

# TRAVELLERS

People who travel and are constantly on the road are very liable to have dyspepsia or some other form of "stomach trouble." They have to live as they can, not as they would. The train won't stop for them to eat, they must eat when the train stops, and in general the food hurriedly swallowed in the "ten minutes refreshments" is of an indigestible character. It is small cause for wonder that under such conditions the stomach becomes disordered and diseased. One of the peculiar features of the times is that the scores and thousands of people who don't have to travel persist in living as if they did. They eat at home or in the restaurant as if the time for refreshment was limited to ten minutes and they were in momentary expectation of the call, "All aboard!" to break in upon their hurried meal. The very natural consequence of this way of living is to recruit the great army of dyspeptics. Dyspepsia has many stages which range from mere discomfort to utter mental misery and physical wreck. But at any stage dyspepsia is a menace to health and happiness. Ordinarily we think of dyspepsia as a disease, affecting only the organs of digestion and nutrition. But as a matter of fact the disease affects the whole body. It causes physical lassitude, mental dullness and depression, headache, muscular debility and constipation or irregularity. It is one of the greatest handicaps to human happiness and usefulness the world knows.

Side by side with these facts there is another: *Dyspepsia can be cured*, has been cured, and is being cured by the use of Dr. Pierce's Golden Medical Discovery. It cures dyspepsia at any stage, and the only difference between the cure of an old and obstinate case of dyspepsia and the disease in its beginning, is a difference of time. It takes longer to cure a disease which has had years perhaps in which to root and a disease which has only just begun to show itself. But so uniform are the results obtained by the use of Dr. Pierce's Golden Medical Discovery that it may be affirmed that in ninety-eight per cent. of cases a perfect and permanent cure will be obtained. It always helps. It almost always cures.

Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks, and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week while playing at B. F. Keeth's Bijou Theatre, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

"Having seen the advertisement of your 'Golden Medical Discovery,' and being a great sufferer from the effects of stomach trouble for the past eight years, I concluded to try your medicine. Mr. W. A. Maxwell, of Marshfield, Coos Co., Oregon, writes: "I had tried almost every known remedy, and also consulted with the best medical skill attainable, but all without any relief. After reading one of your circulars I concluded to try one bottle of Dr. Pierce's Golden Medical Discovery. After taking one bottle I felt so relieved it induced me to continue. Am now on the fourth bottle and have not had a spell of bloating or 'acid stomach' (which was very painful) for the last six weeks. Before the use of your medicine I was in dread of every mealtime, for in twenty minutes after eating I would be racked with pain. Indigestion was my principal ailment, and I have been also terribly afflicted with asthma, which, I believe, was brought on through the medium of indigestion. Now, as I stated, after having used four bottles of your medicine, I have not had an attack of sour stomach or painful bloating, and my asthma has just about disappeared. In fact, I feel better now than for the last ten years."

The cures effected by the use of "Golden Medical Discovery" are real and lasting. A large number of the so-called "remedies" offered for dyspepsia, are mere palliatives. The most they can do is to give some temporary relief from physical discomfort. But the "Discovery" makes a perfect and permanent cure. It does this because it is much more than a mere medicine for dyspepsia. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of organs seemingly remote from the stomach, but which in reality have their origin in a diseased condition of the stomach and its allied organs. Thus with the cure of dyspepsia and stomach "trouble" comes the cure of diseases of liver, kidneys, heart, lungs, and other organs, when these diseases, as is often the case, have their cause in the diseased condition of the organs of digestion and nutrition.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicine, will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

If you are looking for a laxative which is gentle in action and effective in results, try Dr. Pierce's Pleasant Pellets.

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for cloth-bound volume, or only 21 stamps for the book in paper covers.

Address: Dr. R. V. PIERCE, Buffalo, N. Y.

## PATTERSON AND LODGE CLASH

The Question of Admitting the Newspaper Correspondents

TO THE HEARINGS OF THE PHILIPPINE COMMITTEE CAUSE OF A SHARP DISCUSSION.

The Oleomargarine Bill Passed the House by a Majority of Thirty-four—Several Important Amendments Made to the Measure—War Claims Bill Passed by the House at Yesterday's Session.

WASHINGTON, Feb. 12.—With the exception of a sharp clash between Lodge and Patterson, over the matter of the admission of representatives of the press to the hearings on the Philippine tariff bill, the session of the Senate today was quiet. The Colorado Senator desired that all newspaper men be admitted to the committee hearings, declaring that as now conducted they were of a star chamber character. He said his recollection was that Lodge had suggested that the hearings be entirely secret. This drew the fire of the Massachusetts Senator, who indignantly denied that he had suggested anything of the kind. He insisted that the reports made of the hearings, by the press associations, were accurate and fair to both sides of the controversy.

A communication from the Secretary of War transmitting a memorial of the Federal party of the Philippine Islands in support of American rule in the islands, called from Patterson the statement that the Federal party had obtained its control in the Philippines by promising to the Filipinos that they would be admitted ultimately to statehood in the United States.

### The Philippine Memorial.

Washington, Feb. 12.—The memorial of the Federal party of the Philippine Islands was transmitted to the Senate this evening by the Secretary of War, together with a letter of transmittal by Governor Taft, in whose charge the document was given. The memorial was adopted at an extraordinary session of the Federal party, held in Manila in November. It sets forth that out of the sixty provinces and districts war exists in only two—Batangas and Samar. It also asserts that it is a demonstrated fact that the pueblos or towns anxiously desire "a definite civil rule." The memorial then makes a presentation of deduction of the Federal party, that Congress should proceed to carry into effect its determination of defining the future of the Philippines in their relations to the United States and asserts that there is no reason for not replacing the military regime "by civil rule of a popular character." The memorial then proceeds:

"To make of the Philippines a colony of the United States or to grant independence to the Philippines would be to hand the islands over to disorder and to chaos.

"Federation or annexation would settle all these difficulties by a concentration of the interest of the Filipino people on education and labor."

The memorialists then pray for a declaration by the Congress of the United States to the effect that the Philippine Islands are an integral part of the United States, with the rights and privileges which the Constitution of the United States grants to other territories, such as that of becoming a state of the Union.

A preliminary form of government, similar to that of the territories of the United States is outlined as suitable for the Philippines. The memorial asks that the islands be represented in the United States House of Representatives by two delegates.

### The Oleo Bill.

Washington, Feb. 12.—The House today passed the oleomargarine bill. There was no division on final passage, the real test of strength having been made on the motion to recommit, which was defeated by a majority of thirty-four. The proviso to require inspection and branding of renovated butter, which was adopted in the committee of the whole, was retained today on an aye and nay vote. As finally passed the bill is somewhat modified from the form in which it was reported from the Committee on Agriculture. It makes oleomargarine or imitation butter or cheese, transported into any state or territory for use, sale or consumption therein, subject to the laws of such states or territories, notwithstanding that it may be introduced in original packages, and imposes a tax of 19 cents per pound on oleomargarine made in imitation of "butter of any shade of yellow." When not made in such imitation the tax is reduced to one-fourth of one cent per pound. Penalties for the violation of the act are a fine of not less than \$50 nor more than \$500, and imprisonment for not less than thirty days nor more than six months.

War claims occupied the attention of the House after the passage of the oleomargarine bill, and the day was made notable by the passage of the first bill for the payment of claims of United States citizens arising from the Spanish-American War. It carried something over \$55,000, for the payment of 292 claims for property taken within the United States for the use of the army. An omnibus bill, carrying claims aggregating \$2,114,522 for stores and supplies taken from loyal citizens during the Civil War also was passed.

### Postoffice Bill.

Washington, Feb. 12.—The postoffice appropriation bill has practically been completed by the House committee. It carries \$137,916,595, an increase of \$14-

123,916 over the current appropriation. The largest item is \$41,250,000 for railway transportation of mails.

The rural free delivery service gets an increase of \$1,250,000, making a total of \$7,529,000, and a provision is made to place the rural mail carriers under the contract system, instead of salaries as at present.

### HOHENZOLLERN IN PORT.

Arrived Unexpectedly in New York Yesterday—Did Not Stop at Bermuda.

NEW YORK, Feb. 12.—The Imperial German yacht Hohenzollern passed inside the passing vessels saluted either with dip of the colors or with a whistle. The Kaiser's yacht is a bark-rigger, two funnel, man-of-war-like craft with a ram-bow. She carries eight rapid-fire guns for saluting purposes. At Quarantine it was said by her officers that the question of their acceptance of any social courtesies prior to the arrival of the Prince, had not been considered by them, but they did not think it would be possible or proper to attend any function until Prince Henry arrives.

Admiral Von Baudissin was formally welcomed to New York by the civic committee, a representative of Mayor Low, and an officer of the United States navy.

### IVEY MUST EXPLAIN.

He Had No Authority to Suspend the Tonnage Tax Collection.

WASHINGTON, Feb. 12.—Assistant Secretary of the Treasury Spaulding has sent a telegram to Collector Ivey at Sitka, Alaska, stating that the Department is unofficially advised that he has issued instructions suspending the collection of tonnage tax, and virtually closing Unalaska ports to vessels alleged to be engaged in pelagic sealing, and informing him that such action is unauthorized by law. Copies of such instructions are directed to be forwarded at once to the Department.

## THE PRESIDENT'S SON

GREAT IMPROVEMENT IS SHOWN IN HIS CONDITION.

The Crisis Is Expected Today, and It Is Thought He Will Be Out of Danger by Tomorrow—The President's Plans.

GROTON, Mass., Feb. 12.—If Theodore Roosevelt, Jr. continues for the next 24 hours in his present condition, his physicians have given the President and Mrs. Roosevelt to believe that their son's vitality will be sufficient for him to meet and pass successfully the crisis in his disease, which is looked for some time tomorrow, and on Friday morning he will be practically out of danger. Tonight he is considered to be better than last night, and the same can be said of his two school mates.

After an examination by the doctors tonight, Secretary Cortelyou said that the crisis in the right lung—that the left having been passed—would probably be reached tomorrow night. So confident are the President and his wife that their son will pass through this crisis in good shape, that the President is already making some slight preparations to leave for Washington. Tonight it looks as if he might start some time Friday. Mrs. Roosevelt, cheered and comforted by a short but impressive service at 6 o'clock in the chapel, went to her nightly watch in the infirmary in good spirits. Mr. Cortelyou said that no change had been made in the program for Prince Henry's visit. The President will not give up his trip to Charleston, but will go there after Prince Henry leaves.

### At Bed Time.

I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says it acts gently on the stomach, liver and kidneys, and is a pleasant laxative. It is made from herbs and is prepared as easily as tea. It is called Lane's Medicine. All druggists sell it at 25c. and 50c. Lane's Family Medicines moves the bowels each day. If you cannot get it, send for a free sample. Address, Orator F. Woodward, Le Roy, N. Y. 5.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS: "Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidently in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 7908 Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME—at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

## Are You Going East?

Perhaps I can be of service to you. I can ticket you over any railroad running trains out of Portland; tell you when to leave home; where to change cars; when you will reach your destination, and what there is to be seen on the way. Call or write—I'll take pleasure in answering your questions. Omaha, Chicago, Kansas City, St. Louis—and EVERYWHERE beyond.

A. C. SKELDON, General Agent, Cor. Third and Stark Sts., Portland, Ore.

## THE "NORTH COAST LIMITED"

Will resume service January 5, 1902. The train will be even better than it was in 1901. It will be a complete home on wheels, Parlor, Dining Room, Sleeping Room, Library, Smoking Room, and Bath Room—they will all be there, and all lighted by electricity and heated by steam. First and second class tickets both good on this train. Use this CRACK TRAIN of the NORTHWEST on your way to the Pan-American Exposition, Buffalo, New York. You can go either by way of St. Paul and Chicago, or Duluth and the Great Lakes. Inquire of any NORTHERN PACIFIC Agent as to further particulars, or write to—

A. D. CHARLTON, Ass't Gen'l Passenger Agent, Portland

## WAS THE MAN LYNCHED?

RUMOR THAT A HORSETHIEF HAS BEEN HANGED.

Was Taken from an Eastern Oregon Officer by Indignant Stockmen and Executed—The Feeling Against Horsethieves Is Running High.

PENDLETON, Or., Feb. 12.—Constable Hunsucker, having in custody Tim Townsend, charged with horse-stealing in Grant county, left here Monday morning with the prisoner, notwithstanding the threats reported that Grant county people would lynch him, if he attempted to pass through Utah.

Reports were received this morning that the plan was carried out, although it is impossible to verify it. The feeling among horsemen in the interior is bitter toward those who have lately stolen their property, and an organized effort is being made to bring the offenders to justice.

THE NEW GEYSER. Gigantic Column of Hot Water Makes Earth Quiver as it Spouts.

BUTTE, Mont., Feb. 12.—A special to the Miner from Cinnabar gives further particulars of the breaking out of the new geyser in the Yellowstone National Park. Soldiers yesterday carried news to Mammoth Hot Springs of a rumbling resembling distant thunder, a

## QUAKING OF THE EARTH AS THOUGH BY AN EARTHQUAKE, AND THE MIGHTY LEAPING OF A GIANT COLUMN OF SEETHING, SURGING HOT WATER HIGH IN THE AIR, WHICH KILLED THE VEGETATION SURROUNDING THE FORMATION, AS IT CAME IN CONTACT WITH THE SCALDING WATER FROM THE BOWELS OF THE EARTH.

The new geyser is situated in the vicinity of Norris Basin, high up in the timber, about forty-five yards from the constant geyser. The geyser, which has been named "The Twentieth Century," plays in a manner similar to the constant, but of many times greater volume. It also erupts more frequently than the constant, spouting at intervals of one and a quarter to two hours.

## IN BAD CONDITION.

Santo Domingo Has Less Income Than Expenditures.

NEW YORK, Feb. 12.—President Jimenez has invited merchants to attend a conference at Puerto Plata, Santo Domingo, says a dispatch from that city to the Herald. It is the intention to obtain their opinion as to the best means of solving the economical difficulties in Santo Domingo and of raising the price on Dominican products. The Government favors a reciprocity treaty with the United States to save the sugar industry, and another with Spain to help the tobacco interests. Revenues of the Government are at present insufficient to pay the budget debts. It is necessary to impose new taxes. President Jimenez is in favor of a property tax. He also suggests a new loan, but this plan has been received by the people with unfavorable comment. President Jimenez is continuing his trip through Cibao to gather information regarding conditions.

## BIRTHDAY OF LINCOLN

CELEBRATED IN FINANCIAL DISTRICT OF NEW YORK CITY.

By a General Suspension of Business—Flags Displayed, and Banquets Were the Rule—Chicago Also in Holiday Attire.

NEW YORK, Feb. 12.—There was a general suspension of business in the financial district of this city today, in honor of the nine-third anniversary of the birth of Abraham Lincoln. Many mercantile houses also closed, and flags were generally displayed. There were several banquets tonight.

### Memorial Exercises

Chicago, Feb. 12.—Memorial exercises in honor of Abraham Lincoln were held here today, on a scale surpassing that of any previous local celebration of the anniversary of his birth.

### Mr. Wu Present.

Grand Rapids, Mich., Feb. 12.—The Lincoln Club of this city celebrated the birthday of Lincoln tonight with a banquet. The principal guest was Minister Wu, the Chinese Minister.

### MILLERS TO ORGANIZE.

CHICAGO, Feb. 12.—Millers from all over the United States gathered here today, to organize a National body.
