') Rev. George C. Ritchey, pastor of the

First Christian cliurch, preached a strong sermon on the theme, "Christian Unity," at the revival services in his church last night. He said in part: "For a lesson read John 17th chapter or Eph. 4:1-16. You note we say Christian unity, not church union. There is exactly the same difference between Christion unity and church union as there is between Christianity and churchanity.' The thought of the world is toward union. Union in governmental, commercial, professional do so when desiring to show especial fers of 13 cents a pound and even betand religious affairs. We have labor unions, farmers' unions, rallroad unions, unions and unions. The world demands that the churches come to Christian unity, not Christian comity but real Apostolic unity. Most all the churches themselves desire this unity. Some are puzzled as to how to unite. Each advocates union in its peculiar way. The plea of the church of Christ both of the First and the Twentieth century is for oneness of God's people. Primitive Christianity is synonymous with Christian unity. Proof of this is found in the record of the Acts of the Apostles. We realize the necessity of union in other things. Cer-

"Unity of Christians is demanded for several reasons: "First. From the very nature of the Jospel. 'One Lord, one faith and one

exception,

babtism. Eph. 4:5. but that all be saved by faith in Christ, and her mental illness is hereditary. | cents per pound;

and obedience to his commandments. II Peter 3:9.

"Third. By the very evils to b overcome. In a sense all evil is united against the church of Christ. Evil dees not fight sin as religion sometimes fights Christianity. Hence its strength. Let us learn wisdom of the children of darkness, for in this matter certainly they are wiser than we.

"Fourth. For the evangelization of the civilized world. The union of the Apostolic church with modern methods would bring thousands where now we report hundreds, in our divided condition. Yea, the results of Peter's sermon, filled with the Holy Spirit would be repeated often in our midst.

Fifth. To fulfill the great commission, as it relates to the vast number of heathens. 'No great success can be attained by a divided army on a foreign field. There must be unity of purpose action and doctrine if we will obey and honor Christ abroad.

"Sixth. The love of God, John 3:16,

demands this of all His disciples every-

where. Will we permit denominational

tradition and petty differences to thwart God's love (as it were) as manifest to the world in his Son Jesus? "The Bible teaches the oneness of God's people in every age, with which it deals. The Gospel calls us, 'Sons of God, 'Children of God.' If children of one family and of one parentage we are not (at least should not be) divided. Let us not convict our Heavenly Father of fornication simply to maintain our denominational name or glory, Christ prayed for our oneness, "That the world may believe.' John 17:20-23. The divisions of Christendom hinder the world from believing, and while we pray, 'Thy kingdom come,' we hinder its growth by dividing over small things. Paul condemns division among

and Rom. 8:6-7. "Is this union possible? Jesus prayed for it. John 17th chapter. He would not, being Divine, have prayed for an impossibility. It is the Divine will. We unite for almost everything else we desire, and can unite for this, for Christ's sake as well as for humanity's sake. Even churches unite for a short season, for special services. Why not

Christians. I Cor 1:10-13; I Cor. 3:3-6,

permanently? "How unite? How do we unite for government, labor or commerce? Sec the need, use system and work for each other's advantage and mutual good. It is much easier for Christians to unite, if they will. We see the need of it. We have the system ready prepared and Divinely given. The Gospel of Christ. We will never unite on anything else. There is only left us, to use this system and work for each other's advantage and mutual good. We cannot picture the blessed results from such common sense business in religion. The sinful world would be startled. The devil thwarted in his work of ruin and destruction. Peace would reign and Christ's Kingdom would prosper on the earth."

The subject of the sermon for tonight is "Salvation Free, but Conditional." All are invited.

KEEPING THE TEETH IN GOOD CONDITION.

Use a brush with bristles which are neither too stiff nor too soft, and brush the teeth on all sides.

The teeth should be examined at least twice a year by a competent dentist. They should be washed with lukewarm water before breakfast, after each meal, and before retiring. An extremely important item in the

care of the teeth is the use of dental floss always after eating. This, together with a soft orange-wood toothpick, will remove every particle of food from the teeth.

There are so many excellent dentifrices that it is hard to decide which one is best. Precipitated chalk is always good, and may be rubbed about
