dark winter mornings it's so easy to Tax Books Ready for the Sheriff and for Collections

> BIG INCREASE IN THE VALUA TIONS OF THE PROPERTY OVER FORMER YEARS.

Adequate Preparations Made to Ac-Who Will Call Early to Save the Three Per Cent Discount Allowed Before March 1st.

County Clerk W. W. Hall yesterday empleted the extension of the Marion When writing mention reading this generous county assessment roll and turned it offer in this paper and over to the Sheriff last evening. The send your address to separate statement of the totals shows Dr. Kilmer & Co., Binga total tax of \$220,017.72 for 1981 or an increase of \$22,653.15 over the 1990 tax, dollar sizes are sold by all good druggists. which was \$197.364.57. It also shows that there is an increase in the amount of city tax, the 1901 tax being \$23,335.75 while that of 1900 was only \$16.187.13. and the total number of poll taxes remaining unpaid for 1991 was 2822, and the total for last year was 3405; as the county assessor's books show that 198 poll taxes had been paid to the deputies and into his hands, making a total of 3020 poll taxes in Marion county for the year 1901, or a falling off of 385 from that of 1900.

It would be a pretty hard matter to account for this falling off, for as Mr. Lembeke said, there were quite a number sworn off the roll on account of age exemption and otherwise. There would likewise be almost if not quite an equal number of new entries upon the roll, so about the only reason that the shortage exists is on account of the scarcity of laborers in the county and valley during the time the fie'd was canvassed by the deputy.

Sheriff F. W. Durbin will throw the books open this morning and has made all necessary arrangements within his power to wait upon everyone who desires to pay his taxes. Considerable preparations have been made to wait upon a great number of people as it is presumed that, under the new law, there will be a great rush on the parof the taxpayers to pay their taxes before March 1st, and receive the benefit of the 3 per cent discount.

The statement of totals on the new oll follows: Poll taxes remaining un-

# 02—What Will the Harvest Be?—

We have confidence enough in the prospects to believe that 1902 will be a most prosperous year for farmers all over the valley, and when the farmers prosper, so does every one else. We believe in being out betimes with our announcements in order that you may remember that we're ready with the goods when you need them. Last fall we had a large addition to our Machinery Warehouse in the signe of a big wagon and Machinery Shed in the rear This places our main floor at the disposal of plows, hacks, drills, harrows, etc., besides our separate department for Sewing Machines and for Bicycles, of which we sell a large number.

## Studebaker Wagons

Are made of the best timber that money can buy, and not made of that until it's thoroughly season-dried instead of being hustled through a dry-klin and into a wagon before the sap has ceased to flow, as is the case sometimes with cheap wagons. The hubs are of Black Birch, and never split or check. The spokes are made with the slope shoulder, in place of the square-and you never hear of a broken one. Steel truss inder the axles, extra long steel skeins, ironed enough, and yet not

too much. All sold with a positive guarantee. We are litting out the Eastern men as they come in, with wagons backs and implements. If you-reader, are a new man, call on us. We will treat you right.
